Both Sides Make New Demands

Outlook Bleak For India And Pakistan To End War

NEW DELHI, India (AP) — The outlook for the India-Pakistan cease-fire remained bleak today as both sides made new demands and neither showed any sign of withdrawing from positions seized during their undeclared war.

A spokesman for the Indian Foreign Office said the withdrawal of armed personnel should include an estimated 3,000 guerrillas the Indians claim Pakistan trained, equipped and sent into the Indian sector of Kashmir for subversion and sabotage.

Pakistan has denied the Indian claim, contending that the guerrillas whose operations touched off the war are Kashmiri nationalists fighting for freedom from Indian control.

Indian Prime Minister Lal Bahadur Shastri told newsmen the most urgent task facing the U.N. Security Council "is to ask Pakistan to desist from its declared path of aggression."

Shastri said Pakistan had been threatening in the Security Council to unleash a wide conflagration if its desires were not met. He said India had accepted the cease-fire voted by the council "in complete good faith, unconditionally but not unilaterally."

Shastri said Indian forces were under strict orders not to violate the cease-fire, but he added: "Indian forces are under instructions to defend themselves wherever and whenever attacked by Pakistan."

Pakistani Foreign Minister Z. A. Bhutto, speaking to the U.N. General Assembly in New York, proposed that both Indian and Pakistani forces in Kashmir be replaced by a U.N. peace force as the prelude to a plebiscite to determine the future of the disputed Himalayan state.

Bhutto repeated that Pakistan would consider withdrawing from the United Nations — if the Security Council did not work out a permanent solution of the 18-year-old Kashmir dispute within a reasonable time.

Shastri already has said that India would not agree to a U.N. peace force, and that India is adamantly opposed to a plebiscite in Kashmir. Most of the state's people are Moslems and the Indians assume they would vote for independence from Hindu-dominated India or union with Moslem Pakistan.

U.N. Secretary-General U Thant reported that almost 200 U.N. military observers had arrived or were on their way to serve with the U.N. observer corps charged with enforcing the cease-fire.

Death, Destruction

Rescue Workers Reach Isle Ripped By Volcano

Heavy Toll Feared For Philippines

Taal Reported As Subsided; Officials Order Evacuation

TAGAYTAY, Philippines (AP) — The first rescue workers reached the blackened shores of the Taal volcano today and reported "a wide expanse of death and destruction."

There was no immediate casualty estimate from the first to land on the 12-square-mile island in Lake Taal where the volcano erupted at 2:30 a.m. Tuesday. Officials feared a heavy toll among the island's 2,000 inhabitants and in villages along the lakeshore 5 to 10 miles from the island.

The party on the island reported the 984-foot volcano had subsided to occasional rumbles and belches of smoke. The local military commander ordered the evacuation of all persons from low areas around Lake Taal as a precaution against another eruption and an accompanying tidal wave.

The Red Cross reported 184 bodies recovered on the mainland, 104 of them in the lakeside town of Agoncillo. Many were killed by the great chunks of rock the volcano hurled through the air. Some were enveloped in hot ash and mud and died of burns. The Red Cross said many appeared to have died from fear and shock.

The rescue group on the island reported thigh-deep volcanic mud, with two villages completely submerged in debris. The party said half the island appeared covered with the volcanic mud that rained for eight hours or more after the first eruption.

Survivors who escaped across the lake during the eruption told of a rain of boulders that capsized frail fishing boats in which the island's farm families fled.

Frogmen began a search for bodies in the lake, parts of it 600 feet deep. The once clear waters were murky with volcanic ash.

The Red Cross reported 55,000 persons huddled in evacuation camps or along the roadsides. Most had fled from homes around the lake.

Red Cross Reveals North Viet Policy

Reds Say Captured Pilots To Face War Crime Trial

SAIGON, South Viet Nam (AP)—North Viet Nam says U.S. and Vietnamese pilots captured in North Viet Nam will be tried as war criminals.

The International Red Cross Committee in Geneva disclosed today North Viet Nam informed it of that policy in a letter dated Aug. 31.

The word from Geneva came as Hanoi, in an official Communist publication, hinted that Americans captured in fighting in the future may be executed summarily by the Viet Cong.

On the war front, a U.S. spokesman announced that South Vietnamese forces and U.S. planes beat off an attack Tuesday by one of the largest Viet Cong concentrations in several months, possibly 2,000 guerrillas.

The spokesman reported no further fighting today in the area 45 miles northwest of Qui Nhon and 295 miles northeast of Saigon.

But American advisors in Qui Nhon reported three Viet Cong regiments — normally about 3,000 men — were massing along a 40-miles stretch of strategic Highway 1 north of the coastal city.

The Viet Cong have cut off at least three district towns in the area — Phu Cat, Phu My and Bon Song — blown several bridges and set up roadblocks along the highway, U.S. sources said.

A U.S. source said the Communists "are camped along the roadside" despite heavy U.S. air strikes against them Tuesday.

The government force of two battalions suffered moderate losses and many Viet Cong were believed to have been killed by the U.S. air strikes, the spokesman said, but no body count was made.

The action took place in the area of Phu Cu Pass, where the Viet Cong suffered heavy losses in a battle last week.

Two Communist battalions launched a two-pronged attack Tuesday against the Vietnamese troops from the east and west while two other battalions struck from the southwest.

U.S. intelligence sources have said the Viet Cong have begun a buildup in Binh Dinh Province, in which Qui Nhon is located. Top Vietnamese military officers said earlier in the week they believed that North Vietnamese troops are operating in the province.

Meanwhile, U.S. paratroopers Tuesday night ended the longest operation of the war involving American troops, in the dense D zone brush and jungles near Ben Cat, 30 miles north of Saigon.

Vietnamese, New Zealand and Australian contingents also took part in the two-week sweep, which sought to wrest the initiative from Communist guerrillas in an area they have long dominated.

Storm Seen Losing Power

Debbie Stalls Just Short Of Florida And Alabama

PENSACOLA, Fla. (AP) — Tropical storm Debbie stalled just short of slamming into the plush Gulf Coast of Florida and Alabama today and forecasters said the storm appeared to be losing power.

In a morning advisory, the Weather Bureau said the storm probably would remain stationary about 115 miles south-southwest of Mobile, Ala., for the next 6 to 12 hours while weakening slowly.

"Most warnings will probably be lowered later today," the advisory said.

However, squalls, winds and rains generated by the storm raked hundreds of miles of Florida Panhandle coastline. Wind whipped tides and pounding surf ate into the beaches.

From the mouth of the Mississippi River to Panama City, Fla., hundreds of people on low-lying islands and beaches sandbagged disappearing foundations or else gave up and went inland.

Many of them were still suffering from the pounding of Hurricane Betsy just two weeks ago. In Louisiana's St. Bernard Parish, people who had returned to their wrecked homesites only a day or so ago had to flee to high ground.

But thousands of others — particularly in the Florida Panhandle which has plenty of squally weather — were contemptuous of Debbie's top winds of 35 to 50 miles an hour. They elected to ride it out at the edge of the Gulf of Mexico despite predictions of tides up to six feet.

"Debbie is a fink," said a young man at a "hurricane party" just 30 feet from the beach at Panama City.

Mrs. Ilbert Brayshaw calmly ironed her family wash while Debbie's misty winds whistled through holes left in her living room wall by Hurricane Betsy.

Fresh water to those who decided to remain on Santa Rosa Island, just across the bay from Pensacola, was cut when a 65-foot fishing boat was smashed against the water pipe.

However, about 900 persons had already left for the mainland, and two emergency towers contained plenty of water for those who stayed.

The Weather Bureau said the biggest problem may come Thursday or the day after when Debbie has sloshed inland and dumped up to 10 inches of rain on the flat farm and woodland of Florida, Georgia and Alabama.

Small, narrow-bedded streams were expected to overrun their banks.

The Red Cross activated emergency offices in Mobile, Ala.; Pensacola, Panama City, Tallahasee, Tampa, and Perry, Fla.

But Debbie's poorly organized center remained offshore — and even stalled for a while — for hours Tuesday. All the time, the storm, already weak, was losing strength to a cold front over the mainland. She was not even powerful enough to have an eye.

Early today, Debbie was centered about 115 miles south-southwest of Mobile, Ala., and was drifting northward at 6 to 8 m.p.h.

Rev. Flurkey To Retire

Minister At Cumberland Accepts New Assignment

Reassignment of the Rev. J. Grant Lowe, minister of the First Presbyterian Church at New Cumberland, and the prospective retirement of the Rev. William Flurkey of the Fairview Church at Pughtown were announced Tuesday afternoon at New Cumberland during a meeting of the Wheeling Presbytery of the United Presbyterian Church.

Rev. Lowe accepted a call which was presented him to become pastor of the New Martinsville United Presbyterian Church, effective Friday. He will preach his first sermon in the new pulpit Sunday. The vacancy at New Cumberland will be filled by a pulpit committee elected by the congregation.

Rev. Lowe has served the New Cumberland church since January 1959, when he was graduated from Western Theological Seminary at Pittsburgh. He is a native of Wilmington, Dela.

The Presbytery also approved the resignation of Rev. Flurkey from his service at the Pughtown Church. At one time, he served both the New Cumberland and Pughtown churches. His retirement will become effective Dec. 31. Rev. and Mrs. Flurkey plan to reside at Camp Hill, Pa.

In other assignments a call was extended to the Rev. Elmer Schick of Bellwood, Pa., to become minister of the Cameron and Wolf Run Churches at Cameron and a call was extended to the Rev. William Stein of Plymouth, Pa., to become minister of the Allen Grove Church at Sherrard and the Limestone Church at Moundsville.

Mrs. Patricia Zapka Gracey, a graduate of Pittsburgh Theological Seminary, was examined by the Presbytery as a candidate to become a commissioned church worker in education. She will be commissioned for the work Oct. 24 at 7:30 p.m. at the Warwood United Presbyterian Church.

A special meeting of the Presbytery was set for Nov. 9 at 4 p.m. to discuss and debate "The Proposed Confession of 1976." The meeting will be held at the Bethlehem United Presbyterian Church at Wheeling. It will be open to the public.

The Rev. Robert Sheehan of the Bethlehem Church in Wheeling presided as moderator.

Attending as delegated represented of area churches were: The Rev. Donald Bell and R. M. McFarland, elder, of Westminster Church at Chester; the Rev. C. Donald Vogel and Lee Adams, elder, from the Chester First Church; the Rev. Charles Haddock and Harry Graham, elder, from the Newell Church, and Rev. Flurkey and Paul Wern, elder, from the Fairview Church. Rev. Lowe was the host pastor.

Hills Loss May Pass $7,000, Officers Say

The loss in the Hills Brothers Department Store safe burglary over the weekend may exceed $7,000, investigating officers said today.

Burglars cut a hole in the roof of the Calcutta store to enter the building, then pried open the door of the safe in the manager's office.

Ohio Aviatrix Cracks World Speed Record

COLUMBUS, Ohio (AP) — Jerrie Mock, the Columbus housewife-aviatrix, set an apparent world speed record Tuesday in a flight over a triangular closed 500 kilometer course.

Representatives of the National Aeronautic Association and Federation Aeronautique Internationale of Paris were on hand to check out her flight in a single engine American built Aero Commander 200.

Last year Mrs. Mock became the first woman to solo pilot an airplane around the world. She took off at 8:48 a.m. at Port Columbus and landed there at 10:25 a.m. after completing the course of approximately 205 m.p.h.

The old record for that type of plane piloted by Lubos Stastny on Oct. 8, 1956.

The flight course took her to the Ohio River in the Gallipolis-Bellaire area and back to Columbus.

Action Slated On Stop Signs

Director's Survey To Decide Number

The Council street committee, meeting Tuesday night with Safety-Service Director Robert E. Vodrey, agreed to recommend purchase of enough new stop signs to mark streets which intersect with state routes, particularly Route 39 in its path across the city from east to west.

The director said he will make a survey to determine how many of the signs will be required. He said an off-hand estimate indicates at least 50. The signs cost approximately $3.50 and the standards are about $2. There would be no direct additional cost to the city for erecting the signs, as the labor would be performed by the street department.

Vodrey said many side streets which intersect with Route 39 are unmarked at present, particularly in East End. He said he believes most intersections along Route 30 already are marked.

The city's action was an indirect outgrowth of a case a

New Officer To Start Duties Thursday Night

Dwight Garvey, 409 Grant St., named a patrolman recently by Safety-Service Director Robert E. Vodrey, will begin his police department duties on the midnight shift Thursday, Chief A. J. Radeschi said today.

Garvey will work on the midnight to 8 a.m. turn. The 23-year-old veteran of the armed forces formerly was employed at the Midland Works of the Crucible Steel Co. He is married and the father of three.

Garvey's appointment leaves the department still short one patrolman, the chief commented. The normal manpower complement is 21 patrolmen, three lieutenants, a captain and a chief, for a total of 26.

Can Leave After Oct. 10

Castro To Free Cubans With Relatives In U.S.

HAVANA (AP) — Prime Minister Fidel Castro says any Cubans with relatives in the United States can leave the island after Oct. 10. He also promised to clear up the mystery of Maj. Ernesto Guevara in a few days.

Castro said in a speech Tuesday night he would provide boats to take would-be refugees out of the country and promised: "They will undergo no risk (from us)."

He blamed "the imperialists," his term for the United States, for blocking normal routes for Cubans wishing to leave the country since the October 1962 missile crisis.

"Now they are leaving in small boats, many of them drowning," Castro said, "and they (the Americans) use this as propaganda."

He added: "Now those who want to leave can leave because there are many here remaining who struggle for the people."

Castro repeated that it was not his government that has been preventing the exit of Cubans. "Now we shall see what the imperialists will do or say," he said.

The prime minister said that beginning Oct. 10 any Cuban with relatives in the United States who wanted to leave Cuba for that country could apply to the Interior Ministry.

"Nobody who wants to go need go by stealth," he declared.

He said he would set up port facilities at Camarioca, in Matanzas Province, and ship out those who wanted to leave, "not in our fishing boats but maybe in small luxury craft."

He indicated he expected friends and refugees of the relatives to arrange for them to be picked up a certain distance from Cuba but did not spell this out.

Castro spoke to a mass rally celebrating the fifth anniversary of the Committee for the Defense of the Revolution, his regime's organization of neighborhood spies which includes more than a fourth of the population.

Havana's Revolutionary Plaza was packed for the prime minister's appearance.

Scaling Down Of Minimum Wage Sifted

WASHINGTON (AP) — House Democratic leaders are considering scaling down a proposed minimum wage bill in hopes of getting it passed in the waning days of the current session.

A major part of the plan now being actively worked on calls for reducing from $1.75 an hour to $1.60 the proposed increase in the present $1.25 wage.

Consideration also is being given to cutting back the number of new workers who would be covered by the bill from the 7.9 million approved by the Education and Labor Committee.

The committee bill, which goes far beyond President Johnson's recommendations, has been stalled by parliamentary roadblocks and lack of support from the administration and top House leaders.

The prospect that action on the measure might be put off until next year has been viewed with displeasure by organized labor. Even if the bill should clear the House this session, there is almost no possibility the Senate will act on it before next year.

House Eyes Amendments On D.C. Bill

Referendum Urged To See If Residents Want 'Home Rule'

WASHINGTON (AP) — The District of Columbia home rule bill enters the crucial amendment stage in the House today, with its backers still confident they can put over a bipartisan compromise.

But the pending business of the House is a substitute offered by Rep. B. F. Sisk, D-Calif., calling for a referendum to see if District residents want home rule, and then an election of a board to work out a city charter.

There was a possibility that other amendments would be disposed of too. More than 20 of them were lying on the speaker's table when the House adjourned Tuesday night.

The House completed two days of general debate late Tuesday. Several opponents said it was unfair to label them anti-civil rights or anti-Negro when they opposed home rule on constitutional grounds. Washington is more than 50 per cent Negro.

Under Sisk's plan, the charter board would have seven months to map out the kind of government the city should have, and would have $300,000 to hire experts on municipal government. Then the charter would be submitted to the voters, and finally to Congress.

Rep. Henry S. Reuss, D-Wis., opposed the Sisk proposal on the ground that Washington residents have overwhelmingly approved home rule in previous referenda. The capital now is governed by Congress and a three-man commission appointed by the President.

The compromise bill, which home rule strategists believe will prevail, would give the District self-government next year. It provides for an elected mayor and city council and a nonvoting delegate to the House.

The bill originally conformed closely with the version passed by the Senate.

But Rep. Abraham J. Multer, D-N.Y., said a count of noses in the House showed that this version would not pass. So last week he and others in the bipartisan group made some last-minute drastic changes to attract more support.

Ohio Aviatrix Cracks World Speed Record

COLUMBUS, Ohio (AP) — Jerrie Mock, the Columbus housewife-aviatrix, set an apparent world speed record Tuesday in a flight over a triangular closed 500 kilometer course.

Representatives of the National Aeronautic Association and Federation Aeronautique Internationale of Paris were on hand to check out her flight in a single engine American built Aero Commander 200.

Last year Mrs. Mock became the first woman to solo pilot an airplane around the world. She took off at 8:48 a.m. at Port Columbus and landed there at 10:25 a.m. after completing the course of approximately 205 m.p.h.

The old record for that type of plane piloted by Lubos Stastny on Oct. 8, 1956.

The flight course took her to the Ohio River in the Gallipolis-Bellaire area and back to Columbus.

Action Slated On Stop Signs

Director's Survey To Decide Number

The Council street committee, meeting Tuesday night with Safety-Service Director Robert E. Vodrey, agreed to recommend purchase of enough new stop signs to mark streets which intersect with state routes, particularly Route 39 in its path across the city from east to west.

The director said he will make a survey to determine how many of the signs will be required. He said an off-hand estimate indicates at least 50. The signs cost approximately $3.50 and the standards are about $2. There would be no direct additional cost to the city for erecting the signs, as the labor would be performed by the street department.

Vodrey said many side streets which intersect with Route 39 are unmarked at present, particularly in East End. He said he believes most intersections along Route 30 already are marked.

The city's action was an indirect outgrowth of a case a

New Officer To Start Duties Thursday Night

Dwight Garvey, 409 Grant St., named a patrolman recently by Safety-Service Director Robert E. Vodrey, will begin his police department duties on the midnight shift Thursday, Chief A. J. Radeschi said today.

Garvey will work on the midnight to 8 a.m. turn. The 23-year-old veteran of the armed forces formerly was employed at the Midland Works of the Crucible Steel Co. He is married and the father of three.

Garvey's appointment leaves the department still short one patrolman, the chief commented. The normal manpower complement is 21 patrolmen, three lieutenants, a captain and a chief, for a total of 26.

Can Leave After Oct. 10

Castro To Free Cubans With Relatives In U.S.

HAVANA (AP) — Prime Minister Fidel Castro says any Cubans with relatives in the United States can leave the island after Oct. 10. He also promised to clear up the mystery of Maj. Ernesto Guevara in a few days.

Castro said in a speech Tuesday night he would provide boats to take would-be refugees out of the country and promised: "They will undergo no risk (from us)."

He blamed "the imperialists," his term for the United States, for blocking normal routes for Cubans wishing to leave the country since the October 1962 missile crisis.

"Now they are leaving in small boats, many of them drowning," Castro said, "and they (the Americans) use this as propaganda."

He added: "Now those who want to leave can leave because there are many here remaining who struggle for the people."

Castro repeated that it was not his government that has been preventing the exit of Cubans. "Now we shall see what the imperialists will do or say," he said.

The prime minister said that beginning Oct. 10 any Cuban with relatives in the United States who wanted to leave Cuba for that country could apply to the Interior Ministry.

"Nobody who wants to go need go by stealth," he declared.

He said he would set up port facilities at Camarioca, in Matanzas Province, and ship out those who wanted to leave, "not in our fishing boats but maybe in small luxury craft."

He indicated he expected friends and refugees of the relatives to arrange for them to be picked up a certain distance from Cuba but did not spell this out.

Castro spoke to a mass rally celebrating the fifth anniversary of the Committee for the Defense of the Revolution, his regime's organization of neighborhood spies which includes more than a fourth of the population.

Havana's Revolutionary Plaza was packed for the prime minister's appearance.

Scaling Down Of Minimum Wage Sifted

WASHINGTON (AP) — House Democratic leaders are considering scaling down a proposed minimum wage bill in hopes of getting it passed in the waning days of the current session.

A major part of the plan now being actively worked on calls for reducing from $1.75 an hour to $1.60 the proposed increase in the present $1.25 wage.

Consideration also is being given to cutting back the number of new workers who would be covered by the bill from the 7.9 million approved by the Education and Labor Committee.

The committee bill, which goes far beyond President Johnson's recommendations, has been stalled by parliamentary roadblocks and lack of support from the administration and top House leaders.

The prospect that action on the measure might be put off until next year has been viewed with displeasure by organized labor. Even if the bill should clear the House this session, there is almost no possibility the Senate will act on it before next year.

Couple Avoids $2,000 'Deal' In Business Bureau Warning

An East Liverpool housewife told today how she and her husband made a last-minute check with the Canton Better Business Bureau and avoided signing a contract for placing aluminum siding on their four - room home that would have cost approximately $2,000.

In the "bait-and-switch" technique used by the salesman for the Stark County firm, the couple signed another aluminum siding contract that will cost them $358, but a check with the Chamber of Commerce here and the BBB at Canton persuaded them not to sign for the $2,000 job, the woman said.

—:—

THE CHAMBER here issued a warning last Thursday against "rackets" sometimes used in the sale of aluminum siding and declared the so-called "model home" bait is employed at times.

The local housewife said the Canton salesman used both the "bait - and - switch" and the "model home" argument in his presentation. She said the company probably still is working in the East Liverpool area because the salesman talked of other appointments here.

The approach began when a postcard arrived through the mail offering the couple 10 square feet of aluminum siding for nothing down and $5 a month. It also offered a "free" transistor radio to anyone who talked with a salesman.

The salesman sold the couple on a contract that called for $53 down and a balance of $300 to be met in monthly installments. But when the contract was signed, he began to knock his own product, the usual practice in a "bait - and - switch" scheme.

He said the siding is a cheap grade that must be waxed two or three times a year to prevent the paint from rubbing off. He said the wax costs $14 a gallon. He also said two or three applications of wax are required in each treatment.

Rubbing his hand over a sample, he "showed" how the finish would wipe off if it did not have a coat of wax. He also asserted the siding might be damaged by wind or hail.

—:—

THEN HE attempted to switch the couple to a higher-priced grade of siding that he said is more durable and does not require waxing. He said the down payment on the $358 job could be used on the $2,000 project.

The salesman told the couple their house would serve as a "model home" in additional sales of siding in the area. They would receive a commission on each future sale, he said.

It was then the couple checked with the Chamber here and was referred to the Canton BBB office. As a result, they decided against the $2,000 job, although they cannot abrogate the $358 contract.

"If we had called the BBB first, this never would have happened," the housewife commented. "I'll remember that while I am waxing that siding two or three times a year!"

Couple Avoids $2,000 'Deal' In Business Bureau Warning

An East Liverpool housewife told today how she and her husband made a last-minute check with the Canton Better Business Bureau and avoided signing a contract for placing aluminum siding on their four - room home that would have cost approximately $2,000.

In the "bait-and-switch" technique used by the salesman for the Stark County firm, the couple signed another aluminum siding contract that will cost them $358, but a check with the Chamber of Commerce here and the BBB at Canton persuaded them not to sign for the $2,000 job, the woman said.

—:—

THE CHAMBER here issued a warning last Thursday against "rackets" sometimes used in the sale of aluminum siding and declared the so-called "model home" bait is employed at times.

The local housewife said the Canton salesman used both the "bait - and - switch" and the "model home" argument in his presentation. She said the company probably still is working in the East Liverpool area because the salesman talked of other appointments here.

The approach began when a postcard arrived through the mail offering the couple 10 square feet of aluminum siding for nothing down and $5 a month. It also offered a "free" transistor radio to anyone who talked with a salesman.

The salesman sold the couple on a contract that called for $53 down and a balance of $300 to be met in monthly installments. But when the contract was signed, he began to knock his own product, the usual practice in a "bait - and - switch" scheme.

He said the siding is a cheap grade that must be waxed two or three times a year to prevent the paint from rubbing off. He said the wax costs $14 a gallon. He also said two or three applications of wax are required in each treatment.

Rubbing his hand over a sample, he "showed" how the finish would wipe off if it did not have a coat of wax. He also asserted the siding might be damaged by wind or hail.

—:—

THEN HE attempted to switch the couple to a higher-priced grade of siding that he said is more durable and does not require waxing. He said the down payment on the $358 job could be used on the $2,000 project.

The salesman told the couple their house would serve as a "model home" in additional sales of siding in the area. They would receive a commission on each future sale, he said.

It was then the couple checked with the Chamber here and was referred to the Canton BBB office. As a result, they decided against the $2,000 job, although they cannot abrogate the $358 contract.

"If we had called the BBB first, this never would have happened," the housewife commented. "I'll remember that while I am waxing that siding two or three times a year!"

Kosygin Has The Right Idea

The new plan for the Soviet Union unfolded by Premier Alexei N. Kosygin confirms the deepest and oldest impression made by Marxist attempts to organize a modern Russian state.

Russia is moving ever farther away from Marxism, which was doomed to failure from the beginning.

Granted that need for reorganization was acute and granted that the czars had reached the end of the line, skeptics insisted from the outset that Marxism could not be applied successfully to post-revolutionary Russia or any other nation.

They pointed out what had been standard knowledge in economics courses for years—that the theory of communism never had been translated into practice anywhere on earth, except in a few isolated experiments in the United States, all unsuccessful.

Their early impression of the experiment in postwar Russia was one of predoomed failure, a belief soon to be shared by the experimenters themselves.

They made no secret of the fact Marxism could not be put into practice successfully in Russia, though for political reasons they kept shouting that everything was coming along fine and Russia was showing the world what communism could do.

IN THE MEANTIME, the experimenters were improvising a form of state capitalism, maintained against opposition and adversity by the most ruthless police state of the 20th century.

Russia was never Marxist. Its workers had nothing to say about its government. They had nothing to say about their own lot. They were dictated to; they had no control over their own lives.

Whatever economic success has been attained in Russia has been due to state capitalism, not communism. But because Russia's dictators dared not admit they were not Marxists lest they lose their tenuous hold on the international Communist movement, they couldn't go the full route toward state capitalism.

They could make only tentative moves because they were under the critical scrutiny of doctrinaire Communists, principally the Chinese.

If Russian Marxists deviated too openly, their Chinese comrades would drum them out of the movement. Or the Albanians. Or maybe their American brothers, who already had gone through one shattering moment of truth when Joe Stalin made a cynical pact with his fellow dictator and associated state capitalist, Adolf Hitler.

THIS IS THE way it has been with so-called Communist Russia, living a lie for potitical reasons while floundering in a bog of economic inconsistencies.

This is how Nikita Khrushchev spread-eagled himself into being a non-person; he kept talking out of both sides of his mouth until his political associates had to get him out of sight and sound.

Whoever is heading up the Russian improvisation at the moment is in the same dilemma—how to keep up the pretense of being a doctrinaire Marxist while hunting for ways to give Russian production the incentive that Marxism lacks.

Poor Kosygin. . . .

Every move the Soviet hierarchy makes carries it further from Marxism and closer to incentive capitalism.

Premier Kosygin has the right idea when he talks about giving Russians something more attractive to work for than the glory and the power of the state.

The idea works. It's the only idea that's workable.

Marxism never has worked, never can work. It runs contrary to human nature, something every Russian politician knows but cannot admit lest he shatter the image of post-revolutionary Russia as the first Marxist state.

In historic perspective, post-revolutionary Russia may very well mark the dissolution of the Marxist fantasy.

Red Cross Works!

The spirit of sacrifice and open-heartedness which the word "volunteer" means was recognized by the Area Red Cross this week with some special tributes.

Mrs. Mary Irwin, who spent countless hours in the Red Cross youth programs, and Mrs. Neil Shope, who has been kept busy over the years as a staff aide, received certificates from national headquarters for "outstanding service."

Mrs. Sarah Ostermann, longtime leader in the organization, and James A. Reaney, valuable administrative adviser, were elected as honorary members of the board of directors.

These four represent the vital leadership given to this international organization which enables it to serve so capably so many people in need.

Proof of the effectiveness of Red Cross is shown by the end result of just one of its program — first aid. With knowledge of mouth-to-mouth resuscitation, William Grier of Township Line Rd. was able to help save the life of Bruce McBee, 14-year-old Glenmoor boy who almost drowned in a lake.

All six of these people are testimonial to the truth that Red Cross really works.

Still Worth Considering

Again the United Nations Security Council is confronted with the dilemma that circumstances have built into its existence.

How can an organization made helpless by its own members enforce a decision against them, or any other nation?

India and Pakistan either cannot or will not order their mountain troops to cease firing and thereby honor the truce the United Nations hoped it had obtained from the two countries.

The United Nations has no means and probably no will to enforce the terms of the truce if the belligerents deliberately break it.

The only thing that keeps the truce in Korea from disintegrating is the fact the United States wants to honor it and has enough troops on hand to make it dangerous for North Korea to break it.

In a remote action like the friction between India and Pakistan, there can be no restraint other than that of the governments involved — and they have little more than theoretical control over distant forces under command of militarists with no reason for existing, except the eventuality of war.

It is still worth considering that the most persuasive argument against war between India and Pakistan might be a joint agreement by other major powers to let them fight to their heart's content, making sure no one could come to the rescue of either.

That was standard practice in frontier days on the American continent. Belligerents fought it out, subject to the rule that it was to be to the death and no one would be permitted to interfere.

The certainty of death cooled off the fighting ardor of many would-be bullies. The no-interference proviso chilled the belligerency of many a would-be righter of wrongs. In general, the formula kept wars from spreading by confining them to the people who started them.

Works Both Ways

By Truman Twill

Football builds character, they say.

They used to say it at the end of a losing season.

Today, whatever character is built on the gridiron is hammered out on another anvil of adversity — success. The All-American is put through the Oblivion Test.

A player makes a name for himself carrying the ball and catching passes. He breaks the old school's record for scoring.

So he keeps getting stronger in the head and one memorable day he is tapped for pigskin's highest destiny — a contract to play professionally.

Then what happens?

A hard-bitten coaching staff takes a dour look at the golden boy and tells him he is going to be assigned to Bench 13 in the Galley Slave Department, where he will spend what remains of his productive years tugging on an oar.

They relegate him to the hard rock division of the defensive team, with the glum prospect of getting his name in the paper only if he makes a fool of himself, or is carried off the field in two pieces.

He learns that his previous success in the game must have been the result of a low grade of competition because now that he has been signed to a contract to do professionally what he formerly did semi-professionally his prospects of rising above assistant equipment manager are dim.

There also is the possibility the ball may bounce the other way and Humpty- Dumpty may be traded to someone who will see in him, the former galley slave and rock buster, the potentialities of a superstar.

This can happen in football, too, and is one of the brightest things about the sport.

It proves that coaches cut the cloth to fit the coat. If they need linebackers, they convert ball carriers to get them. If they need blockers, they get them where they can find them — All-American ball carriers, if necessary.

But they also make famous ball carriers out of former hewers of wood and drawers of water. They make stars of spear carriers and immortals of common clay.

When this happens, the Milquetoasts of the world rejoice.

They, too, may get a break one day and be converted into corporation presidents, peerless leaders and Very Important Persons.

They can't play football, but maybe they can ride a bicycle to the North Pole. Or walk backward to Panama City.

The Census Bureau may discover they're the all-American something or other, or that they live in the center of something significant.

Good luck may smile on them and hot-shot reporters will ask them what they think about politics and foreign policy.

People will want their autographs.

It all depends on which way the ball bounces, just like football. Famous people are made, not born.

Odd Facts

The expression "sowing his wild oats", descriptive of a person who is committing youthful folly, originated in England where "sowing wild oats" actually meant sowing seeds that did not make a profitable crop. Soon the phrase was used to apply to a person who wasted the days of his youth.

A Feeling Of Being Followed

Johnson Keeps Balance At Briefing

By Victor Riesel

From the looks of the White House stag dinner invitation lists, the President is determined to have the team personally brief the thousands of policy-making labor leaders, businessmen, clergymen and educators across the land.

Victor Riesel

This is developing into the most massive tete - a - tete in history. The team — Lyndon Johnson, Robert McNamara and Dean Rusk — is doing heroically. At 11:30 p.m. Thursday, Sept. 16, they had talked confidentially — almost eyeball to eyeball — to 3,000 selected dinner guests.

That night was no different from the other special-briefing nights in the East Room and then the State Dining Room. There were the six or eight labor leaders, 60 businessmen, 12 clergymen and 15 educators.

The President's sense of balance is perfect. There's no tilt to the right or left. At his table last Thursday were the Ladies' Garment Workers' peppery leader, Dave Dubinsky, and the laconic Irishman who leads American labor, George Meany. Things being what they are inside labor, Mr. Johnson's instinctive protocolism put Walter Reuther at Vice President Humphrey's table.

HOWEVER, Reuther never got the chance to feel declassed. The next morning he was asked in to see Mr. Johnson because the auto union chief, it was said officially, happened to be in town and the President wanted to talk to him about "a number of things, including the economy and the world situation."

Reuther had not gotten a chance to get up and speak at the previous night's dinner. None of the labor leaders had drawn a "Speaker" card, restricted one to a table. So the evening had belonged, by accident, to the businessmen, the clergymen and the intellectuals.

It was not a good evening for the Arthur Schlesinger Jr. set. Hero of the night was Secretary Rusk. So lucid, so frank, so heartfelt was he, that for the first time at these stags the guests, labor men and business leaders alike, cheered for fully five minutes.

So impressed by the briefing was one labor leader, he made his way to the President and suggested he put the show on the road — at least on the TV screens — just as it is.

NO PRESIDENT ever has so mixed his crowd. In the past at one session there have been the Liberal party's Alex Rose, a top strategist who forged the John Lindsay for Mayor fusion ticket, and Jim Farley, New York campaign chairman for Lindsay's rival, Abe Beame.

There have been such Rockefeller Republicans as Lee Minton, leader of the AFL-CIO Glass Bottle Blowers, and those of a more conservative bent such as Crawford Greenwalt, chairman of the board of the DuPont Corp.

One of the banquet steadies now is I. W. Abel, leader of the United Steelworkers. The men of corporate steel also are there.

It's all balanced by Mr. Johnson personally. He needs but one swift briefing from his staff — and he has everything fall right into place.

Balance is the thing. This is what most impressed the guests — labor and management, all creeds, Socialist and Capitalist, Democrat and Social Democrat. So long as they are opinion makers and leaders.

THIS SENSE of balance is what impressed the antagonists in the steel crisis. When the President talked to them personally, he reeled off statistics on wages, increases in pay, increases in pensions, benefits, comparisons in productivity, increases in profits, taxes paid and increases in prices — not only during this last year but right back into the '50s.

With a grin, one of the men of steel said the other day, the President failed in only one effort. The steel contract will expire during Mr. Johnson's election year and not Mr. Abel's. The contract runs for three years and is up in '68. Abel's four year term is up in '69. But, said one of the negotiators, "Don't think the President did not muse aloud on that one."

Thus it goes at the stag dinners — always balance among the men being briefed on Viet Nam and other world explosives.

This is just the beginning. There are many dinners ahead.

Down Through The Years

From The Review Files

THIRTY YEARS AGO—President Roosevelt approved a WPA allocation of $14,332 to aid in the construction of a two - story dormitory at the Columbiana County Home near Lisbon.

The Review prepared to furnish "blackboard and telephone bulletin service" for district sport fans as the World Series between the Detroit Tigers and the Chicago Cubs drew near.

TWENTY YEARS AGO—Police here began strict enforcement of the juvenile curfew law, with three boys ranging in age from 12 to 15 being taken into custody when found roaming the streets at 2 a.m.

A blazing tractor - trailer truck ran wild on Lisbon St., plunged over a 50-foot embankment and came to a stop against a utility pole on W. 8th St. after spraying gasoline that ignited the sides of two adjacent houses.

TEN YEARS AGO — More than 200 women from 20 churches in Columbiana County attended the fall meeting of the Steubenville District WSCS at the Wellsville First Methodist Church.

Dictatorial Power

By David Lawrence

Executive Order Provides New Job Controls

Theoretically, the Department of Labor was established to give voice in the cabinet to the viewpoint of labor, while the Department of Commerce was created to safeguard the interests of business management.

David Lawrence

The latest executive order of President Johnson, however, makes the secretary of labor virtually a dictator, with discretionary power over conditions of employment in America. Although the secretary now is being authorized to administer severe punishment to companies, such as the cancellation of government contracts, no comparable penalties are mentioned with respect to labor unions which refuse to accept the dictation of the government.

The new powers entrusted to the secretary of labor are spelled out in the executive order, which gives him the right to adopt such rules and regulations "as he deems necessary and appropriate" to make sure that in all government contracts — involving perhaps as much as $75 billion a year — he alone is to decide whether the practices in employment are satisfactory.

The executive order says that the contractor must agree to "take affirmative action to insure that applicants are employed, and that employes are treated during employment, without regard to their race, creed, color, or national origin," and that such action shall include "employment, upgrading, demotion, transfer; recruitment; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeships."

THE SECRETARY of labor was further authorized to advise the contractor that he cannot obtain government orders or contracts unless he permits "access to his books, records, and accounts" to determine whether he is complying with the rules and regulations.

In dealing with labor unions, it's the contractor or subcontractor upon whom the primary responsibility is placed. He must find some way to compel the union to do his bidding, which is, of course, wholly impractical, in view of the power of labor unions to strike. There is no mention made as to how the labor unions are to be disciplined if they fail to cooperate in making the desired agreement.

It's the employer who is required to contact the union and obtain agreement that its practices and policies will not discriminate on the grounds of race, creed, color or national origin. In the event that the union refuses to execute such a statement or pledge, there is no provision as to what the secretary of labor can do to make it conform.

The secretary of labor is merely directed to "use his best efforts" to cause any labor union engaged in work under government contracts "to cooperate, he may lose the contract just the same. If, of course, an agreement is signed and the labor union violates it, the Department of Justice can bring action.

THE FAR-REACHING nature of the new executive order is illustrated by the language of one section which states that each executive department of the government can require as a condition for approval of "any grant, contract, loan, insurance or guarantee thereunder, which may involve a construction contract," that the applicant for federal assistance shall agree to assume the obligation to obtain the compliance of contractors and subcontractors and "to carry out sanctions and penalties" for violation of obligations imposed on contractors and subcontractors.

This means that all state, city and county agencies, as well as private businesses, must conform to what the secretary of labor sets forth to be their obligations in the field of nondiscrimination.

It involves penetration into every kind of promotion or compensation or employment practice, and certainly touches on a field hitherto dominated by labor unions — namely, the right to establish priorities and seniority in the getting of jobs.

It's doubtful whether any cabinet officer has ever been granted any such sweeping powers of administration over the business affairs of the country, and, oddly enough, the secretary of commerce — who is supposed to be the voice of business in the cabinet — has virtually nothing to say about it.

GOP Needs New Ideas

By James Marlow

WASHINGTON

Republicans have been told by one of themselves that they need new ideas.

Gov. John H. Reed of Maine told a group of Republicans here "we have been suffering for a number of years with idea gaps to cope with the problems of the modern world."

House Republicans, less than productive with new ideas, are hoping task forces they created will come up with some to be used in the 1966 congressional campaigns.

But one of them, asked what the party stands for now, said "family unity." Another said "fiscal responsibility." This sounded like an echo of former President Dwight D. Eisenhower.

He recently said Republicans should take their stand on fiscal responsibility, frugality and integrity.

Meanwhile, the Democrats, under President Johnson's leadership, are rolling through Congress programs that have something for the poor, Negroes, children in school — and through them their parents, old people, and, through excise tax cuts, something for everybody.

In the 1964 elections the Republicans wound up in the Senate with only 32 seats to the Democrats 68 and in the House with only 140 to the Democrats' 295.

While the Senate Republicans, under the leadership of Sen. Everett M. Dirksen, have been rather quiet on Johnson, House Republicans under the leadership of Gerald R. Ford Jr. of Michigan and Melvin R. Laird of Wisconsin have been his constant critics.

They're still searching for issues to use to try to make the Republican party more attractive to voters.

"Successful Republicans," Reed said, "must be able to convince the voter that our policies are superior. . . that they can provide the better life and the integrity that is a vital part of this environment.

"We cannot solve tomorrow's problems with yesterday's thinking."

House Republicans revealed their thinking this year on some of the major pieces of legislation which were passed by the House where Democrats, outnumbering Republicans more than two to one, could shove bills through.

This is how House Republicans voted on some of that major legislation:

On the medical care bill for people 65 and older: 70 Republicans for, 69 against; on the $1.1-billion Appalachia aid bill: 25 Republicans for, 109 against.

On the $1.3-billion school aid bill: 36 Republicans for, 96 Republicans against; on the $7.8-billion housing bill, with rent subsidies for low-income families: 26 Republicans for, 110 against.

On the $1.9-billion antipoverty bill: 24 Republicans for, 110 against. On the civil rights measure of 1965 — the voting rights bill — the House Republicans were more affirmative, voting 111 for, only 20 against.

At this point in their history Republicans would probably be hard put to say — if anyone of them tried to speak for all — what their philosophy is since they are beset with splinter groups.

Ray C. Bliss, the GOP national chairman, earlier this year expressed grave worry about the effect of these splinters on the party. Later he invited them to come in under the Republican tent.

"Once they are formed," he said, "I am going to try to find a way to work with them."

There are perhaps 15 different groups which might fit — or want to fit — under the Republican tent although, as one newspaper said, Republicans have splinters to the right of them and splinters to the left of them.

Kosygin Has The Right Idea

The new plan for the Soviet Union unfolded by Premier Alexei N. Kosygin confirms the deepest and oldest impression made by Marxist attempts to organize a modern Russian state.

Russia is moving ever farther away from Marxism, which was doomed to failure from the beginning.

Granted that need for reorganization was acute and granted that the czars had reached the end of the line, skeptics insisted from the outset that Marxism could not be applied successfully to post-revolutionary Russia or any other nation.

They pointed out what had been standard knowledge in economics courses for years—that the theory of communism never had been translated into practice anywhere on earth, except in a few isolated experiments in the United States, all unsuccessful.

Their early impression of the experiment in postwar Russia was one of predoomed failure, a belief soon to be shared by the experimenters themselves.

They made no secret of the fact Marxism could not be put into practice successfully in Russia, though for political reasons they kept shouting that everything was coming along fine and Russia was showing the world what communism could do.

IN THE MEANTIME, the experimenters were improvising a form of state capitalism, maintained against opposition and adversity by the most ruthless police state of the 20th century.

Russia was never Marxist. Its workers had nothing to say about its government. They had nothing to say about their own lot. They were dictated to; they had no control over their own lives.

Whatever economic success has been attained in Russia has been due to state capitalism, not communism. But because Russia's dictators dared not admit they were not Marxists lest they lose their tenuous hold on the international Communist movement, they couldn't go the full route toward state capitalism.

They could make only tentative moves because they were under the critical scrutiny of doctrinaire Communists, principally the Chinese.

If Russian Marxists deviated too openly, their Chinese comrades would drum them out of the movement. Or the Albanians. Or maybe their American brothers, who already had gone through one shattering moment of truth when Joe Stalin made a cynical pact with his fellow dictator and associated state capitalist, Adolf Hitler.

THIS IS THE way it has been with so-called Communist Russia, living a lie for potitical reasons while floundering in a bog of economic inconsistencies.

This is how Nikita Khrushchev spread-eagled himself into being a non-person; he kept talking out of both sides of his mouth until his political associates had to get him out of sight and sound.

Whoever is heading up the Russian improvisation at the moment is in the same dilemma—how to keep up the pretense of being a doctrinaire Marxist while hunting for ways to give Russian production the incentive that Marxism lacks.

Poor Kosygin. . . .

Every move the Soviet hierarchy makes carries it further from Marxism and closer to incentive capitalism.

Premier Kosygin has the right idea when he talks about giving Russians something more attractive to work for than the glory and the power of the state.

The idea works. It's the only idea that's workable.

Marxism never has worked, never can work. It runs contrary to human nature, something every Russian politician knows but cannot admit lest he shatter the image of post-revolutionary Russia as the first Marxist state.

In historic perspective, post-revolutionary Russia may very well mark the dissolution of the Marxist fantasy.

Red Cross Works!

The spirit of sacrifice and open-heartedness which the word "volunteer" means was recognized by the Area Red Cross this week with some special tributes.

Mrs. Mary Irwin, who spent countless hours in the Red Cross youth programs, and Mrs. Neil Shope, who has been kept busy over the years as a staff aide, received certificates from national headquarters for "outstanding service."

Mrs. Sarah Ostermann, longtime leader in the organization, and James A. Reaney, valuable administrative adviser, were elected as honorary members of the board of directors.

These four represent the vital leadership given to this international organization which enables it to serve so capably so many people in need.

Proof of the effectiveness of Red Cross is shown by the end result of just one of its program — first aid. With knowledge of mouth-to-mouth resuscitation, William Grier of Township Line Rd. was able to help save the life of Bruce McBee, 14-year-old Glenmoor boy who almost drowned in a lake.

All six of these people are testimonial to the truth that Red Cross really works.

Still Worth Considering

Again the United Nations Security Council is confronted with the dilemma that circumstances have built into its existence.

How can an organization made helpless by its own members enforce a decision against them, or any other nation?

India and Pakistan either cannot or will not order their mountain troops to cease firing and thereby honor the truce the United Nations hoped it had obtained from the two countries.

The United Nations has no means and probably no will to enforce the terms of the truce if the belligerents deliberately break it.

The only thing that keeps the truce in Korea from disintegrating is the fact the United States wants to honor it and has enough troops on hand to make it dangerous for North Korea to break it.

In a remote action like the friction between India and Pakistan, there can be no restraint other than that of the governments involved — and they have little more than theoretical control over distant forces under command of militarists with no reason for existing, except the eventuality of war.

It is still worth considering that the most persuasive argument against war between India and Pakistan might be a joint agreement by other major powers to let them fight to their heart's content, making sure no one could come to the rescue of either.

That was standard practice in frontier days on the American continent. Belligerents fought it out, subject to the rule that it was to be to the death and no one would be permitted to interfere.

The certainty of death cooled off the fighting ardor of many would-be bullies. The no-interference proviso chilled the belligerency of many a would-be righter of wrongs. In general, the formula kept wars from spreading by confining them to the people who started them.

Works Both Ways

By Truman Twill

Football builds character, they say.

They used to say it at the end of a losing season.

Today, whatever character is built on the gridiron is hammered out on another anvil of adversity — success. The All-American is put through the Oblivion Test.

A player makes a name for himself carrying the ball and catching passes. He breaks the old school's record for scoring.

So he keeps getting stronger in the head and one memorable day he is tapped for pigskin's highest destiny — a contract to play professionally.

Then what happens?

A hard-bitten coaching staff takes a dour look at the golden boy and tells him he is going to be assigned to Bench 13 in the Galley Slave Department, where he will spend what remains of his productive years tugging on an oar.

They relegate him to the hard rock division of the defensive team, with the glum prospect of getting his name in the paper only if he makes a fool of himself, or is carried off the field in two pieces.

He learns that his previous success in the game must have been the result of a low grade of competition because now that he has been signed to a contract to do professionally what he formerly did semi-professionally his prospects of rising above assistant equipment manager are dim.

There also is the possibility the ball may bounce the other way and Humpty-Dumpty may be traded to someone who will see in him, the former galley slave and rock buster, the potentialities of a superstar.

This can happen in football, too, and is one of the brightest things about the sport.

It proves that coaches cut the cloth to fit the coat. If they need linebackers, they convert ball carriers to get them. If they need blockers, they get them where they can find them — All-American ball carriers, if necessary.

But they also make famous ball carriers out of former hewers of wood and drawers of water. They make stars of spear carriers and immortals of common clay.

When this happens, the Milquetoasts of the world rejoice.

They, too, may get a break one day and be converted into corporation presidents, peerless leaders and Very Important Persons.

They can't play football, but maybe they can ride a bicycle to the North Pole. Or walk backward to Panama City.

The Census Bureau may discover they're the all-American something or other, or that they live in the center of something significant.

Good luck may smile on them and hot-shot reporters will ask them what they think about politics and foreign policy.

People will want their autographs.

It all depends on which way the ball bounces, just like football. Famous people are made, not born.

A Feeling Of Being Followed

Johnson Keeps Balance At Briefing

By Victor Riesel

From the looks of the White House stag dinner invitation lists, the President is determined to have the team personally brief the thousands of policy-making labor leaders, businessmen, clergymen and educators across the land.

Victor Riesel

This is developing into the most massive tete - a - tete in history. The team — Lyndon Johnson, Robert McNamara and Dean Rusk — is doing heroically. At 11:30 p.m. Thursday, Sept. 16, they had talked confidentially — almost eyeball to eyeball — to 3,000 selected dinner guests.

That night was no different from the other special-briefing nights in the East Room and then the State Dining Room. There were the six or eight labor leaders, 60 businessmen, 12 clergymen and 15 educators.

The President's sense of balance is perfect. There's no tilt to the right or left. At his table last Thursday were the Ladies' Garment Workers' peppery leader, Dave Dubinsky, and the laconic Irishman who leads American labor, George Meany. Things being what they are inside labor, Mr. Johnson's instinctive protocolism put Walter Reuther at Vice President Humphrey's table.

HOWEVER, Reuther never got the chance to feel declassed. The next morning he was asked in to see Mr. Johnson because the auto union chief, it was said officially, happened to be in town and the President wanted to talk to him about "a number of things, including the economy and the world situation."

Reuther had not gotten a chance to get up and speak at the previous night's dinner. None of the labor leaders had drawn a "Speaker" card, restricted one to a table. So the evening had belonged, by accident, to the businessmen, the clergymen and the intellectuals.

It was not a good evening for the Arthur Schlesinger Jr. set. Hero of the night was Secretary Rusk. So lucid, so frank, so heartfelt was he, that for the first time at these stags the guests, labor men and business leaders alike, cheered for fully five minutes.

So impressed by the briefing was one labor leader, he made his way to the President and suggested he put the show on the road — at least on the TV screens — just as it is.

NO PRESIDENT ever has so mixed his crowd. In the past at one session there have been the Liberal party's Alex Rose, a top strategist who forged the John Lindsay for Mayor fusion ticket, and Jim Farley, New York campaign chairman for Lindsay's rival, Abe Beame.

There have been such Rockefeller Republicans as Lee Minton, leader of the AFL-CIO Glass Bottle Blowers, and those of a more conservative bent such as Crawford Greenwalt, chairman of the board of the DuPont Corp.

One of the banquet steadies now is I. W. Abel, leader of the United Steelworkers. The men of corporate steel also are there.

It's all balanced by Mr. Johnson personally. He needs but one swift briefing from his staff — and he has everything fall right into place.

Balance is the thing. This is what most impressed the guests — labor and management, all creeds, Socialist and Capitalist, Democrat and Social Democrat. So long as they are opinion makers and leaders.

THIS SENSE of balance is what impressed the antagonists in the steel crisis. When the President talked to them personally, he reeled off statistics on wages, increases in pay, increases in pensions, benefits, comparisons in productivity, increases in profits, taxes paid and increases in prices — not only during this last year but right back into the '50s.

With a grin, one of the men of steel said the other day, the President failed in only one effort. The steel contract will expire during Mr. Johnson's election year and not Mr. Abel's. The contract runs for three years and is up in '68. Abel's four year term is up in '69. But, said one of the negotiators, "Don't think the President did not muse aloud on that one."

Thus it goes at the stag dinners — always balance among the men being briefed on Viet Nam and other world explosives.

This is just the beginning. There are many dinners ahead.

Down Through The Years

Dictatorial Power

By David Lawrence

Executive Order Provides New Job Controls

Theoretically, the Department of Labor was established to give voice in the cabinet to the viewpoint of labor, while the Department of Commerce was created to safeguard the interests of business management.

David Lawrence

The latest executive order of President Johnson, however, makes the secretary of labor virtually a dictator, with discretionary power over conditions of employment in America. Although the secretary now is being authorized to administer severe punishment to companies, such as the cancellation of government contracts, no comparable penalties are mentioned with respect to labor unions which refuse to accept the dictation of the government.

The new powers entrusted to the secretary of labor are spelled out in the executive order, which gives him the right to adopt such rules and regulations "as he deems necessary and appropriate" to make sure that in all government contracts — involving perhaps as much as $75 billion a year — he alone is to decide whether the practices in employment are satisfactory.

The executive order says that the contractor must agree to "take affirmative action to insure that applicants are employed, and that employes are treated during employment, without regard to their race, creed, color, or national origin," and that such action shall include "employment, upgrading, demotion, transfer; recruitment; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeships."

THE SECRETARY of labor was further authorized to advise the contractor that he cannot obtain government orders or contracts unless he permits "access to his books, records, and accounts" to determine whether he is complying with the rules and regulations.

In dealing with labor unions, it's the contractor or subcontractor upon whom the primary responsibility is placed. He must find some way to compel the union to do his bidding, which is, of course, wholly impractical, in view of the power of labor unions to strike. There is no mention made as to how the labor unions are to be disciplined if they fail to cooperate in making the desired agreement.

It's the employer who is required to contact the union and obtain agreement that its practices and policies will not discriminate on the grounds of race, creed, color or national origin. In the event that the union refuses to execute such a statement or pledge, there is no provision as to what the secretary of labor can do to make it conform.

The secretary of labor is merely directed to "use his best efforts" to cause any labor union engaged in work under government contracts "to cooperate, he may lose the contract just the same. If, of course, an agreement is signed and the labor union violates it, the Department of Justice can bring action.

THE FAR-REACHING nature of the new executive order is illustrated by the language of one section which states that each executive department of the government can require as a condition for approval of "any grant, contract, loan, insurance or guarantee thereunder, which may involve a construction contract," that the applicant for federal assistance shall agree to assume the obligation to obtain the compliance of contractors and subcontractors and "to carry out sanctions and penalties" for violation of obligations imposed on contractors and subcontractors.

This means that all state, city and county agencies, as well as private businesses, must conform to what the secretary of labor sets forth to be their obligations in the field of nondiscrimination.

It involves penetration into every kind of promotion or compensation or employment practice, and certainly touches on a field hitherto dominated by labor unions — namely, the right to establish priorities and seniority in the getting of jobs.

It's doubtful whether any cabinet officer has ever been granted any such sweeping powers of administration over the business affairs of the country, and, oddly enough, the secretary of commerce — who is supposed to be the voice of business in the cabinet — has virtually nothing to say about it.

GOP Needs New Ideas

By James Marlow

WASHINGTON

Republicans have been told by one of themselves that they need new ideas.

Gov. John H. Reed of Maine told a group of Republicans here "we have been suffering for a number of years with idea gaps to cope with the problems of the modern world."

House Republicans, less than productive with new ideas, are hoping task forces they created will come up with some to be used in the 1966 congressional campaigns.

But one of them, asked what the party stands for now, said "family unity." Another said "fiscal responsibility." This sounded like an echo of former President Dwight D. Eisenhower.

He recently said Republicans should take their stand on fiscal responsibility, frugality and integrity.

Meanwhile, the Democrats, under President Johnson's leadership, are rolling through Congress programs that have something for the poor, Negroes, children in school — and through them their parents, old people, and, through excise tax cuts, something for everybody.

In the 1964 elections the Republicans wound up in the Senate with only 32 seats to the Democrats 68 and in the House with only 140 to the Democrats' 295.

While the Senate Republicans, under the leadership of Sen. Everett M. Dirksen, have been rather quiet on Johnson, House Republicans under the leadership of Gerald R. Ford Jr. of Michigan and Melvin R. Laird of Wisconsin have been his constant critics.

They're still searching for issues to use to try to make the Republican party more attractive to voters.

"Successful Republicans," Reed said, "must be able to convince the voter that our policies are superior. . . that they can provide the better life and the integrity that is a vital part of this environment.

"We cannot solve tomorrow's problems with yesterday's thinking."

House Republicans revealed their thinking this year on some of the major pieces of legislation which were passed by the House where Democrats, outnumbering Republicans more than two to one, could shove bills through.

This is how House Republicans voted on some of that major legislation:

On the medical care bill for people 65 and older: 70 Republicans for, 69 against; on the $1.1-billion Appalachia aid bill: 25 Republicans for, 109 against.

On the $1.3-billion school aid bill: 36 Republicans for, 96 Republicans against; on the $7.8-billion housing bill, with rent subsidies for low-income families: 26 Republicans for, 110 against.

On the $1.9-billion antipoverty bill: 24 Republicans for, 110 against. On the civil rights measure of 1965 — the voting rights bill — the House Republicans were more affirmative, voting 111 for, only 20 against.

At this point in their history Republicans would probably be hard put to say — if anyone of them tried to speak for all — what their philosophy is since they are beset with splinter groups.

"Once they are formed," he said, "I am going to try to find a way to work with them."

There are perhaps 15 different groups which might fit — or want to fit — under the Republican tent although, as one newspaper said, Republicans have splinters to the right of them and splinters to the left of them.

Hancock And Brooke Grange To Mark 25th Anniversary

The Northern Panhandle Pomona Grange in Hancock and Brooke counties will observe its 25th anniversary by holding a series of activities.

Friday, the organization will hold an open meeting and coverdish lunch at the Buffalo Grange Hall in Bethany.

Saturday, a banquet will be served at the Presbyterian Church in Follansbee. Special guests will include the master of the West Virginia state grange and his wife, Mr. and Mrs. Edgar Hall, and Mr. and Mrs. John T. Johnson. Johnson is a former commissioner of agriculture in West Virginia, a past master of the West Virginia state grange, and held the office of gatekeeper in the national grange.

Sunday, the group will attend services at the Christian Church in Pughtown.

The Northern Panhandle Pomona is comprised of five subordinate granges: Fairview Grange in Pughtown, Jefferson Grange in Weirton, Goodwill Grange in Follansbee, Franklin Grange in Wellsburg and Buffalo Grange in Bethany.

Mrs. Marian Pyle of the Buffalo Grange is currently the master of the Pomona Grange.

Driver Unhurt When His Car Strikes Posts

Hancock County sheriff's deputies reported today that James Paul Keyes, 19, of 454 1st Ave., East Liverpool, lost control of his 1953 auto Tuesday night on Route 30 near Taylor's bend, the vehicle leaving the road, turning over and knocking over four guardrail posts.

Keyes was uninjured, although his eastbound car was described as a total loss. The investigating deputies cited the motorist for driving while intoxicated.

The accident was timed at 9:46.

The sheriff's office also reported it is seeking the driver of a 1957 auto found abandoned near Taylor's bend this morning after the vehicle had struck a guardrail post. The front of the car was damaged, the deputies said.

Highway Crews Build Stockpiles To Control Snow

While construction work continues in warm autumn days, State Highway Department crews also are building stockpiles of salt to control winter ice and snow, Earl Nelson, head of the Division 11 office, said today in New Philadelphia.

Tons of salt are stockpiled at more than 200 locations throughout the state ready to be spread on highways when winter hits.

Nelson said the state used approximately 280,000 tons of salt last winter at an approximate cost of $3.3 million.

If the coming winter is as severe as the last, approximately 360,000 tons may be needed for the 1965-66 season, he pointed out.

Salt trucks can be loaded and ready to go within the hour. The trucks carry an average of eight tons — enough salt to melt ice on 10 miles of highway — and are equipped to spread the salt over two lanes at one time.

JOIN THE DODGE REBELLION

Why wait, when your year is here? The year to snap tired old ties, to break old buying habits. The year to really express yourself . . . with the '66 swingers from Dodge. Different, exciting cars for people with different, exciting tastes. Rally 'round Dodge for '66. Dart, Coronet, Polara, Monaco . . . cars made to help you kick the dull driving habit. There are lots of Dodges for you to hang your personal rebellion on. Every one backed by a 5-year or 50,000-mile warranty.* Every one with these features that used to cost extra but now come standard: Outside mirror. Padded dash. Variable-speed electric windshield wipers and washers. Backup lights. Turn signals. Seat belts, two front and two rear. And lots more with Dodge . . . the beautiful Rebellion on wheels. Stir up your spirit and march to headquarters.

Stamp out cramped compacts; get with man-sized Dart.

'66 Dodge Dart Still talking about squeezed-up compacts, when you'd rather do something about them? Put your money where Dart is! Unexpectedly big inside, long outside. Six or V8 power. Rise up with Dart! Be expansive without being expensive.

'66 Dodge Coronet Here comes Coronet . . . sharp, smart, sassy, the greatest thing from Dodge since Year One. Loaded with luxury the higher-priced cars haven't caught onto yet. With a choice of five engines, designed to make the walls of Dullsville come tumbling down. Get away from look-alike, first-cousin cars with Coronet.

Dullsville falls, Coronet rises in '66.

'66 Dodge Polara Snap, crackle, pop, go the ties that bind. You're up and out of the rut with Polara. More "big." More "hot." A lot of standard extras (like a 383 cubic inch V8) at no extra cost. See it now. And if you're carrying a big torch for a car that'll really move you, bring the torch along.

Demand more "big" in your big car; insist on Dodge-sized Polara.

DODGE DIVISION CHRYSLER MOTORS CORPORATION

*HERE'S HOW DODGE'S 5-YEAR, 50,000-MILE ENGINE AND DRIVE TRAIN WARRANTY PROTECTS YOU: Chrysler Corporation confidently warrants all of the following vital parts of its 1966 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings.

REQUIRED MAINTENANCE: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

Mrs. Marian Pyle of the Buffalo Grange is currently the master of the Pomona Grange.

Highway Crews Build Stockpiles To Control Snow

While construction work continues in warm autumn days, State Highway Department crews also are building stockpiles of salt to control winter ice and snow, Earl Nelson, head of the Division 11 office, said today in New Philadelphia.

Tons of salt are stockpiled at more than 200 locations throughout the state ready to be spread on highways when winter hits.

Nelson said the state used approximately 280,000 tons of salt last winter at an approximate cost of $3.3 million.

If the coming winter is as severe as the last, approximately 360,000 tons may be needed for the 1965-66 season, he pointed out.

Salt trucks can be loaded and ready to go within the hour. The trucks carry an average of eight tons — enough salt to melt ice on 10 miles of highway — and are equipped to spread the salt over two lanes at one time.

Cleveland Boy Admits Burglarizing Churches

CLEVELAND (AP) — An 18-year - old youth has admitted burglarizing four Cleveland churches Monday night and 15 other churches in the last year, police said.

A screwdriver sticking out of the youth's hip pocket attracted attention of police Tuesday. Police said the youth used the screwdriver to pry open windows, poor boxes, cabinets and desks.

Driver Unhurt When His Car Strikes Posts

Hancock County sheriff's deputies reported today that James Paul Keyes, 19, of 454 1st Ave., East Liverpool, lost control of his 1953 auto Tuesday night on Route 30 near Taylor's bend, the vehicle leaving the road, turning over and knocking over four guardrail posts.

Keyes was uninjured, although his eastbound car was described as a total loss. The investigating deputies cited the motorist for driving while intoxicated.

The accident was timed at 9:46.

The sheriff's office also reported it is seeking the driver of a 1957 auto found abandoned near Taylor's bend this morning after the vehicle had struck a guardrail post. The front of the car was damaged, the deputies said.

Will Visit Europe

Starkey To Join In Trade Mission

GORDON STARKEY
Will Leave On Oct. 31.

Gordon E. Starkey, president of the Potters Bank & Trust Co., will be among 29 Ohio business and industrial leaders who will serve on Ohio's first trade mission to Europe in November.

Starkey, who resides on Henry Ave., will leave by plane Oct. 31 on the three-week trip.

He and three other Ohio bankers were selected because of the role the financial firms play "in encouraging and sustaining business development in their areas."

Relations with industries and businesses with exportable lines also were considered.

The group will be divided into small teams to meet direct counterparts in such centers as London, Birmingham, Dusseldorf, Rotterdam, Milan and Madrid in order to obtain information on financing, insuring, shipping and collection procedures.

Gov. James Rhodes explained, "In other words, we intend to create sales of Ohio products."

Starkey, a onetime national bank examiner, came to East Liverpool from Cleveland. He is a member of the Rotary Club and active in various banking organizations.

He is married and has a son, Spec. 4 John Starkey, now stationed in Arizona and slated for duty in Viet Nam shortly, and a daughter, Mrs. Sarah Gilliland of Annapolis, Md.

With History Of Killing Civilians

Red Soldiers Told U.S. Army 25th 'Mercenaries'

WASHINGTON (AP) — Russian soldiers are being told that the U.S. Army's 25th Infantry Division is a pack of "obedient mercenaries" with a history of killing civilians and running away in battle.

The "Tropic Lightning" Division catches a full load of Soviet invective in a kind of "know your enemy" treatment in the Soviet army publication Red Star.

It isn't clear why the Russians chose the 25th Division for this treatment at this time, since the unit which is based in Hawaii has not faced Soviet troops in Europe or elsewhere and has been only marginally involved in the Viet Nam war.

There may be a clue, however, in the Red Star's recitation of the history of the division whose 27th Infantry Regiment was part of an expedition which landed in Siberia after the Russian revolution.

"Terrible atrocities were committed by the American interventionists in our land," the Red Star said.

The article, whose translation became available at the Pentagon, was billed as the start of a series on American divisions which Red Star said "are destined for realizing the aggressive plans against Socialist countries."

"The 25th Infantry Division occupies a special place in the role of building the American Army," Red Star said.

"The Pentagon does not hide that fact that it is destined for quick movement to those regions where expansion of the dollar dashes against the resistance of the people."

"Under the guise of usual training," Red Star said, the division repeatedly has been sent to different areas in the Pacific theater.

The Soviet army publication said soldiers of the 25th "committed outrages in Korea, threw their weight around in Japan and in Thailand."

In the Korean war, Red Star said, the division's fighting score totaled up to "dozens of burned villages and cities, thousands of murdered women, children and old people."

The division didn't win any laurels in battle, the Soviet army publication said, but "its soldiers many times saved themselves from full defeat by running."

Probation Given In Fatal Scuffle

LISBON — A Columbiana resident involved last January in a fatal fight was placed on three years probation Tuesday by Judge Joel Sharp in Common Pleas Court.

He is Richard Hubbard, 26, who was found guilty of manslaughter by a jury March 11 in the death of William Cline, 34, also of Columbiana. Cline died of a cerebral hemorrhage on Jan. 12 after a fight Jan. 9.

Hubbard, on April 8, withdrew a motion for a new trial and requested probation.

City Will Get Bids On Ashing Truck

The Board of Control, comprised of Mayor George E. Willshaw and Safety - Service Director Robert E. Vodrey, will open bids at City Hall at noon Monday, Oct. 18, on purchase of a new hopper-body truck to be used for winter ash spreading by the street department.

Council authorized the purchase at its meeting Sept. 20, also providing $8,000 to cover the estimated cost.

The purchase will include a truck cab and chassis with the hopper body and a conventional dump body that will replace it during the summer. The city has been using a similar piece of equipment for approximately 12 years, but it has been declared worn beyond economical repair.

An "endless chain" arrangement at the bottom of the hopper distributes ashes and salt on snowy streets.

Wellsville Eastern Stars Entertain Leetonia Group

Officers and members of the Leetonia chapter were guests of Wellsville Chapter 417, Order of Eastern Star, at "Friendship Night" Monday during the regular meeting in the Masonic Temple.

The visiting worthy matron and patron were Evelyn Reese and Merle Reese. The past grand matron, Doris Preston of Leesville, and other worthy matrons and worthy patrons from Carrollton, Columbiana and Minerva also attended.

A discussion on "Light," which is the worthy matron's theme for the year, was given by past matrons of the Wellsville chapter, during which they presented two new lamps for the secretary and treasurer's desks to the chapter.

The anniversary of the initiation into the Order of Eastern Star of one of the members, Mrs. Verna Hammond was recognized. She was initiated in September 1915 in Montana, later moving to Ohio and becoming a member of the Wellsville chapter. Mrs. Hammond was sent a golden chrysanthemum corsage.

During business, plans were discussed for holding a bazaar at Fran's gift shop on Main St. Oct. 15 and 16 from 10 to 5 each day. Such items as baked goods, candy, aprons, needlework, stationery, cards, novelties and candles will be on display.

Decorations were carried out in the "Bluebird of Happiness" theme in both the chapter and dining rooms. Each visiting officer was presented a gift which had a bluebird perched on top. Blue net and bluebird favors were used on the table.

The program included selections by a boys' trio of Pat Mason, David Bush and Eric Bush; a reading by Julie Richards, and a hat show by officers of the host chapter. A "Friendship Train" addenda was used to take the guests to the dining room.

Lunch was served by Mrs. Marguerite Wilson, chairman, Mrs. Frances Holcomb, Mrs. Jean Tipton, Mrs. Virginia Lewis and Mrs. Jane McMillan.

The annual business meeting will be held Oct. 7 at 7:30 p.m. when all committee reports will be heard and officers will be elected.

The Grand Chapter session will be Oct. 25-28 at Cleveland. A bus is being reserved by the chapter for Oct. 28. Reservations may be made with Mrs. Wilson.

Wellsville Eastern Stars Entertain Leetonia Group

Officers and members of the Leetonia chapter were guests of Wellsville Chapter 417, Order of Eastern Star, at "Friendship Night" Monday during the regular meeting in the Masonic Temple.

The visiting worthy matron and patron were Evelyn Reese and Merle Reese. The past grand matron, Doris Preston of Leesville, and other worthy matrons and worthy patrons from Carrollton, Columbiana and Minerva also attended.

A discussion on "Light," which is the worthy matron's theme for the year, was given by past matrons of the Wellsville chapter, during which they presented two new lamps for the secretary and treasurer's desks to the chapter.

The anniversary of the initiation into the Order of Eastern Star of one of the members, Mrs. Verna Hammond was recognized. She was initiated in September 1915 in Montana, later moving to Ohio and becoming a member of the Wellsville chapter. Mrs. Hammond was sent a golden chrysanthemum corsage.

During business, plans were discussed for holding a bazaar at Fran's gift shop on Main St. Oct. 15 and 16 from 10 to 5 each day. Such items as baked goods, candy, aprons, needlework, stationery, cards, novelties and candles will be on display.

Decorations were carried out in the "Bluebird of Happiness" theme in both the chapter and dining rooms. Each visiting officer was presented a gift which had a bluebird perched on top. Blue net and bluebird favors were used on the table.

The program included selections by a boys' trio of Pat Mason, David Bush and Eric Bush; a reading by Julie Richards, and a hat show by officers of the host chapter. A "Friendship Train" addenda was used to take the guests to the dining room.

Lunch was served by Mrs. Marguerite Wilson, chairman, Mrs. Frances Holcomb, Mrs. Jean Tipton, Mrs. Virginia Lewis and Mrs. Jane McMillan.

The annual business meeting will be held Oct. 7 at 7:30 p.m. when all committee reports will be heard and officers will be elected.

The Grand Chapter session will be Oct. 25-28 at Cleveland. A bus is being reserved by the chapter for Oct. 28. Reservations may be made with Mrs. Wilson.

Resides With Donald Sanors

Farmer From India Adds County Methods To Study

LISBON — A farmer from India has been using Columbiana County as a base for his continuing study in American agricultural methods as contrasted with those of his home land.

He is Mahavir Manishanker Joshi, who is residing with the Donald Sanor family of Salem R. D. 1. Mahavir is from the village of Dhanori in Gujarat, India.

On his 70-acre farm in his native land, he specializes in mangoes, with tomatoes, pineapples and chikhu — a fruit famous in Bombay — as sidelines. Chikhu is somewhat like the American peach, Mahavir said, only it is oblong and is dark brown.

—:—

MAHAVIR left Bombay May 1 by jet for Washington, D.C., where he met with other Indian students under the International Farm Youth Exchange program. He is under special sponsorship of the International Minerals and Chemical Corp. of Skokie, Ill., in addition to being sponsored by the U. S. Department of State and the Ministry of Food and Agriculture of India.

He has viewed farming methods in Texas, Arkansas, Louisiana and Kansas. In Ohio, he has visited Georgetown in Brown County and Lancaster in Fairfield County. Saturday, he is scheduled to leave for Tiffin, where he expects to view livestock.

The 26-year-old farmer has three sisters and one brother. His brother is principal of a Bombay high school, while one of his sisters is a county farm agent. One of the other two sisters is married and lives in New Delhi. The other is vice principal of a school.

TAKING TIME OUT for a laugh from the more serious business of farming are Mahavir Manishanker Joshi and Robert Lewis, county agent in 4-H work.

—:—

MAHAVIR IS an easy person with whom to talk — his English being fluent and easily understood. He studied the language during four years of high school, four years of college and one year of civil service study.

He is a graduate of Sardar Batel University, where he majored in agriculture. The institution is named after India's first home minister, who took office in 1947.

"All of my experiences here have been good ones. I haven't encountered any unpleasantness anywhere," Mahavir said in recalling the last five months.

Delegation To Attend Camp Fire Workshop

Youngstown Man Put On Probation

LISBON — A Youngstown man was placed on five years probation Tuesday by Judge Joel H. Sharp in Common Pleas Court on a six - year - old burglary charge.

The defendant, Arthur Clinkscale, 25, was charged with the 1959 burglary of the Alexander TV store in Salem. Although indicted by the September 1959 grand jury, he was unable to be arraigned because he was in custody of Mahoning County officials.

Assistant Prosecuting Atty. James D. Primm Jr., recently investigating pending cases, revived Clinkscale's case. On April 12, the defendant pleaded guilty to the charge and requested probation.

City Hall Fete Honors Retiring 'Meter Maid'

"Meter Maid" Ruth Fetty, who will retire effective Thursday, was honored at a City Hall party today at noon by municipal officials and employes.

Mrs. Fetty has been a member of the city's force of woman parking meter attendants since the jobs were established in 1947. Most of that time, she has been in charge of the record office at City Hall where ticketed motorists pay penalties.

Ice cream and cake were served at the party in Mayor George Willshaw's office and Mrs. Fetty was given a farewell gift. She submitted her resignation because she is expecting a child and also because she and her husband contemplate moving outside the city limits.

It was announced that orders for calendars should be turned in by the next meeting Oct. 11, at which time a program on United States defenses will be presented by Joe Wells Jr.

New membership applications also will be accepted.

City Residents Donate $1,000 For MD Drive

An additional $595 has been collected in the Muscular Dystrophy Drive in East Liverpool, Harry Martin, president of the Columbiana County MD Chapter, reported today.

The money collected Monday and Tuesday in house-to-house solicitations brings the city's contribution to a total of $1,000, with three more areas still to be checked. The Sunday canvass netted $405.

A goal of $8,000 has been set for the whole county in the drive for funds to aid research and patient service projects.

Kansas City is the second largest grain-milling center in the U.S.

Fines Levied In Area Court

LISBON —A Lisbon woman was fined $30 Tuesday in Southwest Area County Court on a charge of failure to stop when approaching a stopped school bus.

The defendant, Mabel Stuckey, 56, of 227 N. Beaver St., pleaded guilty before Judge J. L. MacDonald. The judge suspended $15 of her fine.

Robert H. Pierson, 42, of Canfield was fined $20 on a charge of failing to heed a stop sign.

Frank D. Lindesmith, 28, of Salineville was fined $15 on a charge of operating a motor vehicle left of center.

Robert T. Young, 21, of Lisbon R.D. 2 was fined $10 on a charge of operating a motor vehicle without a valid operator's license. The court record showed that Young had allowed his license to expire.

Two motorists forfeited appearance bonds on traffic charges. They were Carl O. Pyers, 39, of Kilbuck, charged with crossing a yellow line to pass traffic, $20, and James Ehrlinspiel, 20, of Alliance, charged with speeding, $15.

Rep. Ayers Asks Probe On Hiring For Postal Work

AKRON, Ohio (AP) — Rep. William H. Ayres, R-Ohio, has asked for an investigation into the method used to hire 31 Akron youths to fill summer post office positions.

Ayres said Tuesday that the employment program was to held poverty - stricken young people. He said Postmaster General Lawerence F. O'Brien should determine "whether or not they were poor, needy and deserving."

The congressman started action after the Arron branch of the National Association for the advancement of Colored People wrote him and charged that the 31 jobs did not go to those most in need.

"Some were hired directly was a list submitted by the Summit County Democratic Committee," the NAACP said.

The charge has been denied by County Democratic Chairman E. E. Leonard and postmaster William Duke.

Farmer From India Adds County Methods To Study

LISBON — A farmer from India has been using Columbiana County as a base for his continuing study in American agricultural methods as contrasted with those of his home land.

He is Mahavir Manishanker Joshi, who is residing with the Donald Sanor family of Salem R. D. 1. Mahavir is from the village of Dhanori in Gujarat, India.

On his 70-acre farm in his native land, he specializes in mangoes, with tomatoes, pineapples and chikhu — a fruit famous in Bombay — as sidelines. Chikhu is somewhat like the American peach, Mahavir said, only it is oblong and is dark brown.

—:—

MAHAVIR left Bombay May 1 by jet for Washington, D.C., where he met with other Indian students under the International Farm Youth Exchange program. He is under special sponsorship of the International Minerals and Chemical Corp. of Skokie, Ill., in addition to being sponsored by the U. S. Department of State and the Ministry of Food and Agriculture of India.

He has viewed farming methods in Texas, Arkansas, Louisiana and Kansas. In Ohio, he has visited Georgetown in Brown County and Lancaster in Fairfield County. Saturday, he is scheduled to leave for Tiffin, where he expects to view livestock.

The 26-year-old farmer has three sisters and one brother. His brother is principal of a Bombay high school, while one of his sisters is a county farm agent. One of the other two sisters is married and lives in New Delhi. The other is vice principal of a school.

TAKING TIME OUT for a laugh from the more serious business of farming are Mahavir Manishanker Joshi and Robert Lewis, county agent in 4-H work.

—:—

MAHAVIR IS an easy person with whom to talk — his English being fluent and easily understood. He studied the language during four years of high school, four years of college and one year of civil service study.

He is a graduate of Sardar Batel University, where he majored in agriculture. The institution is named after India's first home minister, who took office in 1947.

"All of my experiences here have been good ones. I haven't encountered any unpleasantness anywhere," Mahavir said in recalling the last five months.

Youngstown Man Put On Probation

LISBON — A Youngstown man was placed on five years probation Tuesday by Judge Joel H. Sharp in Common Pleas Court on a six - year - old burglary charge.

The defendant, Arthur Clinkscale, 25, was charged with the 1959 burglary of the Alexander TV store in Salem. Although indicted by the September 1959 grand jury, he was unable to be arraigned because he was in custody of Mahoning County officials.

Assistant Prosecuting Atty. James D. Primm Jr., recently investigating pending cases, revived Clinkscale's case. On April 12, the defendant pleaded guilty to the charge and requested probation.

City Hall Fete Honors Retiring 'Meter Maid'

"Meter Maid" Ruth Fetty, who will retire effective Thursday, was honored at a City Hall party today at noon by municipal officials and employes.

Mrs. Fetty has been a member of the city's force of woman parking meter attendants since the jobs were established in 1947. Most of that time, she has been in charge of the record office at City Hall where ticketed motorists pay penalties.

Ice cream and cake were served at the party in Mayor George Willshaw's office and Mrs. Fetty was given a farewell gift. She submitted her resignation because she is expecting a child and also because she and her husband contemplate moving outside the city limits.

It was announced that orders for calendars should be turned in by the next meeting Oct. 11, at which time a program on United States defenses will be presented by Joe Wells Jr.

New membership applications also will be accepted.

City Residents Donate $1,000 For MD Drive

An additional $595 has been collected in the Muscular Dystrophy Drive in East Liverpool, Harry Martin, president of the Columbiana County MD Chapter, reported today.

The money collected Monday and Tuesday in house-to-house solicitations brings the city's contribution to a total of $1,000, with three more areas still to be checked. The Sunday canvass netted $405.

A goal of $8,000 has been set for the whole county in the drive for funds to aid research and patient service projects.

Kansas City is the second largest grain-milling center in the U.S.

Fines Levied In Area Court

LISBON —A Lisbon woman was fined $30 Tuesday in Southwest Area County Court on a charge of failure to stop when approaching a stopped school bus.

The defendant, Mabel Stuckey, 56, of 227 N. Beaver St., pleaded guilty before Judge J. L. MacDonald. The judge suspended $15 of her fine.

Robert H. Pierson, 42, of Canfield was fined $20 on a charge of failing to heed a stop sign.

West German Engineers Pay Visit

Ten refractories engineers and technical directors from West Germany visited the H. K. Porter Co. McLain Works in Wellsville Monday. They are shown during a pause in the tour with plant officials.

The group is under the sponsorship of Dr. Ing K. Konopicky of Bonn, Germany, and is visiting several refractories plants and steel mills in the area.

At Wellsville, they were taken through the completely-mechanized underground clay mine. Following lunch at the Travelers Hotel, they visited the Buckeye ladle brick plant, H. K. Porter's largest in this area.

The engineers will spend a few days in the Pittsburgh area before continuing their tour of the eastern U.S.

They will attend the Refractories Division meeting of the American Ceramic Society at Bedford Springs Oct. 8-9.

Hosting the Wellsville tour were R. M. Wright of Porter's Pittsburgh office, L. E. Mason, chief engineer of the McLain Works, and David Brookman, Buckeye plant superintendent.

Stop Signs

(Continued from Page 1)

a week ago in Juvenile Court at Lisbon in which a 17-year-old Coraopolis driver was charged with failure to yield the right-of-way in a collision at E. 5th and College Sts.

Police alleged that the youth, driving on College St., collided with another car which was traveling on E. 5th St. Juvenile Judge Louis Tobin agreed with the defense contention that the youth was not guilty because a stop sign should have been in place at the intersection. E. 5th St. is part of State Route 39. He sent copies of the journal entry to Vodrey and Police Chief A. J. Radeschi.

Section 464 of the City Code designates all state routes as through streets. Streets used regularly by franchised buses also are through streets, it provides.

Vodrey said the last of the city's supply of stop signs was used recently in marking intersections along St. Clair Ave. All except four of the St. Clair intersections now are marked, he said.

He said the way must be cleared to provide money for the purchase before the new signs can be erected.

James Cunningham, chairman, and Donald E. Smith of the Council street committee conferred with the director on the question and said they will recommend the action to Council.

Rehabilitation Programs Stressed During Banquet

Rehabilitation work was stressed by the Rev. Victor Onorato, superintendent of the City Mission in Dayton, during the eighth annual banquet of the Community Rescue Mission Tuesday night at the First Methodist Church. Approximately 150 attended.

Rev. Onorato discussed the rehabilitation work done by the Dayton mission and how its program has been increased 700 per cent during his tenure.

Local churches and residents were urged to support the program of the local mission.

William C. Rea was master of ceremonies. The welcome was given by Edwin Wine, chairman of the Board of Trustees. Also speaking briefly were Supt. Carl Mansfield and Delmas Sanford and Norman Nicely, trustees.

Don F. Smith, treasurer, reported a balance of $24.59 as of Sept. 1. The balance on hand on Sept. 1, 1964, was $174.48 and contributions of $12,133 were received during the year for total receipts of $12,307.48.

Disbursements totaled $12,282.89, including repayment of a $6,000 mortgage loan.

Mansfield's annual report showed 2,412 beds furnished, 7,639 meals provided with chapel attendance of 3,000 and Bible Club attendance totaling 1,148.

A hundred families were aided in various ways, 129 visitations were made and Mansfield and his wife handled 33 speaking engagements.

Mrs. Martha Carpenter of the Chester Church of the Nazarene provided special music. The invocation was given by the Rev. Allen Conway, host pastor, and the benediction was offered by the Rev. John Stilts of the Orchard Grove Methodist Church.

Rusk, Soviet Foreign Chief Set For Talk

UNITED NATIONS, N.Y. (AP) — Secretary of State Dean Rusk will sample Soviet Foreign Minister Andrei A. Gromyko's diplomatic portfolio tonight to see whether it contains any proposals worth following up for a U.S.-Soviet agreement.

Prospects of a major breakthrough seem poor — and one reason is Red China, uninvited to the dinner meeting in Rusk's Waldorf Astoria suite but looming large behind relations between Washington and Moscow.

Money's Stolen, Office Wrecked At Knox School

LISBON — Knox School, near North Georgetown, was the scene of burglary and vandalism some time between 10 p.m. Tuesday and 6 a.m. today.

The burglars broke a piece out of a window in the teachers' lounge and, after gaining entrance, took approximately $4 in change from a soft-drink vending machine in the lounge.

The principal's office was ransacked, although nothing was reported taken. The school custodian, Robert Chapman, reported the case to the Columbiana County sheriff's office at 7:30 this morning.

Mrs. Florence Calcott

Mrs. Florence Caldwell Calcott, 86, widow of Dr. Reid Calcott Sr., died at her home at 956 Bank St. Tuesday at 8:45 p. m. after a long illness.

Mrs. Calcott was born Dec. 20, 1878, a daughter of James Caldwell and Amanda Caldwell of Philadelphia. She had resided in East Liverpool most of her life. Mrs. Calcott was a member of the Trinity United Presbyterian Church. Her husband died June 12, 1944.

Survivors include four daughters, Miss Winifred Calcott at home, Mrs. Clarence (Florence) M. Scott of East Liverpool, Mrs. R. Leslie (Dorothy) McMath of Vandergrift, Pa., and Mrs. Francis M. (Frances) Alexander of Bellefonte, Pa.; two sons, John L. Calcott of Pasco, Wash., and Dr. Walter L. Calcott of Alexandria, La., and 16 grandchildren and 5 great-grandchildren.

Services will be held Friday at 10:30 a. m. at the East Liverpool Arner Home for Funerals by the Rev. M. Rudolph Miller. Burial will be in Riverview Cemetery.

Friends may call at the funeral home Thursday night. The family requests tributes be in the form of a donation to a favorite charity.

Mrs. Rose A. Burgy

Services will be held Thursday for Mrs. Rose Alice Burgy of Bellaire, sister of Mrs. Myrtle Hill of Salineville, who died Monday at Bellaire City Hospital. She was 74.

A native of Armstrongs Mills, Mrs. Burgy also leaves her husband, Clarence Burgy; four sons, a daughter, two other sisters, 16 grandchildren and 24 great-grandchildren.

The services will be at 1 p. m. at the Walter C. Bauknecht and son Funeral Home at Bellaire, with the Rev. Paul Hearing officiating. Burial will be in Greenwood Cemetery at Bellaire.

Friends may call at the funeral home.

Arthur Trantor

Arthur Trantor, 72, of 406 Summit Ln. was dead on arrival at City Hospital at 1:20 a.m. today after suffering an apparent heart attack at home.

City firemen were called at 12:42 a.m., to take the resuscitator to Mr. Tranter's home to administer oxygen.

A retired decorator with the Taylor, Smith & Taylor Co., Mr. Trantor was born in Longton, England, a son of the late John and Elizabeth Trantor. He had resided in East Liverpool 65 years and was a member of the IBOP, St. Stephen's Episcopal Church and the VFW Dad's Club.

Survivors include his widow, Mrs. Elsie Barth Trantor, at home; two daughters, Mrs. Helen Betteridge of Birmingham, Mich., and Mrs. Winifred Forbes of Wellsville; a son, William Trantor of East Liverpool; a sister, Mrs. Elizabeth Gullege of East Liverpool, and two grandchildren.

West German Engineers Pay Visit

Ten refractories engineers and technical directors from West Germany visited the H. K. Porter Co. McLain Works in Wellsville Monday. They are shown during a pause in the tour with plant officials.

The group is under the sponsorship of Dr. Ing K. Konopicky of Bonn, Germany, and is visiting several refractories plants and steel mills in the area.

At Wellsville, they were taken through the completely-mechanized underground clay mine. Following lunch at the Travelers Hotel, they visited the Buckeye ladle brick plant, H. K. Porter's largest in this area.

The engineers will spend a few days in the Pittsburgh area before continuing their tour of the eastern U.S.

They will attend the Refractories Division meeting of the American Ceramic Society at Bedford Springs Oct. 8-9.

Hosting the Wellsville tour were R. M. Wright of Porter's Pittsburgh office, L. E. Mason, chief engineer of the McLain Works, and David Brookman, Buckeye plant superintendent.

Stop Signs

(Continued from Page 1)

a week ago in Juvenile Court at Lisbon in which a 17-year-old Coraopolis driver was charged with failure to yield the right-of-way in a collision at E. 5th and College Sts.

Police alleged that the youth, driving on College St., collided with another car which was traveling on E. 5th St. Juvenile Judge Louis Tobin agreed with the defense contention that the youth was not guilty because a stop sign should have been in place at the intersection. E. 5th St. is part of State Route 39. He sent copies of the journal entry to Vodrey and Police Chief A. J. Radeschi.

Section 464 of the City Code designates all state routes as through streets. Streets used regularly by franchised buses also are through streets, it provides.

Vodrey said the last of the city's supply of stop signs was used recently in marking intersections along St. Clair Ave. All except four of the St. Clair intersections now are marked, he said.

He said the way must be cleared to provide money for the purchase before the new signs can be erected.

12-Inning Victory Puts Dodgers One Up In NL Race

By MURRAY CHASS
Associated Press Sports Writer

Lou Johnson has been battered with baseballs from in front and from behind. Once in a while, though, he does some battering of his own.

One of those times of retaliation was Tuesday night when Johnson lined a 12th-inning home run that gave the Los Angeles Dodgers their 11th straight victory, a 2-1 decision over Cincinnati, and a one-game lead in the furious National League pennant race.

The Dodgers had been tied with San Francisco, but St. Louis trounced the Giants 9-1, sending them one game back with their fifth loss in seven games. Third-place Cincinnati fell five back and virtually out of the race. The three teams each have five games remaining.

The Dodgers grabbed the top spot all by themselves for the first time in three weeks when Johnson connected off Joey Jay with one out in the 12th. The homer was his 12th of the season but still left that total three behind his record for being hit by pitches.

That's happened a league-leading 15 times this year, which is just about normal for the 32-year-old outfielder who spent 12 years with 15 minor league teams and three major league teams before he got a break with the Dodgers this season.

He got the break because of a break in Tommy Davis' ankle early in May. But no sooner had he been called up from Spokane than Johnson found himself hit in the head by a pitch from Houston's Bob Bruce. That pitch punctured Johnson's batting helmet and put him in the hospital for three days.

Then, in June, New York's Al Jackson put him out of action for 13 days by hitting him on the thumb.

In other NL games, New York edged Pittsburgh 1-0 in 12 innings, Milwaukee whipped Houston 7-1 and Chicago nipped Philadelphia 2-1.

Los Angeles broke a scoreless deadlock in the seventh when Jeff Torborg singled, and pinch runner Nate Oliver stole second and came home as Maury Wills singled. But the Reds tied it in the eighth on a walk to Tommy Harper, a sacrifice and Vada Pinson's double.

St. Louis' Larry Jaster scattered 10 hits in only his second major league start, shutting out the Giants until Willie Mays hit his 51st homer in the eighth. Jaster also singled across two runs while Bill White lashed four hits, driving in three runs.

Potters Prep For Central; Oak Glen Busy Friday At Triadelphia

The lion's share of games this weekend will fall on Saturday night as two district teams go out to continue victory streaks while others attempt to bounce back to the winning side after suffering harsh upsets.

Six games are spread pretty thin Friday night while seven contests, involving teams in the immediate area, are on tap Saturday.

—:—

THE KEY game on Friday's card finds the upset kids of Oak Glen visiting Tridelphia. The contest will have direct bearing on Oak Glen's chances in Ohio Valley Athletic Conference race.

Coach Bob Starkey's eleven who mastered the science of defense in turning in a major upset over East Liverpool last week, will take a 3-1 record against Triadelphia. The game will be played at Wheeling Stadium.

Stanton Local, one of the two undefeated teams left in the district, goes after its fourth straight against visiting Wayne Friday evening. Elmer Tice and Doug Hamilton have been carrying the touchdown mail for coach Howard Gilger's eleven.

—:—

STANTON also has parlayed a stiff defense into three victories by giving up only one touchdown in three contests.

Two Tri-County contests Friday list East Palestine at Leetonia where something has to give since both teams are winless and Columbiana will have its work cut out when the winless Clippers visit Minerva.

South Side will attempt to get back on the win trail at Sharpsburg and West Branch plays at Salem in a neighborhood rivalry.

On Saturday, Coach Bob McNea will attempt to revive the Potters who meet Steubenville Central at Patterson Field.

—:—

CENTRAL is coming off a 34-6 loss to the powerful Pittsburgh Westinghouse eleven. The single wing taught by coach Pete Dimperio proved too much for the Crusaders to handle as they dropped their second game in three outings.

Midland, shaken from its roots by a 33-0 lacing at the hands of Beaver last week, may face another tough task Saturday afternoon when the Leopards meet undefeated Burgettstown. Kick off at Burgettstown is set for 2 p. m.

—:—

TWO important Buckeye Border Conference battles are on Saturday's agenda. Wellsville visits Southern Local seeking its first Buckeye Border victory after losing to Toronto last week.

The other contest finds Beaver Local entertaining Jefferson Union. The Beavers, after losing their opener to East Liverpool, have rolled past Leetonia and Springfield Local in easy fashion.

Beaver Local shares the Buckeye Conference lead with Toronto both showing 1-0 marks.

—:—

UNITED, the other undefeated team in district football will meet Springfield Local of Mahoning County. The Eagles have turned in three sharp performances, thus far in rolling past Leetonia, Sebring and East Canton.

One Tri-County game Saturday afternoon finds Lisbon, still seeking its first victory, visiting Poland.

Crestview, which gained the victory column for the first time last week will visit North Lima to round out the weekend activity.

Oak Glen-Triadelphia Game At Wheeling

Oak Glen's game with Triadelphia Friday will be played at Wheeling Island Stadium with kickoff at 8 p. m.

Wake Forest Floor Coach Resigns Post

WINSTON-SALEM, N.C. (AP) — Colorful Horace (Bones) McKinney, tall, lanky head basketball coach at Wake Forest College for the last eight years, is resigning because of ill health.

Jack Murdock, McKinney's assistant and a former Wake Forest backcourt star, will be named acting coach.

McKinney, confined to Baptist Hospital with a cold, announced his resignation Tuesday in a letter to Dr. Harold Tribble, Wake Forest president. Athletic Director Dr. Gene Hooks announced Murdock's appointment.

A spokesman said the entire basketball program at Wake Forest will be reevaluated at the end of the coming season.

McKinney, an ordained Baptist minister, was well known for his antics while pulling for his team during the heat of a game, which included excited stomping and jumping up and down on the floor.

McKinney indicated his plans for the future are not definite. He said, "After a month's rest, you can bet I'll be job hunting . . . but not for a coaching job."

McKinney joined Wake Forest as an assistant to basketball coach Murray Greason in 1952. He became head coach when Greason died in 1957. His teams since then have won 122 games and lost 94. His record for the last six years is 106-47.

12-Inning Victory Puts Dodgers One Up In NL Race

By MURRAY CHASS
Associated Press Sports Writer

Lou Johnson has been battered with baseballs from in front and from behind. Once in a while, though, he does some battering of his own.

One of those times of retaliation was Tuesday night when Johnson lined a 12th-inning home run that gave the Los Angeles Dodgers their 11th straight victory, a 2-1 decision over Cincinnati, and a one-game lead in the furious National League pennant race.

The Dodgers had been tied with San Francisco, but St. Louis trounced the Giants 9-1, sending them one game back with their fifth loss in seven games. Third-place Cincinnati fell five back and virtually out of the race. The three teams each have five games remaining.

The Dodgers grabbed the top spot all by themselves for the first time in three weeks when Johnson connected off Joey Jay with one out in the 12th. The homer was his 12th of the season but still left that total three behind his record for being hit by pitches.

That's happened a league-leading 15 times this year, which is just about normal for the 32-year-old outfielder who spent 12 years with 15 minor league teams and three major league teams before he got a break with the Dodgers this season.

He got the break because of a break in Tommy Davis' ankle early in May. But no sooner had he been called up from Spokane than Johnson found himself hit in the head by a pitch from Houston's Bob Bruce. That pitch punctured Johnson's batting helmet and put him in the hospital for three days.

Then, in June, New York's Al Jackson put him out of action for 13 days by hitting him on the thumb.

In other NL games, New York edged Pittsburgh 1-0 in 12 innings, Milwaukee whipped Houston 7-1 and Chicago nipped Philadelphia 2-1.

Los Angeles broke a scoreless deadlock in the seventh when Jeff Torborg singled, and pinch runner Nate Oliver stole second and came home as Maury Wills singled. But the Reds tied it in the eighth on a walk to Tommy Harper, a sacrifice and Vada Pinson's double.

St. Louis' Larry Jaster scattered 10 hits in only his second major league start, shutting out the Giants until Willie Mays hit his 51st homer in the eighth. Jaster also singled across two runs while Bill White lashed four hits, driving in three runs.

Potters Prep For Central; Oak Glen Busy Friday At Triadelphia

The lion's share of games this weekend will fall on Saturday night as two district teams go out to continue victory streaks while others attempt to bounce back to the winning side after suffering harsh upsets.

Six games are spread pretty thin Friday night while seven contests, involving teams in the immediate area, are on tap Saturday.

—:—

THE KEY game on Friday's card finds the upset kids of Oak Glen visiting Tridelphia. The contest will have direct bearing on Oak Glen's chances in Ohio Valley Athletic Conference race.

Coach Bob Starkey's eleven who mastered the science of defense in turning in a major upset over East Liverpool last week, will take a 3-1 record against Triadelphia. The game will be played at Wheeling Stadium.

Stanton Local, one of the two undefeated teams left in the district, goes after its fourth straight against visiting Wayne Friday evening. Elmer Tice and Doug Hamilton have been carrying the touchdown mail for coach Howard Gilger's eleven.

—:—

STANTON also has parlayed a stiff defense into three victories by giving up only one touchdown in three contests.

Two Tri-County contests Friday list East Palestine at Leetonia where something has to give since both teams are winless and Columbiana will have its work cut out when the winless Clippers visit Minerva.

South Side will attempt to get back on the win trail at Sharpsburg and West Branch plays at Salem in a neighborhood rivalry.

On Saturday, Coach Bob McNea will attempt to revive the Potters who meet Steubenville Central at Patterson Field.

—:—

CENTRAL is coming off a 34-6 loss to the powerful Pittsburgh Westinghouse eleven. The single wing taught by coach Pete Dimperio proved too much for the Crusaders to handle as they dropped their second game in three outings.

Midland, shaken from its roots by a 33-0 lacing at the hands of Beaver last week, may face another tough task Saturday afternoon when the Leopards meet undefeated Burgettstown. Kick off at Burgettstown is set for 2 p. m.

—:—

TWO important Buckeye Border Conference battles are on Saturday's agenda. Wellsville visits Southern Local seeking its first Buckeye Border victory after losing to Toronto last week.

The other contest finds Beaver Local entertaining Jefferson Union. The Beavers, after losing their opener to East Liverpool, have rolled past Leetonia and Springfield Local in easy fashion.

Beaver Local shares the Buckeye Conference lead with Toronto both showing 1-0 marks.

—:—

UNITED, the other undefeated team in district football will meet Springfield Local of Mahoning County. The Eagles have turned in three sharp performances, thus far in rolling past Leetonia, Sebring and East Canton.

One Tri-County game Saturday afternoon finds Lisbon, still seeking its first victory, visiting Poland.

Crestview, which gained the victory column for the first time last week will visit North Lima to round out the weekend activity.

Oak Glen-Triadelphia Game At Wheeling

Oak Glen's game with Triadelphia Friday will be played at Wheeling Island Stadium with kickoff at 8 p. m.

Wake Forest Floor Coach Resigns Post

WINSTON-SALEM, N.C. (AP) — Colorful Horace (Bones) McKinney, tall, lanky head basketball coach at Wake Forest College for the last eight years, is resigning because of ill health.

Jack Murdock, McKinney's assistant and a former Wake Forest backcourt star, will be named acting coach.

McKinney, confined to Baptist Hospital with a cold, announced his resignation Tuesday in a letter to Dr. Harold Tribble, Wake Forest president. Athletic Director Dr. Gene Hooks announced Murdock's appointment.

A spokesman said the entire basketball program at Wake Forest will be reevaluated at the end of the coming season.

McKinney, an ordained Baptist minister, was well known for his antics while pulling for his team during the heat of a game, which included excited stomping and jumping up and down on the floor.

McKinney indicated his plans for the future are not definite. He said, "After a month's rest, you can bet I'll be job hunting . . . but not for a coaching job."

McKinney joined Wake Forest as an assistant to basketball coach Murray Greason in 1952. He became head coach when Greason died in 1957. His teams since then have won 122 games and lost 94. His record for the last six years is 106-47.

District Grid Schedule

Friday

Oak Glen vs. Triadelphia at Wheeling

Buckeyes Picked As Underdogs

Longhorns, Purdue Given Favorite Roles Saturday

By HAROLD CLASSEN
Associated Press Sports Writer

NEW YORK (AP) — Here's hoping the maid has polished up the crystal ball. Last week it was so covered with cobwebs that the only thing which came through clearly was Purdue's triumph over Notre Dame.

Here are this week's winners:

Texas over Indiana: Coach Darrel Royal of the Texans says it is too early in the season to name his team as the country's No. 1. For the Hoosiers it already is too late.

Purdue over Southern Methodist: Despite the Mustangs' 7-3 victory over Miami of Florida, they play in a different league. Purdue has too much too soon.

Nebraska over Iowa State: The Huskers have everything including Frank Solich, a tiny fullback who goes and goes and goes.

Arkansas over Texas Christian: This is a night game but so many sparks will fly in this one they could play it without lights.

Florida over Louisiana State: Florida quarterback Steve Spurrier will find a way even if he has to carry the ball over the goal line himself.

Michigan over Georgia: The Dixie club prides itself on its defense but the object of the game still is to score more points than your foe.

Kentucky over Auburn: Roger Bird's ankle doesn't hurt anymore and he will be at his peak against Auburn.

Notre Dame over Northwestern: Those two fine Irish lads, Bill Wolski and Pete Andreotti, start Notre Dame on to victory.

Michigan State over Illinois: Nine of the 22 men listed as regulars on the two Illinois teams are sophomores and none is named Butkus.

Boston College over Army: There are many who say that sophomore fullback Brendan McCarthy of the Eagles is the best newcomer to the collegiate scene this season.

Washington over Ohio State: The Big Ten team is having difficulty scoring.

Syracuse over Maryland: Floyd Little makes the difference.

Southern California over Oregon State: By statistics, the Trojans' Mike Garrett is the best runner in the country today.

Other games:

Iowa over Wisconsin, West Virginia over Pittsburgh, Cincinnati over Wichita, Bowling Green over Dayton, Marshall over Toledo, Minnesota over Missouri.

Billy Anders Asked To Play

Buckeye End Makes Team But Was Never Recruited

By BOB HARING
Associated Press Writer

COLUMBUS, Ohio (AP) — Billy Anders' first football game was a rare one—he played it before 80,000 fans as a starting end for Ohio State University.

And he proved he's a football player of Big Ten caliber, even though he never tried the sport until he walked onto the Buckeye field and asked for a chance.

Anders, a 6 - foot - 2, 190-pounder, caught six passes for 47 yards, a couple of them getting key first downs. What impressed his coaches, though, was his blocking—"He probably did the best job of any of our ends," said end coach Hugh Hingman.

Blocking has been hardest for Anders to learn. But Hindman said "He's one of those kids that picks things up very quickly."

A boy who makes a bigtime football squad without the lure of recruiting or athletic scholarship is a rarity. Anders, 20, is even more rare—he went out just because he wanted to try football.

He didn't even think about winning a scholarship.

"I just was going to go out and try the game," he said. "I always wanted to play."

Few inexperienced candidates are even allowed on a college field "because of the danger of them being seriously hurt through complete inexperience," says Buckeye Head Coach Woody Hayes.

But Anders, Hayes says, "is a natural athlete who didn't play high school football simply because his school had no team."

Anders finished high school in Sabina, a Southwestern Ohio town of 3,500, noted mostly as a baseball player. He worked out with a high school team an uncle coached in another town before he entered Ohio State to try football.

He impressed coaches with his desire his freshman year. A pulled leg muscle kept him out last season as a sophomore. But last spring and this fall he quickly won a varsity spot as a talented pass-catcher in a year when Ohio state planned to throw more.

Anders said he was nervous before last Saturday's game, when North Carolina beat the Bucks 14-3, because "I didn't know what to expect."

But, he added, "after the game started, it was pretty much like practice."

Twins, Senators Certain Of Spots

By JIM HACKLEMAN
Associated Press Sports Writer

Three things are sure in the American League — Minnesota will finish first, Washington will finish eighth, and there is a scramble for the eight other places.

After Wednesday's action, and with five days left in the season, the pennant-winning Twins and also-ran Senators have their spots clinched.

Otherwise — Baltimore's streaking Orioles are in second, just 1½ games ahead of the Chicago White Sox; two games separate the Detroit Tigers and Cleveland Indians in the fight for fourth; New York's sixth-place Yankees have only a one-game edge on the California Angels; and the Boston Red Sox are just 1½ games ahead of Kansas City's last-place Athletics.

The Orioles made it nine victories in a row Wednesday night, getting two runs in the fifth inning without a hit and trimming Minnesota 4-2.

Danny Cater's 11th-inning homer gave the White Sox a first-game victory over Detroit, 4-3, but the Tigers won the second by the same score with a four-run rally in the eighth capped by Jim Northrup's two-run triple.

Rocky Colavito's three-run homer helped the Indians deal the Yankees their sixth straight loss, 6-3.

Joe Coleman Jr., 18-year-old son of a former big league pitcher, made his debut in the majors and pitched Washington to a 6-1 victory over Kansas City. The A's won the second game of the doubleheader, 8-6.

And the Angels pushed across two runs in the eighth inning on an error and a bases-filled walk, edging the Red Sox 4-3.

Baltimore netted the two runs in the fifth that proved decisive against Al Worthington, Minnesota relief ace who had been sidelined for three weeks with a sore right arm. He loaded the bases on two walks and a hit batter, then walked Brooks Robinson and Curt Blefary on eight straight pitches.

Harmon Killebrew, recently returned to the Twins line-up after seven weeks absence due to a dislocated elbow, homered with a man on for Minnesota's two runs — his first homer since July 28.

Coleman, just called up by the Senators from the Class A Carolina League — where he had an unimpressive 2-10 record — limited Kansas City to four hits. He blanked the A's until two were out in the ninth, then was tagged for consecutive singles by Dick Green and Bill Bryan.

The youngster's mother and father, who pitched in the American League for 10 seasons in the 1940s and 1950s, were in the stands.

The Commonwealth of Virginia is famous for its colonial culture, statesmen, historic estates and battlefields on which the fate of the nation was decided in the 18th and 19th centuries.

Cards Show Passing Edge In NFL Stats

NEW YORK (AP) — If the Cleveland Browns are still wondering what hit them last Sunday, a glance at National Football League team statistics will bring them up to date.

The St. Louis Cardinals, winners by a 49-13 score, lead the league in passing with 645 yards and nine touchdown passes and are tied with Philadelphia with 25 first downs passing. The Cards gained 320 yards passing against the Browns.

Six interceptions, all against Cleveland, put the Cards in first place in that department although they rank ninth in overall pass defense.

San Francisco's high-powered attack gives the 49ers the lead in total offense with 886 yards, 20 more than Cleveland. The 49ers also are tops in rushing with 388 yards.

Detroit's surprising Lions lead in both total defense with 405 yards allowed and pass defense with 183 yards. The Los Angeles Rams have the best defense against the running game, giving up 147 yards.

Fight Results

PHILADELPHIA — Percy Manning, 146½, Philadelphia, outpointed Jose Stable, 150, New York, 10; Willie Pep, 137, Hartford, Conn., outpointed Irish Johnny Gilmore, 131, Philadelphia, 6.

Griese Selected 'Back Of Week'

By HAL BOCK
Associated Press Sports Writer

Notre Dame Coach Ara Parseghian called Bob Griese's passing show against the Irish last Saturday "the finest performance I have ever seen."

That's the kind of praise that earned Griese, Purdue's fine signal caller, The Associated Press Back of the Week Award today.

Griese completed 19 of 22 passes, three good for touchdowns, and gaining 282 yards through the air as the Boilermakers upset the top-ranked Irish 25-21.

Parseghian was quick to pay homage to the Purdue passer.

"You figure even a great passer will miss some and his receivers will drop some," the Notre Dame coach said. "But Griese and his receivers were unbelievable."

Griese set a school record, gaining 322 yards passing and running. His favorite target was Bob Hadrick, whose eight catches also set a Purdue record.

A 6-foot-1 185-pound junior, Griese was hailed by Purdue Coach Jack Mollenkopf as the greatest quarterback competitor in Boilermaker history.

"Maybe Dale Samuels, Len Dawson and Bernie Allen were consistently better passers, but Griese is the toughest when the chips are down."

The chips were down with five minutes remaining against Notre Dame and Purdue trailing 21-18.

"I told Griese to do nothing but pass," Mollenkopf said.

The Purdue quarterback did just that, completing three straight of 32, 13 and 19 yards and getting the Boilermakers down to Notre Dame's three. Then Griese sent Gordon Ter smashing across for the winning touchdown.

"Just shows you what good coaching will do," Mollenkopf laughed.

Oak Glen's Thayer Named Back Of Week

Tom Thayer, who blocked a punt which led directly to Oak Glen's first touchdown against East Liverpool last Friday, was named the Northern Panhandle's Back of the Week by the Wheeling Intelligencer.

The Golden Bears quarterback also intercepted a pass and raced 52 yards to give Oak Glen an insurance tally.

Maris Has Operation On Base Of Hand

NEW YORK (AP) — Roger Maris of the New York Yankees was recovering at Roosevelt Hospital today from an operation in which he had a bone fragment removed from the base of his right hand.

Maris, virtually idle since June 28 when he hurt the hand, will remain in the hospital for a few days following Tuesday's operation. His hand will be in a plaster shell for about three weeks.

Buckeyes Picked As Underdogs

Longhorns, Purdue Given Favorite Roles Saturday

By HAROLD CLASSEN
Associated Press Sports Writer

NEW YORK (AP) — Here's hoping the maid has polished up the crystal ball. Last week it was so covered with cobwebs that the only thing which came through clearly was Purdue's triumph over Notre Dame.

Here are this week's winners:

Texas over Indiana: Coach Darrel Royal of the Texans says it is too early in the season to name his team as the country's No. 1. For the Hoosiers it already is too late.

Purdue over Southern Methodist: Despite the Mustangs' 7-3 victory over Miami of Florida, they play in a different league. Purdue has too much too soon.

Nebraska over Iowa State: The Huskers have everything including Frank Solich, a tiny fullback who goes and goes and goes.

Arkansas over Texas Christian: This is a night game but so many sparks will fly in this one they could play it without lights.

Florida over Louisiana State: Florida quarterback Steve Spurrier will find a way even if he has to carry the ball over the goal line himself.

Michigan over Georgia: The Dixie club prides itself on its defense but the object of the game still is to score more points than your foe.

Kentucky over Auburn: Roger Bird's ankle doesn't hurt anymore and he will be at his peak against Auburn.

Notre Dame over Northwestern: Those two fine Irish lads, Bill Wolski and Pete Andreotti, start Notre Dame on to victory.

Michigan State over Illinois: Nine of the 22 men listed as regulars on the two Illinois teams are sophomores and none is named Butkus.

Boston College over Army: There are many who say that sophomore fullback Brendan McCarthy of the Eagles is the best newcomer to the collegiate scene this season.

Washington over Ohio State: The Big Ten team is having difficulty scoring.

Syracuse over Maryland: Floyd Little makes the difference.

Southern California over Oregon State: By statistics, the Trojans' Mike Garrett is the best runner in the country today.

Other games:

Iowa over Wisconsin, West Virginia over Pittsburgh, Cincinnati over Wichita, Bowling Green over Dayton, Marshall over Toledo, Minnesota over Missouri.

Billy Anders Asked To Play

Buckeye End Makes Team But Was Never Recruited

By BOB HARING
Associated Press Writer

COLUMBUS, Ohio (AP) — Billy Anders' first football game was a rare one—he played it before 80,000 fans as a starting end for Ohio State University.

And he proved he's a football player of Big Ten caliber, even though he never tried the sport until he walked onto the Buckeye field and asked for a chance.

Anders, a 6 - foot - 2, 190-pounder, caught six passes for 47 yards, a couple of them getting key first downs. What impressed his coaches, though, was his blocking—"He probably did the best job of any of our ends," said end coach Hugh Hingman.

Blocking has been hardest for Anders to learn. But Hindman said "He's one of those kids that picks things up very quickly."

A boy who makes a bigtime football squad without the lure of recruiting or athletic scholarship is a rarity. Anders, 20, is even more rare—he went out just because he wanted to try football.

He didn't even think about winning a scholarship.

"I just was going to go out and try the game," he said. "I always wanted to play."

Few inexperienced candidates are even allowed on a college field "because of the danger of them being seriously hurt through complete inexperience," says Buckeye Head Coach Woody Hayes.

But Anders, Hayes says, "is a natural athlete who didn't play high school football simply because his school had no team."

Anders finished high school in Sabina, a Southwestern Ohio town of 3,500, noted mostly as a baseball player. He worked out with a high school team an uncle coached in another town before he entered Ohio State to try football.

He impressed coaches with his desire his freshman year. A pulled leg muscle kept him out last season as a sophomore. But last spring and this fall he quickly won a varsity spot as a talented pass-catcher in a year when Ohio state planned to throw more.

Anders said he was nervous before last Saturday's game, when North Carolina beat the Bucks 14-3, because "I didn't know what to expect."

But, he added, "after the game started, it was pretty much like practice."

Twins, Senators Certain Of Spots

By JIM HACKLEMAN
Associated Press Sports Writer

Three things are sure in the American League — Minnesota will finish first, Washington will finish eighth, and there is a scramble for the eight other places.

After Wednesday's action, and with five days left in the season, the pennant-winning Twins and also-ran Senators have their spots clinched.

Otherwise — Baltimore's streaking Orioles are in second, just 1½ games ahead of the Chicago White Sox; two games separate the Detroit Tigers and Cleveland Indians in the fight for fourth; New York's sixth-place Yankees have only a one-game edge on the California Angels; and the Boston Red Sox are just 1½ games ahead of Kansas City's last-place Athletics.

The Orioles made it nine victories in a row Wednesday night, getting two runs in the fifth inning without a hit and trimming Minnesota 4-2.

Danny Cater's 11th-inning homer gave the White Sox a first-game victory over Detroit, 4-3, but the Tigers won the second by the same score with a four-run rally in the eighth capped by Jim Northrup's two-run triple.

Rocky Colavito's three-run homer helped the Indians deal the Yankees their sixth straight loss, 6-3.

Joe Coleman Jr., 18-year-old son of a former big league pitcher, made his debut in the majors and pitched Washington to a 6-1 victory over Kansas City. The A's won the second game of the doubleheader, 8-6.

And the Angels pushed across two runs in the eighth inning on an error and a bases-filled walk, edging the Red Sox 4-3.

Baltimore netted the two runs in the fifth that proved decisive against Al Worthington, Minnesota relief ace who had been sidelined for three weeks with a sore right arm. He loaded the bases on two walks and a hit batter, then walked Brooks Robinson and Curt Blefary on eight straight pitches.

Harmon Killebrew, recently returned to the Twins line-up after seven weeks absence due to a dislocated elbow, homered with a man on for Minnesota's two runs — his first homer since July 28.

Coleman, just called up by the Senators from the Class A Carolina League — where he had an unimpressive 2-10 record — limited Kansas City to four hits. He blanked the A's until two were out in the ninth, then was tagged for consecutive singles by Dick Green and Bill Bryan.

The youngster's mother and father, who pitched in the American League for 10 seasons in the 1940s and 1950s, were in the stands.

The Commonwealth of Virginia is famous for its colonial culture, statesmen, historic estates and battlefields on which the fate of the nation was decided in the 18th and 19th centuries.

Cards Show Passing Edge In NFL Stats

NEW YORK (AP) — If the Cleveland Browns are still wondering what hit them last Sunday, a glance at National Football League team statistics will bring them up to date.

The St. Louis Cardinals, winners by a 49-13 score, lead the league in passing with 645 yards and nine touchdown passes and are tied with Philadelphia with 25 first downs passing. The Cards gained 320 yards passing against the Browns.

Six interceptions, all against Cleveland, put the Cards in first place in that department although they rank ninth in overall pass defense.

San Francisco's high-powered attack gives the 49ers the lead in total offense with 886 yards, 20 more than Cleveland. The 49ers also are tops in rushing with 388 yards.

Detroit's surprising Lions lead in both total defense with 405 yards allowed and pass defense with 183 yards. The Los Angeles Rams have the best defense against the running game, giving up 147 yards.

Griese Selected 'Back Of Week'

By HAL BOCK
Associated Press Sports Writer

Notre Dame Coach Ara Parseghian called Bob Griese's passing show against the Irish last Saturday "the finest performance I have ever seen."

That's the kind of praise that earned Griese, Purdue's fine signal caller, The Associated Press Back of the Week Award today.

Griese completed 19 of 22 passes, three good for touchdowns, and gaining 282 yards through the air as the Boilermakers upset the top-ranked Irish 25-21.

Parseghian was quick to pay homage to the Purdue passer.

"You figure even a great passer will miss some and his receivers will drop some," the Notre Dame coach said. "But Griese and his receivers were unbelievable."

Griese set a school record, gaining 322 yards passing and running. His favorite target was Bob Hadrick, whose eight catches also set a Purdue record.

A 6-foot-1 185-pound junior, Griese was hailed by Purdue Coach Jack Mollenkopf as the greatest quarterback competitor in Boilermaker history.

"Maybe Dale Samuels, Len Dawson and Bernie Allen were consistently better passers, but Griese is the toughest when the chips are down."

The chips were down with five minutes remaining against Notre Dame and Purdue trailing 21-18.

"I told Griese to do nothing but pass," Mollenkopf said.

The Purdue quarterback did just that, completing three straight of 32, 13 and 19 yards and getting the Boilermakers down to Notre Dame's three. Then Griese sent Gordon Ter smashing across for the winning touchdown.

"Just shows you what good coaching will do," Mollenkopf laughed.

Oak Glen's Thayer Named Back Of Week

Tom Thayer, who blocked a punt which led directly to Oak Glen's first touchdown against East Liverpool last Friday, was named the Northern Panhandle's Back of the Week by the Wheeling Intelligencer.

The Golden Bears quarterback also intercepted a pass and raced 52 yards to give Oak Glen an insurance tally.

Twins Manager Is Working On Biggest Parley

By LEW FERGUSON
Associated Press Sports Writer

MINNEAPOLIS—St. PAUL (AP)—Sam Mele is working on the biggest parlay of his life, and it looks like he's going to bring everything home at once.

The Minnesota Twins' manager has guided his baseball team into the World Series, his wife Connie is due to give birth to their fifth child about the same time the Series opens, and the Mele family is moving into a new home in Quincy, Mass.

"Bringing the Twins home first may have been the easiest of the three," Mele quipped.

For a manager who just a year ago had a very uncertain future, Mele is rolling in clover.

A near cinch to be named American League Manager of the Year, Mele can't resist jabbing lightly at former critics with a little "I told you so."

Actually, Mele minimizes his own role in the Twins' surge to their first pennant since moving from Washington to the Twin Cities.

He won't admit that he became a more aggressive manager and thus instilled a heretofore missing aggressiveness in his club.

"I decided on a more aggressive team," he said. "But I don't think I'm more aggressive. I decided last winter that we would have to do more stealing, more hitting and running and lots and lots of more work on fundamentals to eliminate these mistakes we made last year."

Mele admits his admiration for Chicago's Al Lopez has greatly influenced his style of managing.

"I've always considered Al the greatest manager ever," Mele said.

"It isn't so much that I wanted to copy him; it's more that I wanted to compare what I would do in a given situation to what he would do. I've talked with him by the hour. Most generally, our opinions coincided, which made feel very happy... that I was on the right track.

"And, my uncle, Tony Cucciinelle (White Sox coach), has helped me a lot."

Mele is the type of manager who wants the players to feel he is on their side, and not a "commander" the players must stand in awe of.

"I still go around the clubhouse and talk and joke with the players," he said. "I want them to think I'm close to them. I don't believe in chewing them out. I prefer to talk to them quietly and explain what is wrong and see if they don't agree."

Toss Of Coin Would Decide Playoff Site

LOS ANGELES (AP) — President Warren C. Giles of the National League announced Tuesday night he will hold a coin tossing — or possibly a strawdrawing — here today to decide the site and the date of a possible playoff in the three-way fight for the pennant.

The decision will be made in the office of Vice President-General Manager E.J. (Buzzie) Bavasi in Dodgers Stadium.

Assistant General Manager Phil Seghi of third-place Cincinnati will represent the Reds.

Arthur E. (Red) Patterson, his opposite number with Los Angeles, will be on hand for the first-place Dodgers.

President Horace Stoneham of San Francisco will be tuned in via long-distance telephone from the second-place Giants' headquarters.

In the event of a playoff, the winner will be decided under National League rules on a two-out-of-three basis.

Los Angeles is one game ahead of San Francisco and five in front of Cincinnati.

All have five games remaining.

Toledo is a major port, handling more than 34 million tons annually.

Johnson Gets Back Of Week Award In NFL

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — This will come as no surprise to the Cleveland Browns. Charley Johnson, the blond bomber of the St. Louis Cardinals, is The Associated Press' Offensive Player of the Week in the National Football League.

Johnson threw six touchdown passes Sunday against the Browns in the 49-13 rout and was only one short of the record held by Sid Luckman, Adrian Burke and Y. A. Tittle.

Given plenty of time to throw, Johnson picked his spots carefully and hit with 11 of 19 passes for 310 yards. He sat out the last quarter while Buddy Humphrey took over. The Browns smeared Johnson behind the line only once for a loss of nine yards. Sonny Randle, who caught seven passes and scored three touchdowns, beat Walt Beach consistently.

If Johnson had not had such a spectular afternoon, the honors might have gone to Bob Hayes, the former Olympic sprint champion who plays for the Dallas Cowboys. Hayes caught a pass from Don Meredith and ran 45 yards for one touchdown and sped 11 yards on an end-around play for another. He also took a 23-yard pass from Meredith in the end zone but the score was wiped out by a holding penalty.

"He's bound to be the Rookie of the Year if he keeps up this pace," said Coach Tom Landry.

Zeke Bratkowski should win something special from Vince Lombardi for coming off the bench and leading Green Bay to a 20-17 victory over Baltimore. Zeke, 33, replaed the injured Bart Starr and threw the winning 37-yard pass to Max McGee in the final minutes.

Wreck Injuries Fatal To Cincinnati Man

CINCINNATI (AP) — Injuries he received in a truck-motorcycle collision Tuesday proved fatal to Edward Sublet, 31, Cincinnati.

Police said Sublet was thrown against the windshield of the truck. The truck driver was cited for making an improper turn.

Kent, Ohio U. Gridders Honored By Mid-AM

COLUMBUS, Ohio (AP) — Quarterback Ron Mollric of Kent State and linebacker Dennis Kornowa of Ohio University were honored today as back and lineman of the week in the Mid-American Conference.

Mollric, the son of a Barberton police lieutenant, came off the bench in the second half to spark the Golden Flashes to a 14-6 victory over Dayton. He threw a 45-yard touchdown pass to soph Billy Blunt and later scored on a one-yard plunge.

Kornowa, a 6-3, 225 - pound senior from Toledo, was outstanding in Ohio's 24-7 loss to Maryland. He smacked down Maryland backs 17 times with solo tackles and assisted on half a dozen others. He also recovered a Maryland fumble on the Terp 16 in the fourth quarter but the Bobcat offense could not take advantage of the break.

Others considered for back-of - the - week included Mickey Jackson of Marshall; Bruce Matte, Miami, John Flynn, Toledo and Steve Terlep, Western Michigan.

Other linemen nominated for honors were end Billy Sammons of Toledo; linebacker Jim Violet, Bowling Green; tackle Bob Rowe, Western Michigan, defensive end Gary Durchik, Miami; center Tom Good, Marshall and linebacker John Michaluk, Kent State.

Nicklaus, Lema Take Doctor To Cup Matches

By JOHN FARROW
Associated Press Sports Writer

MADRID (AP) — Jack Nicklaus and Tony Lema, United States representatives in the Canada Cup golf matches starting Thursday, have their own doctor with them in Madrid.

He is Dr. Everett Gaillard of White Plains, N.Y., and he will be on hand to deal with any illness in the American camp.

"It's the first time we've brought a doctor along," said Fred Corcoran, the tournament director.

"Already he's treated Tony for a slight stomach upset."

Lema, of Oakland, Calif., went out in practice Tuesday with only his caddy and an interpreter for company. He fired as many as five or six balls on some holes, exploring and investigating every hole.

Nicklaus, of Columbus, Ohio, who has won more money from golf in the year than anybody else in the game's history, was due to arrive in Madrid today.

That means the 24-year-old big hitter, favorite over 73 rivals for the individual title, will have only today for practice.

But that shouldn't worry, Nicklaus, who most players fancy for the individual crown.

The 7,096-yard, par 36-36—72 Club de Campo layout has been well watered. In addition there has been heavy rain over the last three days after a six-month drought.

As a result the fairways are soft and players get no carry off the tee.

"That means Nicklaus, a straight and long hitter will have a big advantage," said Argentina's Roberto De Vicenzo.

Nicklaus won the individual title in 1963 and 1964. He teamed with Arnold Palmer of Latrobe, Pa., to win the team title for the United States in both years.

Thirty-five countries, plus Hawaii and Puerto Rico, are competing in the Canada Cup. Two-man teams are entered and the individual title is decided on the scores turned in for the team crown.

2 Deadlocked In Ohio Open At Columbus

COLUMBUS, Ohio (AP) — A 22-year-old golf pro with tournament experience, Tom Weiskopf, was battling another of the same age, Tom Cassady, who has plans of going on the tour, for the Ohio Open Title today.

The two were deadlocked with three-under-par 141s after Tuesday's play in the tournament, held for the third straight year at Walnut Hill Country Club. Weiskopf plays out of Columbus, Cassady is a Circleville pro.

Today they teed off for the tourney's final 36 holes. Tuesday Weiskopf shot a 71 and Cassady had a 73.

Their nearest pursuer after the event's halfway point, Elyria's Charles Smith, was three strokes back and was the only other golfer in the field of 140 to equal par or better it, with his 73-71—144. Not to be counted out, however, were other pros like Middletown's Tom Wagner (145), George Owens of Dayton (145), Scioto Country Club (Columbus) head pro Walker Inman Jr. (146) and his assistant Duff Lawrence (147) and Zanesville's Paul Thomas (147).

Wagner had Tuesday's best round, a 70.

Another touring pro in the field, Ed Griffiths of Cleveland, was well back, at 151, as was defending champion Don Stickney of Columbus, with a 152.

The field was cut after Tuesday's play to the low 60 pros and ties and the low 12 amateurs and ties.

The seniors division scoring ended Tuesday with pros Wilbur Brandenburg of Columbus and Verl Stinchcomb of Portsmouth tied for first at 152. The two were to continue Open play today and perhaps settle the seniors title by matching scores.

Among others two-round leaders.

Texas Team Leads Nation

NEW YORK (AP) — It's the year of the pass for Texas Western and the unheralded Miners, only major college team to go winless last season, have spun off two straight high-scoring victories through their new airborne offense.

Texas Western leads the nation in total offense, figures released by the National Collegiate Athletic Bureau showed today.

The Miners have gained 1,018 yards in their two-games — only 87 along the ground. The remainder has come through the air. Texas Western leads the major college teams in passing offense with 931.

The top defensive team in the country is Dartmouth, which yielded just 102 yards in 56 plays against New Hampshire last Saturday. The Indians also lead the rushing defense category with minus-38 yards allowed in 31 rushes against their line.

Twins Manager Is Working On Biggest Parley

By LEW FERGUSON
Associated Press Sports Writer

MINNEAPOLIS—St. PAUL (AP)—Sam Mele is working on the biggest parlay of his life, and it looks like he's going to bring everything home at once.

The Minnesota Twins' manager has guided his baseball team into the World Series, his wife Connie is due to give birth to their fifth child about the same time the Series opens, and the Mele family is moving into a new home in Quincy, Mass.

"Bringing the Twins home first may have been the easiest of the three," Mele quipped.

For a manager who just a year ago had a very uncertain future, Mele is rolling in clover.

A near cinch to be named American League Manager of the Year, Mele can't resist jabbing lightly at former critics with a little "I told you so."

Actually, Mele minimizes his own role in the Twins' surge to their first pennant since moving from Washington to the Twin Cities.

He won't admit that he became a more aggressive manager and thus instilled a heretofore missing aggressiveness in his club.

"I decided on a more aggressive team," he said. "But I don't think I'm more aggressive. I decided last winter that we would have to do more stealing, more hitting and running and lots and lots of more work on fundamentals to eliminate these mistakes we made last year."

Mele admits his admiration for Chicago's Al Lopez has greatly influenced his style of managing.

"I've always considered Al the greatest manager ever," Mele said.

"It isn't so much that I wanted to copy him; it's more that I wanted to compare what I would do in a given situation to what he would do. I've talked with him by the hour. Most generally, our opinions coincided, which made feel very happy... that I was on the right track.

"And, my uncle, Tony Cucinelle (White Sox coach), has helped me a lot."

Mele is the type of manager who wants the players to feel he is on their side, and not a "commander" the players must stand in awe of.

"I still go around the clubhouse and talk and joke with the players," he said. "I want them to think I'm close to them. I don't believe in chewing them out. I prefer to talk to them quietly and explain what is wrong and see if they don't agree."

Toss Of Coin Would Decide Playoff Site

LOS ANGELES (AP) — President Warren C. Giles of the National League announced Tuesday night he will hold a coin tossing — or possibly a straw-drawing — here today to decide the site and the date of a possible playoff in the three-way fight for the pennant.

The decision will be made in the office of Vice President-General Manager E.J. (Buzzie) Bavasi in Dodgers Stadium.

Assistant General Manager Phil Seghi of third-place Cincinnati will represent the Reds.

Arthur E. (Red) Patterson, his opposite number with Los Angeles, will be on hand for the first-place Dodgers.

President Horace Stoneham of San Francisco will be tuned in via long-distance telephone from the second-place Giants' headquarters.

In the event of a playoff, the winner will be decided under National League rules on a two-out-of-three basis.

Los Angeles is one game ahead of San Francisco and five in front of Cincinnati.

All have five games remaining.

Toledo is a major port, handling more than 34 million tons annually.

Johnson Gets Back Of Week Award In NFL

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — This will come as no surprise to the Cleveland Browns. Charley Johnson, the blond bomber of the St. Louis Cardinals, is The Associated Press' Offensive Player of the Week in the National Football League.

Johnson threw six touchdown passes Sunday against the Browns in the 49-13 rout and was only one short of the record held by Sid Luckman, Adrian Burke and Y. A. Tittle.

Given plenty of time to throw, Johnson picked his spots carefully and hit with 11 of 19 passes for 310 yards. He sat out the last quarter while Buddy Humphrey took over. The Browns smeared Johnson behind the line only once for a loss of nine yards. Sonny Randle, who caught seven passes and scored three touchdowns, beat Walt Beach consistently.

If Johnson had not had such a spectular afternoon, the honors might have gone to Bob Hayes, the former Olympic sprint champion who plays for the Dallas Cowboys. Hayes caught a pass from Don Meredith and ran 45 yards for one touchdown and sped 11 yards on an end-around play for another. He also took a 23-yard pass from Meredith in the end zone but the score was wiped out by a holding penalty.

"He's bound to be the Rookie of the Year if he keeps up this pace," said Coach Tom Landry.

Zeke Bratkowski should win something special from Vince Lombardi for coming off the bench and leading Green Bay to a 20-17 victory over Baltimore. Zeke, 33, replaed the injured Bart Starr and threw the winning 37-yard pass to Max McGee in the final minutes.

Wreck Injuries Fatal To Cincinnati Man

CINCINNATI (AP) — Injuries he received in a truck-motorcycle collision Tuesday proved fatal to Edward Sublet, 31, Cincinnati.

Police said Sublet was thrown against the windshield of the truck. The truck driver was cited for making an improper turn.

Kent, Ohio U. Gridders Honored By Mid-AM

COLUMBUS, Ohio (AP) — Quarterback Ron Mollric of Kent State and linebacker Dennis Kornowa of Ohio University were honored today as back and lineman of the week in the Mid-American Conference.

Mollric, the son of a Barberton police lieutenant, came off the bench in the second half to spark the Golden Flashes to a 14-6 victory over Dayton. He threw a 45-yard touchdown pass to soph Billy Blunt and later scored on a one-yard plunge.

Kornowa, a 6-3, 225 - pound senior from Toledo, was outstanding in Ohio's 24-7 loss to Maryland. He smacked down Maryland backs 17 times with solo tackles and assisted on half a dozen others. He also recovered a Maryland fumble on the Terp 16 in the fourth quarter but the Bobcat offense could not take advantage of the break.

Others considered for back-of - the - week included Mickey Jackson of Marshall; Bruce Matte, Miami, John Flynn, Toledo and Steve Terlep, Western Michigan.

Other linemen nominated for honors were end Billy Sammons of Toledo; linebacker Jim Violet, Bowling Green; tackle Bob Rowe, Western Michigan, defensive end Gary Durchik, Miami; center Tom Good, Marshall and linebacker John Michaluk, Kent State.

Nicklaus, Lema Take Doctor To Cup Matches

By JOHN FARROW
Associated Press Sports Writer

MADRID (AP) — Jack Nicklaus and Tony Lema, United States representatives in the Canada Cup golf matches starting Thursday, have their own doctor with them in Madrid.

He is Dr. Everett Gaillard of White Plains, N.Y., and he will be on hand to deal with any illness in the American camp.

"It's the first time we've brought a doctor along," said Fred Corcoran, the tournament director.

"Already he's treated Tony for a slight stomach upset."

Lema, of Oakland, Calif., went out in practice Tuesday with only his caddy and an interpreter for company. He fired as many as five or six balls on some holes, exploring and investigating every hole.

Nicklaus, of Columbus, Ohio, who has won more money from golf in the year than anybody else in the game's history, was due to arrive in Madrid today.

That means the 24-year-old big hitter, favorite over 73 rivals for the individual title, will have only today for practice.

But that shouldn't worry, Nicklaus, who most players fancy for the individual crown.

The 7,096-yard, par 36-36—72 Club de Campo layout has been well watered. In addition there has been heavy rain over the last three days after a six-month drought.

As a result the fairways are soft and players get no carry off the tee.

"That means Nicklaus, a straight and long hitter will have a big advantage," said Argentina's Roberto De Vicenzo.

Nicklaus won the individual title in 1963 and 1964. He teamed with Arnold Palmer of Latrobe, Pa., to win the team title for the United States in both years.

Thirty-five countries, plus Hawaii and Puerto Rico, are competing in the Canada Cup. Two-man teams are entered and the individual title is decided on the scores turned in for the team crown.

2 Deadlocked In Ohio Open At Columbus

COLUMBUS, Ohio (AP) — A 22-year-old golf pro with tournament experience, Tom Weiskopf, was battling another of the same age, Tom Cassady, who has plans of going on the tour, for the Ohio Open Title today.

The two were deadlocked with three-under-par 141s after Tuesday's play in the tournament, held for the third straight year at Walnut Hill Country Club. Weiskopf plays out of Columbus, Cassady is a Circleville pro.

Today they teed off for the tourney's final 36 holes. Tuesday Weiskopf shot a 71 and Cassady had a 73.

Their nearest pursuer after the event's halfway point, Elyria's Charles Smith, was three strokes back and was the only other golfer in the field of 140 to equal par or better it, with his 73-71—144. Not to be counted out, however, were other pros like Middletown's Tom Wagner (145), George Owens of Dayton (145), Scioto Country Club (Columbus) head pro Walker Inman Jr. (146) and his assistant Duff Lawrence (147) and Zanesville's Paul Thomas (147).

Wagner had Tuesday's best round, a 70.

Another touring pro in the field, Ed Griffiths of Cleveland, was well back, at 151, as was defending champion Don Stickney of Columbus, with a 152.

The field was cut after Tuesday's play to the low 60 pros and ties and the low 12 amateurs and ties.

The seniors division scoring ended Tuesday with pros Wilbur Brandenburg of Columbus and Verl Stinchcomb of Portsmouth tied for first at 152. The two were to continue Open play today and perhaps settle the seniors title by matching scores.

Among others two-round leaders.

Texas Team Leads Nation

NEW YORK (AP) — It's the year of the pass for Texas Western and the unheralded Miners, only major college team to go winless last season, have spun off two straight high-scoring victories through their new airborne offense.

Texas Western leads the nation in total offense, figures released by the National Collegiate Athletic Bureau showed today.

The Miners have gained 1,018 yards in their two-games — only 87 along the ground. The remainder has come through the air. Texas Western leads the major college teams in passing offense with 931.

The top defensive team in the country is Dartmouth, which yielded just 102 yards in 56 plays against New Hampshire last Saturday. The Indians also lead the rushing defense category with minus-38 yards allowed in 31 rushes against their line.

Dispute Between Hull, Black Hawks Goes On

By JOE MOOSHIL
Associated Press Sports Writer

CHICAGO (AP) — The dispute between Bobby Hull and the Chicago Black Hawks has reached an apparent impasse.

Hull bolted the Hawks' training camp last Saturday when Coach Billy Reay refused to allow Hull's two sons, Blake, 5, and Bobby, 4, into the dressing room at the Chicago Stadium.

The Hawks have not seen Hull since the blond scoring star has refused to contact club officials.

"There's nothing I can do," said General Manager Tommy Ivan, "I must back my coach. His equipment is where he left it and he's welcome back anytime he desires."

Hull refuses to divorce family from hockey and insists his sons be allowed in the Chicago Stadium and be given the right to skate on the ice while the players are not working out.

The dispute seemingly has reached the point where neither side can yield without losing face.

Although Hull is the No. 1 attraction in the National Hockey League, the Hawks feel they must continue to enforce rules and policy without exception.

If Hull comes back of his own free will, it would appear as if he did so on bended knees.

Co-owner Jim Norris, who is in Florida, called Hull's actions "childish" and threatened to fine Bobby $1,000 a day if he does not return in a couple of days.

Hull, who fully expects the Hawks to go to him, has said if the Hawks don't want him they should trade him. Asked about this, Ivan laughed and refused to comment saying "I'm sure everything will work out."

Both Hull, who hinted he wants $100,000 for the coming season, and Ivan claim the current dispute has nothing to do with salary.

Norris says the economy of the league prohibits such an astronomical figure. Estimates are that Hull received $30,000 last season, $5,000 less than the top of $35,000 which Detroit's Gordie Howe is said to have received.

Hull remained at his Addison, Ill., residence through Monday but on Tuesday he, his wife and children had a family outing at the farm of a friend in Illinois.

Browns Secondary Must Face Loop's Top Catcher

CLEVELAND (AP) — The Cleveland Browns secondary will jump from the frying pan into Franklin Field Sunday against the Philadelphia Eagles, who have the National Football League's leading pass receiver in halfback Tim Brown.

The Browns defensive backs gave up six touchdown passes last Sunday to the St. Louis Cardinals. Now they have to handle Brown, who coincidentally, is the team's leading rusher with 95 yards.

Tim leads the NFL with 15 passes, good for 235 yards and one touchdown.

Rookie Al Nelson will be at the safety position for the Eagles, who lost last Sunday to the New York Giants.

Nelson was the defensive back who fell on Paul Warfield in the All-Star game this summer when the Browns ace receiver suffered a broken collar bone. Warfield will have the pin removed from the collar bone today and has set Oct. 17 as his target date for return to action.

Browns Coach Blanton Collier still hasn't decided on a starting quarterback for Sunday's game. Frank Ryan injured his foot against the Cardinals and Jim Ninowski may get his first start since 1963.

Team physician Dr. Vic Ippolito is expected to say today or Thursday if Ryan will be ready for Sunday.

Robinson Files Suit For $50,000

CINCINNATI (AP) — Frank Robinson, a good man with a bat, has asked the courts to take action against a businessman who accused him of not being a good man with a check.

An attorney representing the Cincinnati Reds' outfielder filed suit Tuesday in Hamilton County Common Pleas Court, asking for $50,000 damages from William Okrent.

The suit said Okrent, manager of an Athletic Equipment store, damaged Robinson's reputation by suing him for $212 to pay for shirts for a bowling team. Robinson said Okrent's suit was malicious and subjected him to public and private criticism.

Dispute Between Hull, Black Hawks Goes On

By JOE MOOSHIL
Associated Press Sports Writer

CHICAGO (AP) — The dispute between Bobby Hull and the Chicago Black Hawks has reached an apparent impasse.

Hull bolted the Hawks' training camp last Saturday when Coach Billy Reay refused to allow Hull's two sons, Blake, 5, and Bobby, 4, into the dressing room at the Chicago Stadium.

The Hawks have not seen Hull since the blond scoring star has refused to contact club officials.

"There's nothing I can do," said General Manager Tommy Ivan, "I must back my coach. His equipment is where he left it and he's welcome back anytime he desires."

Hull refuses to divorce family from hockey and insists his sons be allowed in the Chicago Stadium and be given the right to skate on the ice while the players are not working out.

The dispute seemingly has reached the point where neither side can yield without losing face.

Although Hull is the No. 1 attraction in the National Hockey League, the Hawks feel they must continue to enforce rules and policy without exception.

If Hull comes back of his own free will, it would appear as if he did so on bended knees.

Co-owner Jim Norris, who is in Florida, called Hull's actions "childish" and threatened to fine Bobby $1,000 a day if he does not return in a couple of days.

Hull, who fully expects the Hawks to go to him, has said if the Hawks don't want him they should trade him. Asked about this, Ivan laughed and refused to comment saying "I'm sure everything will work out."

Both Hull, who hinted he wants $100,000 for the coming season, and Ivan claim the current dispute has nothing to do with salary.

Norris says the economy of the league prohibits such an astronomical figure. Estimates are that Hull received $30,000 last season, $5,000 less than the top of $35,000 which Detroit's Gordie Howe is said to have received.

Hull remained at his Addison, Ill., residence through Monday but on Tuesday he, his wife and children had a family outing at the farm of a friend in Illinois.

Browns Secondary Must Face Loop's Top Catcher

CLEVELAND (AP) — The Cleveland Browns secondary will jump from the frying pan into Franklin Field Sunday against the Philadelphia Eagles, who have the National Football League's leading pass receiver in halfback Tim Brown.

The Browns defensive backs gave up six touchdown passes last Sunday to the St. Louis Cardinals. Now they have to handle Brown, who coincidentally, is the team's leading rusher with 95 yards.

Tim leads the NFL with 15 passes, good for 235 yards and one touchdown.

Rookie Al Nelson will be at the safety position for the Eagles, who lost last Sunday to the New York Giants.

Nelson was the defensive back who fell on Paul Warfield in the All-Star game this summer when the Browns ace receiver suffered a broken collar bone. Warfield will have the pin removed from the collar bone today and has set Oct. 17 as his target date for return to action.

Browns Coach Blanton Collier still hasn't decided on a starting quarterback for Sunday's game. Frank Ryan injured his foot against the Cardinals and Jim Ninowski may get his first start since 1963.

Team physician Dr. Vic Ippolito is expected to say today or Thursday if Ryan will be ready for Sunday.

Robinson Files Suit For $50,000

CINCINNATI (AP) — Frank Robinson, a good man with a bat, has asked the courts to take action against a businessman who accused him of not being a good man with a check.

An attorney representing the Cincinnati Reds' outfielder filed suit Tuesday in Hamilton County Common Pleas Court, asking for $50,000 damages from William Okrent.

The suit said Okrent, manager of an Athletic Equipment store, damaged Robinson's reputation by suing him for $212 to pay for shirts for a bowling team. Robinson said Okrent's suit was malicious and subjected him to public and private criticism.

New Store Opened By Billingsley

From a small neighborhood grocery founded in 1936, Billingsley & Son opened its ultra-modern Foodland store, featuring the latest in supermarket equipment, this morning at St. Clair Plaza, approximately half a mile from the former location on Route 170.

Gay Billingsley, son of Mr. and Mrs. W. A. Billingsley who founded the original store about 29 years ago, said the new market has 12,000 square feet of space with a shopping area of 8,200 square feet.

The air-conditioned store has five checkout counters and the newest in display and refrigerated cases. There are 84 feet of frozen foods, a 40-foot dairy case, 88 feet of produce, with 40 feet refrigerated, 68 feet of meat, 8 feet for frozen meat display and a 12-foot multi-deck meat case.

One of the new features will be an in-store bakery to provide a complete line of baked goods, including bread, rolls and cookies.

The plaza parking lot will accommodate about 1,000 cars.

The market operator and his mother erected a new building adjoining the old store in 1957 and it was enlarged in 1961 when he joined the Foodland organization, a division of Fox Grocery Co. of Belle Vernon, Pa.

'Family Day' Care Homes Sought In West Virginia

The West Virginia Department of Welfare is seeking family day care homes in West Virginia for children under three years of age whose parents work or who, for other reasons, must be out of the home for a part of the day regularly, Miss Adda R. Hindman, Hancock County Welfare Director, has announced.

The program is designed to provide care and protection for children who are not yet old enough for group care and older pre-school children who do not have access to a group day care center, Miss Hindman said.

The family day care home must meet certain requirements for approval by the Welfare Department and must be willing to comply with the department's policies, Miss Hindman explained. Included in the requirements are inspection for health and fire safety, liability insurance and good family relationships.

The day care family will be paid by the Welfare Department and the home will be periodically supervised by a department social worker who will assist the day care parent in meeting the requirements and solving problems that may arise, the director said.

Anyone interested in obtaining further information about the program may contact the Hancock County Department of Welfare in New Cumberland at 564-2631.

Bishop Hannan New Archbishop Of New Orleans

WASHINGTON (AP) — Auxiliary Bishop Philip M. Hannan of Washington was named archbishop of New Orleans today by Pope Paul VI.

In the Louisiana Roman Catholic archdiocese he succeeds Archbishop John P. Cody, recently transferred to Chicago.

Bishop Hanna, 52, has been auxiliary to Archbishop Patrick J. O'Boyle of Washington since 1956. He delivered the eulogy at the funeral of President John F. Kennedy, first Roman Catholic to become a U.S. chief executive in Washington on Nov. 25, 1963.

A priest since 1935, the archbishop-elect is a long-time editor of the Catholic Standard, newspaper of the Washington archdiocese. He was a paratrooper chaplain in World War II and has maintained ties with the 28nd Airborne Division with which he served.

Currently he is in charge of the American bishops press panel at the Vatican Ecumenical Council in Rome.

2 Men Hurt At Building Site, 8 More Treated By Hospital

Two men injured in a construction mishap at a St. Clair Ave. apartment project and a migrant applepicker hurt in a fall from a tree were in "fair" condition today at City Hospital, where seven other area residents were treated Tuesday.

Herman Hoppel, 29, of the Smiths Ferry - Calcutta Rd., building contractor, was injured yesterday afternoon when he fell about 25 feet from the roof of an apartment house being erected at St. Clair and Walnut Sts.

Michael Mays, 21, of Echo Dell, a construction worker who was on the ground, received a possible fracture of the left leg when a rafter fell on him at the same time Hoppel tumbled from the roof.

Hoppel suffered abrasions of the right leg and right side of the forehead, a laceration of the right wrist and a fractured toe of the right foot.

Calvin Ellis, 41, temporary resident of Hillcrest Farms, suffered a possible fracture of a vertebra in a fall of about six feet from an apple tree at the farm yesterday.

Joseph Grove, son of Otto Grove of Industry R. D. 1, was treated last night for lacerations of the forehead and abdomen received in a fall through a glass door.

Claude Sparks, son of John Sparks of Rubicon St., suffered a bruised forehead in a fall against a chair.

Gary Lawrence Nelson, son of Elmer Nelson of 309 Harrison St., Newell, was treated for a possible fractured finger after he fell on stairs.

Tina Ann Thomas, daughter of Gary Thomas of 1041½ Riverview St., suffered a bruised elbow in a fall.

Terry Kent, son of Mrs. Mary Louise Higgins of 137 Church Ln., received a cut scalp in a fall on the way to school.

Gary Degarmo of 313 Vine St., an employe of Loblaw's market, suffered a cut thumb on a knife while at work.

Charles Sprout of 216 Ravine St. was treated for bruises of the ribs in a fall on stairs.

Youth Reported Fair In Shooting Accident

SOUTH LEBANON, Ohio (AP) —Albert Byrd, 13, was reported in fair condition at Middletown Hospital today after being hit near the heart with a .22 caliber bullet.

Warren County sheriff's deputies said the shooting apparently was accidental. Albert, of South Lebanon, was struck when he and another youth walked toward a creek where other boys were shooting. The bullet that hit him may have ricocheted off a boulder, the deputies said.

To America with love... The 1966 Chrysler

Could be we're getting too emotional. But it isn't very often you get a chance to follow an all-time sales record year with a new Chrysler like this one.

Sure, our '65 was great. But the '66 is even better.

It looks better. Moves quicker. It's got a beautiful new front end and a very dramatic new rear.

It's got a bigger and more zesty group of V-8 engines. From a 383 cubic incher to a 440 TNT with twin exhausts and twin snorkels. (A "snorkel" is an air intake horn for the carburetor — does great things for performance.)

The interiors, all up and down the line, are more luxurious and comforting. Take our new shell bucket seats, for example. It's almost as if they had been custom-fitted for you.

One thing we didn't even think about changing. It has to do with money. Five of our Newport models (real Chryslers — not junior editions) are priced just a few dollars a month more than the most popular smaller cars with the same equipment. This includes features like power steering, power brakes, a 383 cubic inch V-8, automatic transmission, radio and many standard items like safety door handles and seat belts.

Move up to Chrysler... it's getting easier by the minute.

'Search' For TB Held In East End

A house-to-house tuberculosis "search" will get under way today at 4 p.m. and continue through Thursday in the East End under sponsorship of the Columbiana County Public Health League.

Leo Lawrence of East Liverpool, league president, said free chest X-rays will be provided through a roving mobile unit.

—:—

HE EXPLAINED that "certain East End areas have been selected on the basis of established public health TB statistics" and will be covered according to the following schedule:

Today, 4 to 7:30 p.m. — Area between 1st Ave. and Maryland Sts.

Thursday, 1 to 3 p.m. — Corner of Putnam St. and Michigan Ave.; 4 to 7:30 p.m., area between Palissey and Oakland and between Park and Ohio Ave.

"Our Public Health League mobile X-ray unit will be equipped with a generator, making the unit portable," Lawrence said, "and a public speaking bus driver who will drive the outfit and alert the neighborhood.

"Circular distribution already has been made to 1,400 East End homes. Scoutmaster Don Ramsey of 1326 Pennsylvania Ave. and members of Troop 60 of St. Ann's Church handled this demanding but necessary job."

American Legion Post 374 will aid in the TB search by performing registration for the X-ray event.

Mrs. Elmer McDivitt of 1184 Harker Ave., president of the women's group, reports that Mrs. George Hughes of 1624 Pennsylvania Ave. and Mrs. John Reardon of 856 St. George St. will assist in the X-raying today.

—:—

ON THURSDAY, Mrs. Robert Nutter of 705 E. 4th St., Mrs. Kenneth Yost of Vine St., Mrs. Gilford Burdick of 420 Wedgewood Ave. and Mrs. Mildred Miller of 1626 Pennsylvania Ave. will assist.

Also serving will be Mrs. Ray Cusick of 1202 St. George St. and Mrs. Jim Baumgard of 2034 Michigan Ave.

Mrs. McDivitt said the Auxiliary members will be in uniform and that the state and National Legion will recognize their efforts in the local TB programs.

"Statistics from the Ohio Department of Health indicate our area has an on-going high rate of tuberculosis," Jack Boner, city health chief, points out.

A five-year average of new TB cases for East Liverpool is 64.2, compared with 34.2 for northeastern Ohio. These figures are based on cases per 100,000 of population from 1960 through 1964, Boner said.

—:—

BONER, citing another example, said, "last year East Liverpool had a new active TB case rate of 45.6 per 100,000 population, while the rest of Columbiana County had only 10.3, northeast Ohio had only 19 and the state of Ohio had only 21.2 cases per 100,000.

"I plan to be on that X-ray unit personally and hope to see as many adults over 18 X-rayed as we have time to do them," Boner said.

Funds to operate the East End "search" come from the annual Christmas Seal Campaign, Lawrence said.

Fire Auxiliary Hears Reports At Quarterly Event

Unit reports were heard during the quarterly session of the Tri-State Volunteer Fire Auxiliary Association Monday night when the Liverpool East group was hostess at the Dixonville fire hall. Thirty-one attended.

Mrs. Dorothy Rodgers, president, presided. Mrs. Mabel Seckman extended the welcome. The minutes were read by Mrs. Mabel Neal.

The Kitchen prize was won by the Calcutta unit.

Games were conducted by Mrs. Jean Bahen and Mrs. Seckman, with prized awarded Mrs. Shirley Wathey, Mrs. Margaret Thayer, Mrs. Sara Tatgenhorst, Mrs. Vera Hendricks and Mrs. May Rohall. Mrs. Nancy Campbell received a special prize.

Refreshments were served at a buffet table decorated with fall flowers. Favors were soap bars decorated as fish. Jennifer Meeks was a guest.

A gift exchange will be held at the Christmas party, with the LaCroft group as hostess unit.

Crash Damages Wellsville Sedan

A Wellsville sedan was damaged in a mishap Tuesday at 2:09 p. m. on the Ceramic Parking Lot on E. 4th St., police reported.

The right front fender and side of a 1962 sedan driven by Agnes V. Glover, 40, of Russell Heights, Wellsville, were damaged in a mishap with a 1959 sedan operated by Lana S. Roush, 19, of 1055 Ambrose Ave., police said.

The Wellsville woman said she was pulling out of the lot when her car was hit by the Roush auto. The local girl said she was backing from a parking spot and did not see the Glover car.

Meanwhile, James Robert Higgins, 22, of 685 Lincoln Ave. clarified a report of a collision Sunday night at E. 4th St. and Broadway that involved his car and an auto operated by Guy Roger Ascione, 26, of Poland.

The published report quoted Higgins as saying his car "struck" the Ascione car. The police report actually quoted Higgins as saying "he swung to the right as far as he could and the cars hit."

Jap Farmers Oppose Rocket Firing By U.S.

TOKYO (AP) — Nearly 4,000 Japanese farmers are trying to block U.S. plans to fire Little John rockets at a government firing range in the foothills of Mt. Fuji.

The farmers used to own the farm and forest land. U.S. occupation forces took it over after the war and the Japanese government now controls it.

The firing practice, by the 57th Artillery Group from Okinawa, is scheduled to start Saturday. Twenty to thirty farmers say they plan to dash into range of the missiles when the firing starts.

Greek Postmen Cut 3-Day Strike Short

ATHENS (AP) — Greek postmen cut short a three-day strike today and returned to work a day early after Greece's new government issued a civil mobilization order.

The strike was the postmen's third this month. They are demanding higher mileage allowances.

The government issued the mobilization order after postal officials said the strikes had caused such a pileup of mail that it would be three weeks before deliveries returned to normal.

WHY SHOULD YOU CONSULT A PHYSICIAN?

Because you know a physician has to spend so many years at a medical school and internship in a hospital that he has knowledge about diseases and their treatment that you could not know. Because, when everyone but a physician selects a medicine to take, they usually do not treat the cause of the trouble but only try to stop the pain or discomfort.

Similar symptoms are often present in differing medical problems. A physician, aided by new diagnostic techniques, x-rays, urinalysis, etc., can find out what is causing your trouble and prescribe the one particular medicine he decides is best for you. That is why, if self-treatments do not help immediately, it is wise to go to a physician before a possible serious disease can develop.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

'Search' For TB Held In East End

A house-to-house tuberculosis "search" will get under way today at 4 p.m. and continue through Thursday in the East End under sponsorship of the Columbiana County Public Health League.

Leo Lawrence of East Liverpool, league president, said free chest X-rays will be provided through a roving mobile unit.

—:—

HE EXPLAINED that "certain East End areas have been selected on the basis of established public health TB statistics" and will be covered according to the following schedule:

Today, 4 to 7:30 p.m. — Area between 1st Ave. and Maryland Sts.

Thursday, 1 to 3 p.m. — Corner of Putnam St. and Michigan Ave.; 4 to 7:30 p.m., area between Palissey and Oakland and between Park and Ohio Ave.

"Our Public Health League mobile X-ray unit will be equipped with a generator, making the unit portable," Lawrence said, "and a public speaking bus driver who will drive the outfit and alert the neighborhood.

"Circular distribution already has been made to 1,400 East End homes. Scoutmaster Don Ramsey of 1326 Pennsylvania Ave. and members of Troop 60 of St. Ann's Church handled this demanding but necessary job."

American Legion Post 374 will aid in the TB search by performing registration for the X-ray event.

Mrs. Elmer McDivitt of 1184 Harker Ave., president of the women's group, reports that Mrs. George Hughes of 1624 Pennsylvania Ave. and Mrs. John Reardon of 856 St. George St. will assist in the X-raying today.

—:—

ON THURSDAY, Mrs. Robert Nutter of 705 E. 4th St., Mrs. Kenneth Yost of Vine St., Mrs. Gilford Burdick of 420 Wedgewood Ave. and Mrs. Mildred Miller of 1626 Pennsylvania Ave. will assist.

Also serving will be Mrs. Ray Cusick of 1202 St. George St. and Mrs. Jim Baumgard of 2034 Michigan Ave.

Mrs. McDivitt said the Auxiliary members will be in uniform and that the state and National Legion will recognize their efforts in the local TB programs.

Swaney Field Backed

Jaycees Propose Airport For South Part Of County

The membership of the Junior Chamber of Commerce Monday night voted to lend efforts to a campaign to have the proposed Columbiana County airport located in the southern part of the county.

In taking the action, the Jaycees voted to support the Swaney Airport near Glenmoor as the best of the locations now under consideration for the project. The Jaycees said they based their action or population density, cost and need.

A delegation later visited the Wellsville Jaycees, who also have backed the proposal to have the airport located in this part of the county.

Other county Jaycee chapters will be asked to support the project. Proposals then will be presented the Columbiana County commissioners.

Other projects were discussed, including the soap box derby Oct. 9 on Mayberry Ln. Youths between 9 and 15 are urged to submit their entries, along with parental consent.

A public meeting will be held Oct. 28 at the Potters Savings & Loan Annex to introduce candidates for city offices. Jack Hales will be the moderator.

A band festival will be held in November, providing a suitable site can be located. It will be open to area bands.

In response to a request from the United States Jaycees, the membership voted to back efforts to retain Section 14b of the Taft-Hartley Act and to favor "the use of responsible military force in Viet Nam."

Paul Zehnder said the city's mayorality candidates will be guest speakers at the October membership meeting. Vincent Laneve, president, conducted business.

Rob Rine of the public relations department of the Weirton Steel Co., a retired baseball umpire, was guest speaker. He related several of his experiences and other baseball stories.

Pay Increase Plans Studied At Wellsville

Plans for granting salary increases to city employes were discussed by Wellsville Council during a caucus session Tuesday night.

Councilman Paul Todd, finance chairman, said the program will have to be worked out, but tentative plans call for increases for both hourly and salaried employes.

"It looks good at this time," he commented. Councilmen Nunzio Lombardozzi and Walter Henthorne were absent. Councilman Glenn Mathess had to leave early for work.

Also attending were Mayor William Daugherty, Safety-Service Director Fred Baldasare and Auditor E. S. Davidson.

The mayor requested increases for 21 employes at the Sept. 7 meeting.

Dix Interests Buys Ashland Newspaper

ASHLAND, Ohio (AP) — Dix Interests, a newspaper and radio-television chain, has purchased the Ashland Times-Gazette for an undisclosed price. Raymond E. Dix, president and publisher of the Wooster Daily Record, negotiated the purchase of the 9,590-circulation newspaper Monday.

Fred Koehl, copublisher of the Times-Gazette, said there would be no changes in management or policy. All personnel has been asked to stay, he said. Robert M. Beer, president of the Ashland Publishing Co., which publishes the Times - Gazette, said he is retiring from the newspaper field.

Jaycees Propose Airport For South Part Of County

The membership of the Junior Chamber of Commerce Monday night voted to lend efforts to a campaign to have the proposed Columbiana County airport located in the southern part of the county.

In taking the action, the Jaycees voted to support the Swaney Airport near Glenmoor as the best of the locations now under consideration for the project. The Jaycees said they based their action on population density, cost and need.

A delegation later visited the Wellsville Jaycees, who also have backed the proposal to have the airport located in this part of the county.

Other county Jaycee chapters will be asked to support the project. Proposals then will be presented the Columbiana County commissioners.

Other projects were discussed, including the soap box derby Oct. 9 on Mayberry Ln. Youths between 9 and 15 are urged to submit their entries, along with parental consent.

A public meeting will be held Oct. 28 at the Potters Savings & Loan Annex to introduce candidates for city offices. Jack Hales will be the moderator.

A band festival will be held in November, providing a suitable site can be located. It will be open to area bands.

In response to a request from the United States Jaycees, the membership voted to back efforts to retain Section 14b of the Taft-Hartley Act and to favor "the use of responsible military force in Viet Nam."

Paul Zehnder said the city's mayorality candidates will be guest speakers at the October membership meeting. Vincent Laneve, president, conducted business.

Rob Rine of the public relations department of the Weirton Steel Co., a retired baseball umpire, was guest speaker. He related several of his experiences and other baseball stories.

Farewell Party To Be Held For Pastor, Family

A farewell party for the Rev. Robert P. Thomas, pastor of the Chester Church of the Nazarene, and his family will be held at the Chester City Park Building Thursday at 7:30 p. m.

Orville Crawford is program chairman.

James Martin and Clarence Kirby will conduct devotions. Mrs. Genevieve Weber will be in charge of refreshments.

Rev. Thomas has been pastor of the Chester church the last six years.

Pay Increase Plans Studied At Wellsville

Plans for granting salary increases to city employes were discussed by Wellsville Council during a caucus session Tuesday night.

Councilman Paul Todd, finance chairman, said the program will have to be worked out, but tentative plans call for increases for both hourly and salaried employes.

"It looks good at this time," he commented. Councilmen Nunzio Lombardozzi and Walter Henthorne were absent. Councilman Glenn Mathess had to leave early for work.

Also attending were Mayor William Daugherty, Safety-Service Director Fred Baldasare and Auditor E. S. Davidson.

The mayor requested increases for 21 employes at the Sept. 7 meeting.

Dix Interests Buys Ashland Newspaper

ASHLAND, Ohio (AP) — Dix Interests, a newspaper and radio-television chain, has purchased the Ashland Times-Gazette for an undisclosed price. Raymond E. Dix, president and publisher of the Wooster Daily Record, negotiated the purchase of the 9,590-circulation newspaper Monday.

Fred Koehl, copublisher of the Times-Gazette, said there would be no changes in management or policy. All personnel has been asked to stay, he said. Robert M. Beer, president of the Ashland Publishing Co., which publishes the Times - Gazette, said he is retiring from the newspaper field.

Cub Pack Holds Camp Event In Summitville

SUMMITVILLE — Twelve members of Cub Pack 47 took part in a camporee Friday and Saturday at the Harry Rogers farm, with Clarence Miller and Dean Dowdell, committeemen, and John Wargo, Cubmaster, in charge.

A bake sale was held for the pack by Mrs. Carl Devitt, Mrs. William Poynter and Mrs. Carl Danner, den mothers. Pete Dangelo supervised a cookout.

The pack will meet tonight at 5:30 at the Franklin School.

Rotarians Receive Details Of High School Club Plan

Paul C. Rafferty of Youngstown, an active Rotarian and president of Youngstown Reproductions, Inc., discussed "Interact Clubs, an Investment in Youth," during the Rotary luncheon meeting Tuesday at the Travelers Hotel.

In outlining the functions and aims of the Rotary - sponsored Interact clubs, Rafferty used the group at South High School in Youngstown as a prime example of the 900 clubs, with 22,000 sophomore, junior and senior high school male members, which have been organized since the worldwide program was launched in 1962.

—:—

AN AVERAGE of two clubs per day is now being formed, the executive said, with 43 lands now being represented.

The Youngstown South High Interact Club, with a current membership of 70, was the first in Ohio and the fifth in the nation, Rafferty said. The club adopts new projects each year, some past activities having been the designing and installing of trophy cases at the school and assisting in the purchase of an electric organ and band uniforms.

The South High group also has assisted needy families, helped with school Christmas decorations and worked with lagging students to combat dropouts.

The club has participated in community campaigns, such as the Heart Fund and cancer drives, and has contributed to the Hospital Ship "Hope" and the Olympic team fund.

Members conduct regular visits with Rotarians, arranging in the past to send representatives to the World Affairs Institute in Cincinnati and to international Rotary conventions.

During the summer, two members exchange two-month visits with Interact students from Finland. In addition, the club has sponsored a foreign exchange student at South High and sent a South High student abroad. Occasionally, the group holds international dances and parties.

—:—

ALTHOUGH guided by a committee of Rotarians, the boys remain financially independent, raising funds through such means as concession stands at ball games. Meetings are held by the club officers at the school each week and once a month by the entire group. Interesting programs are planned, such as movies, talks on juvenile delinquency and, in one case, meeting with representatives from the ship "Hope".

Rafferty emphasized the importance of having a dedicated faculty member work with each of the Interact school groups.

Discussing ideas for initiating additional clubs in the district, including East Liverpool, he pointed out that other similar high school organizations cause a competitve situation, but expressed the belief that Interact has as much to offer, and often more, in its international phase.

It was explained that in any Rotary district where there are five or more Interact clubs, these clubs are authorized to elect an Interact governor from among their membership, who then would become a member of the international Interact consultative council, charged with helping to strengthen the program of Interact and particularly its potential for promoting international understanding.

Harold Barth, secretary, who had been ill for several weeks, was welcomed back. Charlie Bunch, Rotarian from Steubenville, was a visitor. E. R. Chandler, president, was program chairman.

2 Ohio Youths Killed, 2 Hurt In Car Wreck

HURON, Ohio (AP) — Two Milan teen-agers were killed and two others were in serious condition in a Sandusky hospital following a one-car accident on Ohio 299, two miles south of here, Tuesday.

Dead are Phillip R. Day and Donald A. Stower, both 16 and students at Milan High School.

Injured were Ronald Weichel, 16, reported in critical condition, and Kenneth Busch, 16, in satisfactory condition.

Erie County sheriff's deputies said they have not yet determined who was driving the car. They said the car passed another on a curve, went into a right lane and then when off the road before striking a tree.

Nevada has a sales and use tax, but no income tax or inheritance tax.

Ohioville's CD Group To Meet Wednesday

The Ohioville Civil Defense organization will meet Wednesday in the Fairview Grange Hall at Ohioville.

Sam McKinney, director, will preside during the business session.

Refreshments and beverages were furnished by the unit at a wiener roast Saturday night at the McKinney home.

Open House Follows Baptismal Ceremony

Open house was observed following the baptism of the infant daughter of Mr. and Mrs. Ben Tiberio at their home in Ohioville Sunday afternoon and night.

Mr. and Mrs. Joseph Cataldo of Ohioville were godparents for the child, baptized Angela Marie at Presentation Church in Midland.

A pink and white decorated cake, centered with booties, was inscribed with baptismal and birthday congratulations, also honoring the baby's grandfather, Len Tiberio of Midland, who shares the infant's birth date, Aug. 15.

Mr. and Mrs. Tiberio also celebrated their 11th wedding anniversary.

Seventy attended.

2 Pupils Commended For Rankings In Test

Two Beaver Local High School students have received letters of commendation from the National Merit Scholarship Corp. for high performance on the qualifying test last spring.

Gerald Suffolk, son of Mr. and Mrs. Albert Suffolk of Negley R.D. 1, and Catherine Jones, daughter of Mr. and Mrs. Robert C. Jones of East Liverpool R.D. 3, were among 38,000 recognized for scoring in the upper percentiles.

The commended students rank just below the 14,000 semi-finalists announced last month.

Lisbon Group To Take Part In East Liverpool Meeting

LISBON — Miss Jayne McBride, honored queen of Bethtel 48, Job's Daughters, presided during the meeting Monday night at the Masonic Temple and announced plans for members to attend the special meeting of Harding DeMolay Chapter of East Liverpool Friday night at the Masonic Temple there.

Plans were made for the annual homemade soup and bake sale Oct. 8 and 9 at Republican headquarters on E. Lincoln Way. Advance orders are being taken by Miss McBride and members of the group.

A practice for officers is scheduled Oct. 9 at 11 a. m. at the temple in preparation for the semi-annual inspection Oct. 25.

Oct. 24 will be observed as "Go to Church Sunday" at the First Presbyterian Church.

Church Circle Meets

Inez Marsden Circle of the Methodist Church met Monday night at the home of Mrs. Kenneth Everett of E. Chestnut St., with Mrs. Richard Strabley co-hostess.

Mrs. John Hammitt, president, conducted the business meeting and with the other members of the group welcomed Mrs. Dean Berry as a new member.

"Will the Real Christian Woman Please Rise" was the program presented by Mrs. Everett. It featured review of the article from the magazine "Together."

"Women of Samaria" was the devotional theme presented by Mrs. Doyle Gilkinson.

At the next meeting Oct. 25, members plan to clean the church nursery. Hostesses will be Mrs. Robert Lewis and Mrs. Kenneth Moore.

Coterie Holds Coverdish

Eighteen members of Coterie attended the coverdish dinner meeting Monday night at the home of Miss Grace Todd of the East Liverpool Rd., newly-elected president, launching the new season. Mrs. Byron Albright is retiring president.

Other new officers are Mrs. Frank Adomitis, vice president; Miss Nettie McPherson, secretary; Mrs. F. C. Davis, treasurer, and Mrs. Guy Frantz, publicity.

Miss Judy Kenmuir, one of the 11 French students who toured Europe last summer, accompanied by Mrs. Hoyt Sexton, French teacher, presented a program of movies and reviewed experiences of her trip.

In memory of three deceased members, Mrs. Raymond Blair, Mrs. J. J. Bennett and Mrs. Katherine Maxwell, a poem written by Katherine L. Ramsdell, "Loved Ones Never Go Away," was read by Mrs. Adomitis.

A book review by Mrs. Frank Henery will feature the program for the next meeting Oct. 11 at the home of Mrs. G. C. Fuhrma of N. Market St.

Mr. and Mrs. Joseph Cataldo of Ohioville were godparents for the child, baptized Angela Marie at Presentation Church in Midland.

A pink and white decorated cake, centered with booties, was inscribed with baptismal and birthday congratulations, also honoring the baby's grandfather, Len Tiberio of Midland, who shares the infant's birth date, Aug. 15.

Mr. and Mrs. Tiberio also celebrated their 11th wedding anniversary.

Seventy attended.

2 Pupils Commended For Rankings In Test

Two Beaver Local High School students have received letters of commendation from the National Merit Scholarship Corp. for high performance on the qualifying test last spring.

Gerald Suffolk, son of Mr. and Mrs. Albert Suffolk of Negley R.D. 1, and Catherine Jones, daughter of Mr. and Mrs. Robert C. Jones of East Liverpool R.D. 3, were among 38,000 recognized for scoring in the upper percentiles.

The commended students rank just below the 14,000 semi-finalists announced last month.

Lisbon Group To Take Part In East Liverpool Meeting

LISBON — Miss Jayne McBride, honored queen of Bethtel 48, Job's Daughters, presided during the meeting Monday night at the Masonic Temple and announced plans for members to attend the special meeting of Harding DeMolay Chapter of East Liverpool Friday night at the Masonic Temple there.

Plans were made for the annual homemade soup and bake sale Oct. 8 and 9 at Republican headquarters on E. Lincoln Way. Advance orders are being taken by Miss McBride and members of the group.

A practice for officers is scheduled Oct. 9 at 11 a. m. at the temple in preparation for the semi-annual inspection Oct. 25.

Oct. 24 will be observed as "Go to Church Sunday" at the First Presbyterian Church.

Church Circle Meets

Inez Marsden Circle of the Methodist Church met Monday night at the home of Mrs. Kenneth Everett of E. Chestnut St., with Mrs. Richard Strabley co-hostess.

Mrs. John Hammitt, president, conducted the business meeting and with the other members of the group welcomed Mrs. Dean Berry as a new member.

"Will the Real Christian Woman Please Rise" was the program presented by Mrs. Everett. It featured review of the article from the magazine "Together."

"Women of Samaria" was the devotional theme presented by Mrs. Doyle Gilkinson.

At the next meeting Oct. 25, members plan to clean the church nursery. Hostesses will be Mrs. Robert Lewis and Mrs. Kenneth Moore.

Coterie Holds Coverdish

Eighteen members of Coterie attended the coverdish dinner meeting Monday night at the home of Miss Grace Todd of the East Liverpool Rd., newly-elected president, launching the new season. Mrs. Byron Albright is retiring president.

Other new officers are Mrs. Frank Adomitis, vice president; Miss Nettie McPherson, secretary; Mrs. F. C. Davis, treasurer, and Mrs. Guy Frantz, publicity.

Miss Judy Kenmuir, one of the 11 French students who toured Europe last summer, accompanied by Mrs. Hoyt Sexton, French teacher, presented a program of movies and reviewed experiences of her trip.

In memory of three deceased members, Mrs. Raymond Blair, Mrs. J. J. Bennett and Mrs. Katherine Maxwell, a poem written by Katherine L. Ramsdell, "Loved Ones Never Go Away," was read by Mrs. Adomitis.

A book review by Mrs. Frank Henery will feature the program for the next meeting Oct. 11 at the home of Mrs. G. C. Fuhrma of N. Market St.

Steel Industry Among Laggards

Stock Traders Ignoring Brakes

NEW YORK (AP) — Enthusiastic stock traders are ignoring several brakes that are currently moderating the rush of the U.S. economy to new highs.

Among the laggards are the steel industry, housing construction and new orders for durable goods. Even the auto industry's confident predictions that a nine-million car sales year will dawn in a few days now are being tempered a bit by the current tussle of dealers to reduce their large stocks of 1965 models.

But the stock market is betting that these problems are short-term. Many traders are convinced that the economy can't be stalled for long, if at all, by current readjustments. And many apparently don't take too seriously the reassurances that inflation can't happen again.

Government officials and many corporate economists stress that there is enough idle production capacity to take care of presently indicated demands of the Viet Nam war and of American consumer intentions to buy goods and still leave enough competition to keep prices from soaring. Some bankers aren't that confident that overheating of the economy is unlikely. But they are in a minority and command little attention.

As the economy heads into the fourth quarter—when it is confidently expected to rise to new heights—there are some troubled spots, however temporary they may be.

One is the steel industry. Output is the lowest since early in February 1964. Protracted labor negotiations this year gave customers lots of time to build up stocks while strike deadlines were twice postponed. Many mills doubt if they'll see much of a pickup in activity for several months.

Construction starts on new houses dropped in August from July and are lagging 7 per cent below the year ago level. The industry talks of better days ahead—but mostly translates "ahead" to mean in a year or two.

New orders for durable goods also were declining in August, and a drop in shipments was reported general throughout most durable goods groups. Here, a pickup is expected this fall. Manufacturers are confident that consumer intentions to buy and business plans to expand will revive new orders and shipments shortly.

Business optimism, as well as that of stock traders, is based on belief that the Viet Nam war will demand enough new hardware to keep factories operating at a faster pace, but not enough more to put a strain on production capacity and thus trigger a round of rising prices.

Gov. Rhodes Proposes Museum In Zanesville

COLUMBUS, Ohio (AP)—Gov. James A. Rhodes proposed a project Tuesday which he said could become one of Ohio's "best tourist attractions" and then opened a section of highway designed to facilitate travel about the state.

The governor, touring Central Ohio on another of his "Wonderful world of Ohio" trips suggested construction of a Zane Grey Museum in Zanesville to display mementos of the famous writer of western stories.

Zane Grey was born in Zanesville in 1875. He died 26 years ago in California.

Near Cambridge Tuesday Rhodes flipped a ribbon to formally open the biggest interchange on the nation's Interstate Highway System.

The interchange, connecting Interstate routes 70 and 77, covers 302 acres with 16 miles of roadway.

In addition to stops in the Zanesville and Cambridge areas Tuesday, the governor's party also visited the Adena State Memorial area near Chillicothe to view the sunrise over a vista which inspired the state's seal, and toured historical sites in Somerset, Newark, Granville and Delaware.

Today's tour was to be confined to the Columbus area, with stops at the zoo, Ohio Railway Museum at Worthington, other parks and museums and German Village.

Dorothy Malone Making Progress

HOLLYWOOD (AP) — Academy Award-winning actress Dorothy Malone was reported "making some progress, but still on the critical list" by spokesmen at Cedars of Lebanon Hospital.

The 38-year-old actress, star of television's "Peyton Place," underwent 7½ hours of surgery last Thursday night to remove blood clots from her lungs.

Miss Malone's temperature soared to over 105 degrees Monday night. Doctors continued today to give her massive intravenous doses of antibiotics to keep it down.

The spokesman said, "She's holding her own, but she'll be on the critical list at least for the next few days."

Woman Makes False Calls For Ambulance

NEDERLAND, Tex. (AP) — Ambulance companies and police in three southeast Texas cities are seeking a woman who makes fake emergency calls for ambulances.

Four false alarms were received Tuesday within 15 minutes by Nederland, Port Arthur and Port Neches ambulance firms, all for a residential Port Neches address.

Four similar fake calls this week summoned aid for three burned children.

Top Senators In Ohio Fight Reapportion

COLUMBUS, Ohio (AP)—Ohio Senate leaders are making a last-ditch effort to forestall reapportionment of the upper chamber.

Republican Leader Theodore M. Gray of Piqua and Democratic Leader Frank W. King of Toledo agreed Tuesday to ask a special federal court meeting in Cincinnati Friday to preserve the present method of electing state senators.

Gray and King said they are hiring attorneys Hugh A. Scherer of Columbus and Kenneth Weinberg of Cleveland to make their presentation. Both lawyers have participated in previous apportionment proceedings.

The senators announced their plans following a meeting with 10 Republican senators. King said he would hold a similar meeting today with Democratic senators.

The federal court has ordered submission of a plan to apportion both the Ohio House and Senate by Oct. 15 in line with U. S. Supreme Court "one-man, one-vote" rulings.

On Friday, the same three judges, sitting as a separate special court, will hear arguments on a request by Clarence Blosser of Logan to declare Ohio Senate apportionment unconstitutional.

Atty. Gen. William Saxbe, who will represent the State Apportionment Board at the hearing, said he expects a special court decision Friday to serve as a guideline in submitting one or more legislative reapportionment plans before the Oct. 15 deadline.

H. K. Porter Names D. F. Blake To Post

PITTSBURGH — Donald F. Blake has been appointed director of advertising and public relations by the H. K. Porter Company, Inc. In this position, he will direct the corporate advertising and public relations programs and the functional activities of the division advertising managers.

Blake has been corporate advertising manager since February 1961. He joined Porter as advertising and publicity manager for the Connors Steel Division at Birmingham, Ala., in July 1957.

On Graduate School Programs

UC And Miami U. Oppose Regents' 'Master Plan'

CINCINNATI (AP)—The University of Cincinnati and Miami University told the Ohio Board of Regents today they are against the concentration of graduate school programs at a single center.

"The major purpose of graduate training is to produce teachers and research scientists who are creative scholars," the UC statement read.

"The essence of creativity lies in experimentation and innovation. The existance of several graduate programs within the state would foster and nourish this spirit of creativity."

Miami University expressed the same viewpoint in its statement at the Regents' hearing on the provisional master plan for higher education. The hearing was held on the UC campus.

"We approve the principle that Miami University should undertake graduate instruction at the doctoral level in areas of special interest and capability," the Miami statement said.

Elsewhere, Miami stressed that its board of directors "does not propose to underwrite the costs of graduate programs through the drain of funds from the university's undergraduate programs which are widely recognized for their well-established strength and richness."

"We believe that the master plan should give greater emphasis and more explicit recognition of the need for adequate financing of higher education in Ohio by the legislature, not only in reference to faculty salary levels (including fringe benefits) and the maintenances of the lowest possible student fees, but also in reference to the creation of academic facilities and residential buildings," the Miami statement continued.

Both universities endorsed the Regents' call for more two-year undergraduate programs to ease the crush of freshmen on main campuses and Miami suggested adding a few more areas of professional education — library science, paper technology and international relations.

PTA Executive Board To Meet In Ohioville

The executive Board of the Association will meet Tuesday at 8 p.m. at the home of Mrs. George Kelly in Ohioville.

Plans will be completed for the second annual bazaar to be presented Oct. 16 in the school halls and cafeteria. Games, prizes refreshments, homebaked goods and a clown will be among the features.

A program on "Modern Reading Progress" will be under the direction of Donald Bradshaw, elementary principal.

Mrs. Robert Loncar, president, will conduct business.

USW Official Sees Hike In Pension Plan

CHICAGO (AP) — A United Steelworkers official has predicted that the union's pension plan will be increased substantially and possibly doubled.

The official, Secretary-Treasurer Walter J. Burke, says the pension now is not too significant because the union and company both know that benefits "will have to be increased in every subsequent contract" with the steel industry.

The plan was negotiated recently with the basic steel industry under the prodding of President Johnson.

Burke gave hints of future goals at the 15th biennial convention of the AFL-CIO Allied Industrial Workers of America.

"This is essentially why the industry fought tooth and nail against a pension plan of this type," Burke told 500 delegates. "We have now nailed down in the steel industry the fundamental right of a worker to leave his job after putting in 30 years of work and to take with him a monthly pension good for the rest of his life."

The early retirement provision calls for a $150-a-month pension after 30 years' service regardless of age.

Burke said more job opportunities should develop as pension benefits become more attractive under the early retirement program.

Top Senators In Ohio Fight Reapportion

COLUMBUS, Ohio (AP)—Ohio Senate leaders are making a last-ditch effort to forestall reapportionment of the upper chamber.

Republican Leader Theodore M. Gray of Piqua and Democratic Leader Frank W. King of Toledo agreed Tuesday to ask a special federal court meeting in Cincinnati Friday to preserve the present method of electing state senators.

Gray and King said they are hiring attorneys Hugh A. Scherer of Columbus and Kenneth Weinberg of Cleveland to make their presentation. Both lawyers have participated in previous apportionment proceedings.

The senators announced their plans following a meeting with 10 Republican senators. King said he would hold a similar meeting today with Democratic senators.

The federal court has ordered submission of a plan to apportion both the Ohio House and Senate by Oct. 15 in line with U. S. Supreme Court "one-man, one-vote" rulings.

On Friday, the same three judges, sitting as a separate special court, will hear arguments on a request by Clarence Blosser of Logan to declare Ohio Senate apportionment unconstitutional.

Atty. Gen. William Saxbe, who will represent the State Apportionment Board at the hearing, said he expects a special court decision Friday to serve as a guideline in submitting one or more legislative reapportionment plans before the Oct. 15 deadline.

H. K. Porter Names D. F. Blake To Post

PITTSBURGH — Donald F. Blake has been appointed director of advertising and public relations by the H. K. Porter Company, Inc. In this position, he will direct the corporate advertising and public relations programs and the functional activities of the division advertising managers.

Blake has been corporate advertising manager since February 1961. He joined Porter as advertising and publicity manager for the Connors Steel Division at Birmingham, Ala., in July 1957.

On Graduate School Programs

UC And Miami U. Oppose Regents' 'Master Plan'

CINCINNATI (AP)—The University of Cincinnati and Miami University told the Ohio Board of Regents today they are against the concentration of graduate school programs at a single center.

"The major purpose of graduate training is to produce teachers and research scientists who are creative scholars," the UC statement read.

"The essence of creativity lies in experimentation and innovation. The existance of several graduate programs within the state would foster and nourish this spirit of creativity."

Miami University expressed the same viewpoint in its statement at the Regents' hearing on the provisional master plan for higher education. The hearing was held on the UC campus.

"We approve the principle that Miami University should undertake graduate instruction at the doctoral level in areas of special interest and capability," the Miami statement said.

Elsewhere, Miami stressed that its board of directors "does not propose to underwrite the costs of graduate programs through the drain of funds from the university's undergraduate programs which are widely recognized for their well-established strength and richness."

"We believe that the master plan should give greater emphasis and more explicit recognition of the need for adequate financing of higher education in Ohio by the legislature, not only in reference to faculty salary levels (including fringe benefits) and the maintenances of the lowest possible student fees, but also in reference to the creation of academic facilities and residential buildings," the Miami statement continued.

Both universities endorsed the Regents' call for more two-year undergraduate programs to ease the crush of freshmen on main campuses and Miami suggested adding a few more areas of professional education — library science, paper technology and international relations.

PTA Executive Board To Meet In Ohioville

The executive Board of the Association will meet Tuesday at 8 p.m. at the home of Mrs. George Kelly in Ohioville.

Plans will be completed for the second annual bazaar to be presented Oct. 16 in the school halls and cafeteria. Games, prizes refreshments, homebaked goods and a clown will be among the features.

A program on "Modern Reading Progress" will be under the direction of Donald Bradshaw, elementary principal.

Mrs. Robert Loncar, president, will conduct business.

USW Official Sees Hike In Pension Plan

CHICAGO (AP) — A United Steelworkers official has predicted that the union's pension plan will be increased substantially and possibly doubled.

The official, Secretary-Treasurer Walter J. Burke, says the pension now is not too significant because the union and company both know that benefits "will have to be increased in every subsequent contract" with the steel industry.

The plan was negotiated recently with the basic steel industry under the prodding of President Johnson.

Burke gave hints of future goals at the 15th biennial convention of the AFL-CIO Allied Industrial Workers of America.

"This is essentially why the industry fought tooth and nail against a pension plan of this type," Burke told 500 delegates. "We have now nailed down in the steel industry the fundamental right of a worker to leave his job after putting in 30 years of work and to take with him a monthly pension good for the rest of his life."

The early retirement provision calls for a $150-a-month pension after 30 years' service regardless of age.

Burke said more job opportunities should develop as pension benefits become more attractive under the early retirement program.

Out Of The Air

By HAL HUMPHREY

Who's Lost In Space?

In a flush of disgust after witnessing the first scenery-chewing episodes of the new CBS-TV series, "Lost in Space," I tagged off my review by commenting that "You 5-year-olds will eat this up."

I have since been upbraided thoroughly for my remark, and **Hal Humphrey** with considerable justification on the part of my upbraider, who is Mrs. Orman Longstreet, a former chairman of the Los Angeles 10th District PTA's TV-radio committee.

--

"THE TIME and format of 'Lost in Space' suggest that it is indeed aimed at families, and that there are probably a number of 5-year-olds who are its actual or potential audience, but a 5-year-old won't eat it up, he'll hate it," writes Mrs. Longstreet.

"In an age of space and space technology," she continues, "a 5-year-old would not understand this show as fantasy, and my main objection to it is that, having hurled a family into orbit without even minimal safety or security precautions, the plot first puts the mother into considerable peril and shows her family being worried about her, and then goes on to put the father into mortal danger and leaves him there until the next week!"

As Mrs. Longstreet goes on to point out, 5-year-olds and those several years to either side of 5 feel very strongly about the safety and integrity of their family group.

--

"LOST IN SPACE" inspired all sorts of anxieties in its first episode, and last week's opened with mom and pop outside the space ship about to be fried to death.

Mrs. Longstreet's letter closed with this provoking thought:

"Unless children are provided with material of quality, they will grow up not knowing what quality is. If they are exploited, and frightened, and condescended to in the name of entertainment or anything else, they will grow up to exploit and frighten and look down on other people, and to some extent we will all be the poorer."

I do not intend to cop a plea here, although I did not mean to imply that simply because the "Lost in Space" series obviously was geared for kids it necessarily would be good for them to watch.

--

ACTUALLY, if one glances at the three network schedules this season between the 7:30 and 8:30 p.m. time periods every day, there is hardly a program which isn't pandering to the kids, or at least young minds.

Most of them, such as "Flipper," "Shindig," "Tammy," "Gilligan's Island" and "Hullabaloo," probably create their heaviest damage by being void of any real substance which would cause thinking of any kind in any direction.

Walt Disney's Sunday night hour on NBC is the only one which occasionally rates an honest recommendation as a series designed to exercise anyone's thinking apparatus or expand a child's horizon.

Now someone is sure to claim there are all kinds of little sugar-coated morality lessons in the Donna Reed, Patty Duke or John Forsythe shows. Maybe, if you aren't gagged by the sugar-coating first.

--

THE FACT IS that the TV industry generally is not really the slightest bit interested in the genuine welfare of our youth, nor does it feel any real responsibility in that area.

What TV mostly concerns itself with is sales, and the approach to making those sales is not very different from that employed by the old medicine show charlatans with their dancing girls and magic acts. Distract the boobs, then sell them the elixir.

And Mrs. Longstreet's voice in this wilderness of commercialism (or mine) is not about to deter the TV industry from its mission. About all we can do, or anyone else with a conscience, is try to alert TV's audiences so that they won't be mesmerized completely by the spiel.

So, if I in any way implied a recommendation of "Lost in Space" for 5-year-olds, I hereby take it back.

Bringing Up A Family

By Dr. GARRY MYERS

Poor Handwriting Can Be A Handicap

The child whose handwriting is very poor is handicapped at school. No matter how good the content of what he writes, his written work will be graded relatively low. You may say that he could use a typewriter. So he could for his written homework. But he hardly will be able to carry a typewriter with him to his classes, even in high school or college. His poor handwriting may also slow him up in note-taking and in short written work in the classroom.

Dr. Garry Myers

In the middle or higher grades of most schools there is little or no guided practice in handwriting and most teachers and parents are inclined to accept slovenly and illegible written work. When teachers do give remedial help in handwriting they generally emphasize certain basic exercises. While such exercises help some children they may do little good for others.

--

TEACHERS and parents would be wiser as a rule to forget about formal handwriting exercises with the very poor handwriter and put sole emphasis on neatness and legibility. In doing this, they don't emphasize speed but slowness and carefulness.

A mother from Ohio writes: "Our Tom, nine-and-a-half is a wonderful, intelligent boy. He is the youngest, with a brother and sister in college. His reading ability is at the sixth grade level and he does well (A's and B's in all his subjects—except handwriting).

"His wonderful patient third grade teacher called me in for a special conference about it, for she fears it will hold him back from now on.

"At his school, they use the 'Peterson System' of handwriting, and the position used is to me an awkward one. His teacher spent one - half hour with me teaching me how to hold the pencil so I might help Tom this summer. She suggested that he make circles and the like. He practices almost every day and lately I have had him write letters to relatives, but the writing is so poor I almost despair.

--

"TOM IS nearsighted, and will be re - examined to see if his glasses need changing. His teacher thought this might be the cause. Tom's co-ordination is rather poor, and he does not do well in athletics — except that he is a good swimmer.

"He has overcome asthma, but remains an easy - going, mature little boy. He plays the piano very well and sings in the church choir. He is also a Cub Scout. He does get along well with others — children and adults.

"On the other hand, Tom is a confirmed dawdler, and cannot be hurried. His teacher said he was always the last one in the room to hand in his paper. She attributes this to his hating to write. He talks so very well, and can discuss any subject you may mention—but to put those wonderful thoughts on paper is a terrible chore for him. Can you help us?"

My reply in part:

It's wonderful your boy reads so well. While poor handwriting will handicap him, I don't think you should be too much distressed over it. The main thing is to encourage him when he writes for his schoolwork to make it neat and legible.

--

THAT TEACHER was very kind to help you work out practice for him, but I think you could get better results if you were to encourage him to write a few lines under a neat, clear copy you write for him or get somebody else to write. Encourage him to work slowly and carefully and to practice beneath a model line for short periods daily.

When he does written homework help him with faint lines on his paper to observe good margins. In his numberwork, show him how to align the figures up and down and across the page.

One of my children when at Tom's age was a most miserable writer. We helped him in ways I suggested to you. He also hit on a kind of manuscript writing of his own, being interested in neatness and legibility. Throughout all his later school life his handwriting was very legible.

My bulletins, "Your Child And His Handwriting" and "The Slowpoke," may be secured by sending a self - addressed, stamped envelope to me in care of The Review.

Chest X-Rays Set For Hancock In Mobile Unit Visit

Free chest X-rays will be offered next week to residents of Hancock County during the annual visit of the mobile unit Tuesday through Friday.

Dates and locations for unit follow: Tuesday, Oct. 5, at the Chester City Building, 10 a.m. until noon and 1 to 4 p.m.; Wednesday, Oct. 6, Weirton Heights shopping plaza, 1 to 4:30 p.m. and 6:30 to 8:30 p.m., Thursday, Oct. 7, Longo Building, Weirton, 1 to 4:30 p.m. and 6:30 to 8:30 p.m., and Friday, Oct. 8, Longo Building, Weirton, from 9 a.m. until noon.

Members of the Hancock County Tuberculosis League will provide clerical assistance for the mobile unit, which is operated by the State Health Department, with the local program carried out through the cooperation of the Hancock County Tuberculosis League.

Fly-Up Exercise Held For 17 In Camp Fire Group

Seventeen girls participated in "fly-up" ceremonies Sunday afternoon at St. Aloysius Parochial school hall.

Members of Bluebird Group 54, the girls were welcomed into the Camp Fire units by Mrs. Barbara Talbott and Mrs. Jackie Campbell, leaders.

During the ceremony, circles were formed and the group sang "Make New Friends." Camp Fire scarves were put on the girls by their fathers.

Mrs. Talbott's group lighted the Wohelo candle and explained the seven crafts of Camp Fire Girls.

Refreshments were served by Mrs. Kay Matheny, Mrs. Lois Prokop and Mrs. Betty Jo Bissell, hostesses.

Guests were Mrs. Rose Keuper and the Sisters of Notre Dame, who are teachers at the school.

Out Of The Air

By HAL HUMPHREY

Who's Lost In Space?

In a flush of disgust after witnessing the first scenery-chewing episodes of the new CBS-TV series, "Lost in Space," I tagged off my review by commenting that "Your 5-year-olds will eat this up."

I have since been upbraided thoroughly for my remark, and **Hal Humphrey** with considerable justification on the part of my upbraider, who is Mrs. Orman Longstreet, a former chairman of the Los Angeles 10th District PTA's TV-radio committee.

-:-

"THE TIME and format of 'Lost in Space' suggest that it is indeed aimed at families, and that there are probably a number of 5-year-olds who are its actual or potential audience, but a 5-year-old won't eat it up, he'll hate it," writes Mrs. Longstreet.

"In an age of space and space technology," she continues, "a 5-year-old would not understand this show as fantasy, and my main objection to it is that, having hurled a family into orbit without even minimal safety or security precautions, the plot first puts the mother into considerable peril and shows her family being worried about her, and then goes on to put the father into mortal danger and leaves him there until the next week!"

As Mrs. Longstreet goes on to point out, 5-year-olds and those several years to either side of 5 feel very strongly about the safety and integrity of their family group.

-:-

"LOST IN SPACE" inspired all sorts of anxieties in its first episode, and last week's opened with mom and pop outside the space ship about to be fried to death.

Mrs. Longstreet's letter closed with this provoking thought:

"Unless children are provided with material of quality, they will grow up not knowing what quality is. If they are exploited and frightened, and condescended to in the name of entertainment or anything else, they will grow up to exploit and frighten and look down on other people, and to some extent we will all be the poorer."

I do not intend to cop a plea here, although I did not mean to imply that simply because the "Lost in Space" series obviously was geared for kids it necessarily would be good for them to watch.

-:-

ACTUALLY, if one glances at the three network schedules this season between the 7:30 and 8:30 p.m. time periods every day, there is hardly a program which isn't pandering to the kids, or at least young minds.

Most of them, such as "Flipper," "Shindig," "Tammy," "Gilligan's Island" and "Hullabaloo," probably create their heaviest damage by being void of any real substance which would cause thinking of any kind in any direction.

Walt Disney's Sunday night hour on NBC is the only one which occasionally rates an honest recommendation as a series designed to exercise anyone's thinking apparatus or expand a child's horizon.

Now someone is sure to claim there are all kinds of little sugar-coated morality lessons in the Donna Reed, Patty Duke or John Forsythe shows. Maybe, if you aren't gagged by the sugar-coating first.

-:-

THE FACT IS that the TV industry generally is not really the slightest bit interested in the genuine welfare of our youth, nor does it feel any real responsibility in that area.

What TV mostly concerns itself with is sales, and the approach to making those sales is not very different from that employed by the old medicine show charlatans with their dancing girls and magic acts. Distract the boobs, then sell them the elixir.

And Mrs. Longstreet's voice in this wilderness of commercialism (or mine) is not about to deter the TV industry from its mission. About all we can do, or anyone else with a conscience, is try to alert TV's audiences so that they won't be mesmerized completely by the spiel.

So, if I in any way implied a recommendation of "Lost in Space" for 5-year-olds, I hereby take it back.

Poor Handwriting Can Be A Handicap

The child whose handwriting is very poor is handicapped at school. No matter how good the content of what he writes, his written work will be graded relatively low. You may say that he could use a typewriter. So he could for his written homework. But he hardly will be able to carry a typewriter with him to his classes, even in high school or college. His poor handwriting may also slow him up in note-taking and in short written work in the classroom.

Dr. Garry Myers

In the middle or higher grades of most schools there is little or no guided practice in handwriting and most teachers and parents are inclined to accept slovenly and illegible written work. When teachers do give remedial help in handwriting they generally emphasize certain basic exercises. While such exercises help some children they may do little good for others.

TEACHERS and parents would be wiser as a rule to forget about formal handwriting exercises with the very poor handwriter and put sole emphasis on neatness and legibility. In doing this, they don't emphasize speed but slowness and carefulness.

A mother from Ohio writes: "Our Tom, nine-and-a-half is a wonderful, intelligent boy. He is the youngest, with a brother and sister in college. His reading ability is at the sixth grade level and he does well (A's and B's in all his subjects—except handwriting).

"His wonderful patient third grade teacher called me in for a special conference about it, for she fears it will hold him back from now on.

"At his school, they use the 'Peterson System' of handwriting, and the position used is to me an awkward one. His teacher spent one - half hour with me teaching me how to hold the pencil so I might help Tom this summer. She suggested that he make circles and the like. He practices almost every day and lately I have had him write letters to relatives, but the writing is so poor I almost despair.

"**TOM IS** nearsighted, and will be re - examined to see if his glasses need changing. His teacher thought this might be the cause. Tom's co-ordination is rather poor, and he does not do well in athletics — except that he is a good swimmer.

"He has overcome asthma, but remains an easy - going, mature little boy. He plays the piano very well and sings in the church choir. He is also a Cub Scout. He does get along well with others — children and adults.

"On the other hand, Tom is a confirmed dawdler, and cannot be hurried. His teacher said he was always the last one in the room to hand in his paper. She attributes this to his hating to write. He talks so very well, and can discuss any subject you may mention—but to put those wonderful thoughts on paper is a terrible chore for him. Can you help us?"

My reply in part:

It's wonderful your boy reads so well. While poor handwriting will handicap him, I don't think you should be too much distressed over it. The main thing is to encourage him when he writes for his schoolwork to make it neat and legible.

THAT TEACHER was very kind to help you work out practice for him, but I think you could get better results if you were to encourage him to write a few lines under a neat, clear copy you write for him or get somebody else to write. Encourage him to work slowly and carefully and to practice beneath a model line for short periods daily.

When he does written homework help him with faint lines on his paper to observe good margins. In his numberwork, show him how to align the figures up and down and across the page.

One of my children when at Tom's age was a most miserable writer. We helped him in ways I suggested to you. He also hit on a kind of manuscript writing of his own, being interested in neatness and legibility. Throughout all his later school life his handwriting was very legible.

My bulletins, "Your Child And His Handwriting" and "The Slowpoke," may be secured by sending a self - addressed, stamped envelope to me in care of The Review.

Chest X-Rays Set For Hancock In Mobile Unit Visit

Free chest X-rays will be offered next week to residents of Hancock County during the annual visit of the mobile unit Tuesday through Friday.

Dates and locations for unit follow: Tuesday, Oct. 5, at the Chester City Building, 10 a.m. until noon and 1 to 4 p.m.; Wednesday, Oct. 6, Weirton Heights shopping plaza, 1 to 4:30 p.m. and 6:30 to 8:30 p.m.; Thursday, Oct. 7, Longo Building, Weirton, 1 to 4:30 p.m. and 6:30 to 8:30 p.m., and Friday, Oct. 8, Longo Building, Weirton, from 9 a.m. until noon.

Members of the Hancock County Tuberculosis League will provide clerical assistance for the mobile unit, which is operated by the State Health Department, with the local program carried out through the cooperation of the Hancock County Tuberculosis League.

Fly-Up Exercise Held For 17 In Camp Fire Group

Seventeen girls participated in "fly-up" ceremonies Sunday afternoon at St. Aloysius Parochial school hall.

Members of Bluebird Group 54, the girls were welcomed into the Camp Fire units by Mrs. Barbara Talbott and Mrs. Jackie Campbell, leaders.

During the ceremony, circles were formed and the group sang "Make New Friends." Camp Fire scarves were put on the girls by their fathers.

Mrs. Talbott's group lighted the Wohelo candle and explained the seven crafts of Camp Fire Girls.

Refreshments were served by Mrs. Kay Matheny, Mrs. Lois Prokop and Mrs. Betty Jo Bissell, hostesses.

Guests were Mrs. Rose Keuper and the Sisters of Notre Dame, who are teachers at the school.

Reorganization Held By Troop In Ohioville

A reorganization meeting for Ohioville Brownie Troop 65 was held Monday at the home of the leader, Mrs. Sam McKinney. Mrs. Ed Colonna is assistant leader.

A hike and cookout is planned for Oct. 9. The girls will meet at Fairview School at 1 p.m. to travel by car to the Leonard Beck property, where they will see beaver dams, hike and have a wiener roast. They will return to the school at 4 p.m.

Duties for committeewomen were outlined as follows: Mrs. Beck, cookie and calendar sales; Mrs. George Blakemore, transportation; Mrs. George Kelly, parties; Mrs. June Knott, hikes; Mrs. Colonna, day camp and treasurer, and Mrs. McKinney, tours and activities.

The first meeting will be held at the McKinney home on TV Tower Rd. Tuesday.

Mrs. George Mastrovich, area consultant, attended Monday's meeting.

For News, Newsphoto Report

39 Newspapers Honored

BUFFALO, N..Y. (AP) — The Associated Press Managing Editors Association announced today the award of citations to 43 Associated Press members for outstanding participation in the AP news and newsphoto report.

Thirty-nine newspapers and four broadcast members of the news cooperative were honored at the annual five-day APME convention which began Tuesday. Each of the recipients made an important contribution in the coverage of a fast-breaking news event in behalf of all AP members during the past year.

In many cases the members singled out for the awards provided stories or newsphotos, or both, for other AP members before they could make use of the material themselves.

Five of the awards stemmed from coverage of the disastrous tornadoes and floods that hit the Midwest in April 1965. Other awards were related to coverage of the Los Angeles racial riots, the Dominican Republic conflict, the Air Force jet tanker crash that killed 30 in Kansas and the natural gasline explosion in Indiana.

Recipients were:

Area Residents Learn Of Injury To Kin In Viet

Mr. and Mrs. L. P. Perry of Hillcrest, Wellsville, have received word that their grandson, Lt. Larry Wagoner, had been injured in Viet Nam and is now in hospital at Japan.

He attended Wellsville schools and the Riverside Presbyterian church for 10 years prior to moving to Las Vegas.

He is the son of Mr. and Mrs. William Wagoner of Las Vegas. His wife, Mrs. Barbara Wagoner, and three children reside in San Clemente, Calif.

None Injured In 2 Crashes

A Wellsville motorist escaped injury in a two-car collision on the East Liverpool - Wellsville Rd. early today and an East Palestine driver was unhurt in a car-truck mishap near Negley Tuesday.

The Ohio Highway Patrol at Lisbon said David Wayne Chrisman, 22, of 340 18th St., Wellsville, was headed south at 2 a.m. and passed a car operated by Francis Newark, 45, of Brecksville.

After passing, Chrisman slowed for a car in front of him, and his 1965 coupe was struck from behind by Newark's 1964 coach, causing light damage. Newark was cited for failure to stop in the assured clear distance.

Robert B. Schmidt, 24, of Cincinnati was arrested after his semi-trailer truck sideswiped a car operated by Harold Thomas Davis, 22, of East Palestine R.D. 1 yesterday on Township Rd. 1056 just east of Route 154 near Negley.

Schmidt was headed west and Davis east when the truck struck the car on a sharp curve. He was charged with driving left of center.

Laughlin Chosen Head Of World War 1 Group

Robert P. Laughlin of Chester is the new commander of Midland Barracks 2119 of World War I Veterans.

He was elected Sunday during a meeting at American Legion Post 491 in Midland and succeeds William C. Smith of East Liverpool, who was named senior vice commander.

Others named to offices were Walter Clapsaddle, East Liverpool, junior vice commander; Robert Dunn, East Liverpool, quartermaster; John Shannon, Midland, chaplain; Harold Taylor, East Liverpool, judge advocate; Mike DeMarco, Midland, guard; Luke Cadman, East Liverpool, sergeant - at-arms; Truman Rodfong, Midland, service officer; Edison Watson, East Liverpool, three-year trustee; Wilbur Harmon, East Liverpool, two-year trustee, and Herbert Burgoyne, Midland, one - year trustee.

The officers will be installed Oct. 24 in ceremonies at Midland, with Cadman, past commander of Barracks 2119, the installing officer.

At Sunday's meeting, Watson reported on the recent national convention at Tampa, Fla.

Plans were made for a rummage sale Oct. 25 at the Odd Fellows Building in East End. Anyone wishing to donate articles is asked to contact Mrs. Stella Cadman or to bring them to the sale on opening day.

The World War I vets also have announced the start of a drive to enroll more members.

WASHINGTON (AP) — A bill to establish a national recreation area in West Virginia's Pendleton and Grant counties has been signed into law by President Johnson.

Cosmetics Serve As Theme During Quota's Meeting

A cosmetic demonstration was held during the meeting of the Quota Club Tuesday night at the home of Mrs. Mildred Dawson of Mayberry Ln.

Mrs. Lois McHenry, club member and owner of Merle Norman Cosmetics, gave the demonstration, with Mrs. Edna Jones as a model.

Mrs. Marie Hays, president, reported on the 6th District conference last weekend at Youngstown.

Refreshments were served 23 by the hostess, assisted by Miss Gladys DeBolt and Mrs. May Hartt. The buffet table was centered with a fall flower arrangement. Mrs. Hays poured at the silver service.

The next session will be a luncheon Oct. 12 at the Travelers Hotel.

For News, Newsphoto Report

39 Newspapers Honored

BUFFALO, N.Y. (AP) — The Associated Press Managing Editors Association announced today the award of citations to 43 Associated Press members for outstanding participation in the AP news and newsphoto report.

Thirty-nine newspapers and four broadcast members of the news cooperative were honored at the annual five-day APME convention which began Tuesday. Each of the recipients made an important contribution in the coverage of a fast-breaking news event in behalf of all AP members during the past year.

In many cases the members singled out for the awards provided stories or newsphotos, or both, for other AP members before they could make use of the material themselves.

Five of the awards stemmed from coverage of the disastrous tornadoes and floods that hit the Midwest in April 1965. Other awards were related to coverage of the Los Angeles racial riots, the Dominican Republic conflict, the Air Force jet tanker crash that killed 30 in Kansas and the natural gasline explosion in Indiana.

Recipients were:

News and newsphoto coverage: The Log Cabin Democrat, Conway, Ark.; the News-Journal, Wilmington, Del.; Honolulu Star-Bulletin, Honolulu, Hawaii; Lewiston Morning Tribune, Lewiston, Idaho; Idaho State Journal, Pocatello, Idaho; The Wichita Eagle and the Wichita Beacon, Wichita, Kan.; Lake Charles American Press, Lake Charles, La.; Shreveport Journal, Shreveport, La.; the Shreveport Times, Shreveport, La.; Utica Observer-Dispatch, Utica, N.Y.; Akron Beacon, Journal, Akron, Ohio; Columbus Evening Dispatch, Columbus, Ohio; the Tribune-Democrat, Johnstown, Pa.; Williamsport Sun-Gazette, Williamsport, Pa.; Ledger-Star, Norfolk, Va.; the La Crosse Tribune, La Crosse, Wis.

News coverage: The Selma Times-Journal, Selma, Ala.; Radio station WRIN, Rensselaer, Ind.; radio station WHB, Kansas City, Mo.; the Post-Standard, Syracuse, N.Y.; radio station WLNC, Laurinburg, N.C.; the Plain Dealer, Cleveland, Ohio; the Southam newspaper of Canada, Toronto, Ontario; Centre Daily Times, State College, Pa.; radio station WKRM, Columbia, Tenn.; San Angelo Standard-Times, San Angelo, Tex.; the Columbian, Vancouver, Wash.

Newsphoto coverage: The Humboldt Times, Eureka, Calif.; Los Angeles Herald-Examiner, Los Angeles, Calif.; Los Angeles Times, Los Angeles, Calif.; the Sacramento Bee, Sacramento, Calif.; the Montreal Star, Montreal, Canada; the Elkhart Truth, Elkhart, Ind.; the South Bend Tribune, South Bend, Indiana; the Southwest Daily Times, Liberal, Kan.; Alexandria Daily Town Talk, Alexandria, La.; Utica Daily Press, Utica, N.Y.; the San Juan Star, San Juan, Puerto Rico; the Providence Journal and the Evening Bulletin, Providence, R.I.; Richmond Times-Dispatch, Richmond, Va.; the Seattle Daily Times, Seattle, Wash.

Area Residents Learn Of Injury To Kin In Viet

Mr. and Mrs. L. P. Perry of Hillcrest, Wellsville, have received word that their grandson, Lt. Larry Wagoner, had been injured in Viet Nam and is now in hospital at Japan.

He attended Wellsville schools and the Riverside Presbyterian church for 10 years prior to moving to Las Vegas.

He is the son of Mr. and Mrs. William Wagoner of Las Vegas. His wife, Mrs. Barbara Wagoner, and three children reside in San Clemente, Calif.

None Injured In 2 Crashes

A Wellsville motorist escaped injury in a two-car collision on the East Liverpool - Wellsville Rd. early today and an East Palestine driver was unhurt in a car-truck mishap near Negley Tuesday.

The Ohio Highway Patrol at Lisbon said David Wayne Chrisman, 22, of 340 18th St., Wellsville, was headed south at 2 a.m. and passed a car operated by Francis Newark, 45, of Brecksville.

After passing, Chrisman slowed for a car in front of him, and his 1965 coupe was struck from behind by Newark's 1964 coach, causing light damage. Newark was cited for failure to stop in the assured clear distance.

Robert B. Schmidt, 24, of Cincinnati was arrested after his semi-trailer truck sideswiped a car operated by Harold Thomas Davis, 22, of East Palestine R.D. 1 yesterday on Township Rd. 1056 just east of Route 154 near Negley.

Schmidt was headed west and Davis east when the truck struck the car on a sharp curve. He was charged with driving left of center.

The lumber industry ranks first, agriculture second and tourism third among Oregon's industries.

Laughlin Chosen Head Of World War 1 Group

Robert P. Laughlin of Chester is the new commander of Midland Barracks 2119 of World War I Veterans.

He was elected Sunday during a meeting at American Legion Post 491 in Midland and succeeds William C. Smith of East Liverpool, who was named senior vice commander.

Others named to offices were Walter Clapsaddle, East Liverpool, junior vice commander; Robert Dunn, East Liverpool, quartermaster; John Shannon, Midland, chaplain; Harold Taylor, East Liverpool, judge advocate; Mike DeMarco, Midland, guard; Luke Cadman, East Liverpool, sergeant - at-arms; Truman Rodfong, Midland, service officer; Edison Watson, East Liverpool, three-year trustee; Wilbur Harmon, East Liverpool, two-year trustee, and Herbert Burgoyne, Midland, one - year trustee.

The officers will be installed Oct. 24 in ceremonies at Midland, with Cadman, past commander of Barracks 2119, the installing officer.

At Sunday's meeting, Watson reported on the recent national convention at Tampa, Fla.

Plans were made for a rummage sale Oct. 25 at the Odd Fellows Building in East End. Anyone wishing to donate articles is asked to contact Mrs. Stella Cadman or to bring them to the sale on opening day.

The World War I vets also have announced the start of a drive to enroll more members.

WASHINGTON (AP) — A bill to establish a national recreation area in West Virginia's Pendleton and Grant counties has been signed into law by President Johnson.

Cosmetics Serve As Theme During Quota's Meeting

A cosmetic demonstration was held during the meeting of the Quota Club Tuesday night at the home of Mrs. Mildred Dawson of Mayberry Ln.

Mrs. Lois McHenry, club member and owner of Merle Norman Cosmetics, gave the demonstration, with Mrs. Edna Jones as a model.

Mrs. Marie Hays, president, reported on the 6th District conference last weekend at Youngstown.

Refreshments were served 23 by the hostess, assisted by Miss Gladys DeBolt and Mrs. May Hartt. The buffet table was centered with a fall flower arrangement. Mrs. Hays poured at the silver service.

The next session will be a luncheon Oct. 12 at the Travelers Hotel.

Maryland first was settled in March 25, 1634, by Leonard Calvert.

Dear Folks:

Lots of us have sandwich grills or waffle irons that will convert into sandwich grills.

I walked into the kitchen of a restaurant recently, and here's what I saw:

Lands - o' - goshin. If they didn't have all of their grills completely covered (both top and bottom) with heavy-duty aluminum foil!

When I asked the owner why this had been done, he said, "Mainly to keep our grills clean, especially when cooking hamburgers or cheese sandwiches. Not only does it save us the cost of labor, and the time it takes to clean the grills, but we find that, since the foil is smooth, it actually toasts the bread better!"

So . . . if the owners of a restaurant, where thousands of sandwiches are made each day, figures he can save that way, why shouldn't we use his idea?

Just tear off a piece of foil about twice the size of your grill and cover it completely, folding and squeezing the foil snugly around the sides and bottom of the grill.

Do the same to the top, lapping the foil back over the top (so it won't fall off), and grill away.

This foil may be reused again and again.

HELOISE.

DEAR HELOISE:

I line my kitchen and linen closet shelves with cut-up plastic shower curtains.

They are neat and attractive, and can be washed and reused.

MARCIE MILLER.

DEAR HELOISE:

You know how patterns are after you've used them—wrinkled, hard to fold, and bulky in the envelope.

I have a solution:

After use, lay the pattern flat on the ironing board and dry press. Then fold and press again. If the envelope is wrinkled, press it also.

This works wonders for me in handling, storing, and use of the patterns.

BELVA HALL.

DEAR HELOISE:

I cured my husband of spending so much of our money on his hobby (which I could not participate in), by writing a check for the exact, same amount for Me, Myself and . . . "I."

Now he thinks twice before buying and building his own pleasures.

And, it works like a charm!

WOW-WOW.

DEAR HELOISE:

Here comes your nylon net again.

I cut a long, narrow strip about 6 inches wide to wrap around my head when my hair is rolled up in those huge curlers.

Because it's made of net, my hair dries in jig time.

MAGGIE.

-:-

And it only takes 6 inches? For those who are going to use this idea, buy at least 12 inches. It is 72 inches wide, you know. That should cost you about 13 cents.

You can use what is left over for many other things. Watch for the ideas coming.

HELOISE.

DEAR HELOISE:

When hot compresses are needed, place several in very warm water, wring out and place in the top of a double boiler, with water boiling in the bottom.

These compresses will remain hot (no rewringing necessary) until ready for use.

MRS. CUTTING.

DEAR HELOISE:

I make good use of the cardboard, showcase napkin holders that paper napkins come in:

They are a help in the medicine cabinet when cut down—for storing small, odd tubes and bottles, make fine drawer-sorters for bottles of perfume and small items, and can be used in the kitchen to hold new envelopes of mixes, sauces, spices, etc.

Besides being useful, they are very decorative.

Discussion Of 'Folk Music' Highlights Meeting Of Club

Robert Shankovich, vocal music instructor of the high school, presented the program during the opening fall meeting of the Travelers Club Saturday afternoon with Mrs. William J. Horger of Ohio Ave.

Introduced by Mrs. Jane Rife, program chairman, he discussed "Folk Music," reviewing the origin and background and using recorded music to demonstrate his remarks.

Miss Martha Stacey and Ron Arcuragi, students, enacted a folklore skit "Dear Henry."

Mrs. H. F. Banfield, president, extended greetings with a poem "Hello" and read another poem "Memories" in honor of the late Mrs. Evelyn Clark.

Roll call response was favorite folk songs. Mrs. Arthur Turner, program chairman, previewed forthcoming programs.

Refreshments were served 20 at a tea table covered with a white cloth embroidered with burnt orange color floss. The centerpiece was an arrangement of burnt orange roses. Mrs. Banfield poured at the silver service. Mrs. Olga Schylander of Pasadena, Calif., was a guest.

The next session will be Oct. 18 with Mrs. Banfield of Highland Colony. Stephen Eibling, manager of the Ohio Bell Telephone Co. office here, will be the speaker.

Crucible Orders Jets Plane For Staff's Use

PITTSBURGH — Delivery of a jet plane, purchased by the Crucible Steel Co. from the Rockwell - Standard Corp., is expected in November, officials of the firm have announced.

The jet, which will replace two propeller-driven planes now used by Crucible, will result in a saving of operating costs because of its speed, which will enable it to do the work of the present two craft.

Buffalo Blind Man Customizing 1950 Car

BUFFALO, N.Y. (AP) — The project may take two years, but Carlo Annibale hopes to customize a 1950 automobile.

Annibale, 35, has the car on blocks in a garage. Helped by a friend, Paul Weiben, Annibale has been disassembling the vehicle and reconditioning the parts.

"Some people think I'm crazy," he said, "but this will end up a very fine piece of machinery . . . I'll see to that."

Annibale has been blind since he was 11 years old.

On Jan. 1, 1898 Greater New York was formed by organizing the adjacent counties into boroughs.

Armco Steel Names Verity As President

MIDDLETOWN, Ohio (AP)—C. William Verity Jr. will take over his grandfather's old firm Friday when he becomes president of Armco Steel Corp.

Armco's board of trustees announced Tuesday that the 48-year-old Verity will succeed Logan T. Johnston, president since 1960, who will take over as chairman of the board. Johnson, 65, has been associated with Armco since the mid-1920's.

Verity came to Armco 25 years ago after graduating from college and is now an executive vice president of the firm founded in 1900 by his grandfather, George M. Verity. His father also worked for Armco for years.

Armco ranks as the nation's fourth largest steel firm with seven steelmaking facilities in this country and plants in 17 other countries.

Verity graduated from Yale in 1939 and went to work next year as a laborer in Armco plants in the Hamilton-Middletown area. He joined the Navy in 1942 and on his return from military service four years later became an assistant safety advisor at the Middletown plant.

In 1950, Verity was transferred to Ashland, Ky., as personnal advisor and in 1953 became assistant to the manager at that plant. He returned to Middletown in 1957 as corporate director of organization planning and in 1961 took over as director of public relations.

From that job, Verity moved on two years later to become a vice-president and general manager of the Armco Division. When the company's two steelmaking divisions merged in 1964, he was placed in charge of the combined operations and last April was elected to the board of directors and became executive vice president with corporate responsibility for all Armco steel activities.

Teachers Will Attend English Discussions

Four English teachers in East Liverpool schools will attend the 18th annual English conference Saturday at Kent State University, with the theme "New Directions in English."

They are Lloyd Babb of the high school faculty, Miss Ruth Van Dyne of East Junior High and Mrs. Margaret Bowen and Miss Mildred Vorndran of Westgate Junior High.

James Tanner, executive assistant to the Cleveland superintendent of schools, will speak Saturday morning on "Education for the Culturally Disadvantaged."

Following five group meetings, James M. Reid, former editor-in-chief of the school department of Harcourt, Brace and World, textbook publishers, will discuss "Inside Textbooks" at a luncheon meeting.

Funds For Two Ohio Projects Are Okayed

WASHINGTON (AP) — The Community Facilities Administration Tuesday approved funds for two Ohio projects.

They were a $6,300 advance to Carroll to plan new water facilities to cost an estimated $153,000, and a $10,800 advance to Nelsonville to plan expansion and improvement of water facilities to cost an estimated $218,000.

Zachary Scott, Stage, Screen Star, Gravely Ill

AUSTIN, Tex. (AP)—Zachary Scott, handsome star of stage and screen, is gravely ill with a brain tumor at the Austin home of his widowed mother.

This was disclosed Tuesday by a family spokesman, who said doctors diagnosed the tumor as malignant and the 51-year-old actor has received radiation treatment.

His wife, actress Ruth Ford, is here with him.

Scott went to a New York City hospital for two months after complaining he did not feel well last spring, the spokesman said. He spent two weeks more at an Austin hospital.

The actor has been staying at the home of his mother since Aug. 9. An ambulance has taken him to a doctor's office several times recently for radiation treatments. The spokesman said no surgery is planned.

Scott is a native of Austin and studied drama here at the University of Texas. His father, Dr. Zachary Scott Sr., died in 1964.

Gas Pioneer Dies

NEW YORK (AP) — William G. Maguire, 79, a pioneer in the natural gas industry and president and board chairman of Panhandle Eastern Pipeline Co., died Tuesday after a brief illness. Maguire was a founder of the firm that originally organized Panhandle, one of the nation's oldest and largest long-distance natural gas transmission lines.

What's Wrong With Our Way Of Eating?

The question has been raised as to whether calories count more at one time than at another. As Voltaire once remarked when asked to discuss a subject "Delighted, but first define your terms."

Ida Jean Kain

In any discussion of calories, it is first necessary to understand that the calorie is a unit of measure, just as an inch is a unit of measure. Calories are a quantitative measure for the energy (or heat) value of food. Individual energy requirements are also expressed in terms of calories. A calorie is always a calorie. Total calories ingested determine body weight and body composition. On the weight score, calories count the same at all times. Any excess of calories eaten is stored, essentially as fat. But that isn't the total picture.

—:—

ONE OF the major factors in determining how excess calories are stored depends on the meal pattern. Our modern way of slighting breakfast, going light at lunch and saving the big meal for the end of the day is not in the interest of health, reducing or weight control.

The explanation: Science has found that when more food is consumed at one time than is needed for immediate use, the body deals with the overload through another enzymatic pathway. In this process the excess fuel taken at that meal is laid down as fat in the tissues.

This does not refer to weight, but to fat. If total calories are within the day's requirements, weight will not increase, but the fat composition of the body is raised.

The latest nutritional research on obesity is focusing on body composition. In his studies with experimental animals, including the differences between "nibblers" and "big - meal-eaters," Dr. Clarence Cohn, director of the Department of Nutritional Sciences at Michael Reese Hospital in Chicago, found that the little white rats who ate all their daily quota of calories in two large loads deposited more fat and retained less protein. The other group on the same diet - mixture eating ad libitum, built lean bodies.

On the weight score, as long as the quantity of food was consumed, the weights of the two groups were identical, but the relative proportion of fat was greater in the meal - eating group. Of the greatest significance was the fact that the serum cholesterol levels of the big-meal-eaters was double that of the nibblers.

Two major findings from this research which can be helpful: (1) On the same amount of food, overloading at two big meals leads to laying down a disproportionate amount of fat in the tissues; (2) small meals, supplemented by scientific pick-ups, lead to a higher protein body composition and a leaner body.

We cannot imitate the nibblers and eat all the day long. But we can avoid a major overload at any one meal and take advantage of these scientific findings which enable us to build lean, healthy bodies.

Minstrel's Cast To Hold Practice

The "Hayloft Minstrel" will be the theme of the entertainment to be sponsored by the Hillcrest - Fairview Parent - Teacher Association Nov. 19 and 20 in the Yellow Creek Grange Hall.

A rehearsal of end men, end women and the interlocutor will be held tonight at 7:30 at the school building.

Other committee chairmen announced by Mrs. Zeta Penn, general chairmen, are: Mrs. Jean Marcin, program; Mrs. Penn and Mrs. Carole Myers, stage set; Mr. and Mrs. Ersel DeLauder, refreshments; Wesley Wright, lights; Mrs. Marcella James, makeup, and Vince DeFilippo, end men and end women.

Veterans Given Information On Income Reports

William R. Blackwell, manager of the Cleveland regional office of the Veterans Administration, said today that veterans or their dependents who are in receipt of a pension from the VA and who are in receipt of added income solely from increased Social Security benefits need not report such income to the VA until the usual income questionnaire reporting time in December.

Any other income, however, which was not anticipated and reported in the 1964 income questionnaire, should be reported immediately upon receipt.

The VA, through its computer, has identified those cases in which it is believed increased Social Security benefits will affect and cause adjustment in monthly pension awards. Veterans and their dependents so affected will be informed of any changes made in their pension within the next 30 days.

Compliance with this request will eliminate duplicate reporting on the part of the veteran and save time and effort on the part of the VA in making any adjustments necessary in monthly pension awards.

Ohio 5-Day Forecast

Temperatures will average 3 to 6 degrees below normal. Representative daily normal highs and lows are: Cincinnati 75-52, Columbus 73-84, Cleveland 70-47. Near normal Thursday, cooler Friday and Saturday, then warmer again the first of next week.

Simple Experiment Begun For Detecting Lung Cancer

PARK RIDGE, Ill. (AP) — A simple, painless community experiment is under way in Park Ridge which a pathologist says could become a routine form of detecting lung cancer before a person develops symptoms.

The disease, if detected early, can be curbed successfully in almost every case by surgery, said Dr. Jonas Valaitis.

"There is a good possibility that this form of cancer detection will be commonplace a few years from now," he said.

All the experiment involves is a bottle and a microscope.

For three consecutive mornings, 6,000 Park Ridge residents are depositing sputum in a sanitary vial. The vial is turned over to Lutheran General Hospital for microscopic examination.

The two-year study is financed by a $22,650 grant from the American Cancer Society. It is directed by Dr. Valaitis, chief pathologist at Lutheran General.

Dr. Valaitis said in an interview that cancer cells can be detected in sputum before the cancer growths show up on X rays, and before the victim has observable symptoms.

Dr. Valaitis said the technique is not new. It was discovered in 1928 by Dr. G. Papanicolaou and is in general use.

FIRST IN SAFETY

The 48 men in the Structural Shop at Midland works are proud of an award they received recently and rightly so. They were presented a Crucible Safety Award of Honor in recognition of more than 16 years of continuing work without a disabling injury. The shop led a group of 17 departments throughout the plant which were cited for outstanding safety achievements.

These safety records are a tribute to the safe work practices and on-the-job safety consciousness of every employe.

Each of them recognizes that safety is a personal and individual obligation and that he owes it to himself and his family to safeguard his own life and the lives of others.

At Crucible safety is and must be the first consideration in all operations and extensive programs are conducted to keep employes alert to possible hazards and to the precautions which must be taken to avoid them. Our first concern is the people who work with plant and capital for progress.

Everybody Knocking Fat

By HAL BOYLE

NEW YORK (AP) — Everybody is knocking fat today.

You are advised to keep it off your person and cut it off the meat you eat.

Fat is blamed for everything from early acne to early death. It seems to be public enemy No. 1.

Politicians probably would even blame the worldwide Communist conspiracy on fat except for one inescapable fact: Most Communists aren't fat, unless it is between the ears where it doesn't show. They generally tend to the lean and hungry look.

But in a diet-mad world, the critics of fat overlook one truth: It may have its perils, but it has its pleasures too. Yes, blubber hath its charms for the man or woman who owns it.

To paraphrase Abraham Lincoln, "The Lord must have loved fat people—he made so many of them."

Here are a few compensations for being overweight:

You never have to give the shirt off your back to help a buddy. It is too big to fit your buddy.

It isn't necessary to push your way through revolving doors. You merely lean against them—and they spin like crazy.

When a fat man sits down in a bus seat, he doesn't have to share it with anyone else. There simply isn't room for anyone else.

You don't have to learn new dances such as the Frug, the Monkey or the Jerk. No gal in her right mind would want to be seen going through such strenuous motions in public with a fat man.

Yet there are few sights more heartwarming than seeing a graceful fat man and a fat lady waltzing together. It is like watching two battleships sail through heavy seas while smaller craft scurry for safety.

As a matter of policy, life insurance agents rarely try to sell a really fat man a big new policy he can't afford.

Strange dogs bark less often at pudgy folk, realizing instinctively that they are more noble by nature than stringbean-shaped humans.

You don't fritter away your strength doing unnecessary exercises such as push-ups and pull-ups. A fat man gets all the exercise he needs bending down and tieing his shoelaces each morning.

One of the profound joys of living is eating. The fat man wants what he eats and eats what he wants. Restaurant owners see that he gets the best table and the best service, because he is a good ad for their place. A restaurant patronized only by thin people soon goes out of business.

But the simplest and greatest blessing of blubber lies in its ability to create lasting friendships. The reason everybody loves a fat man is that everyone feels superior to him; if you give a fellow a reason to feel superior to you he can't help liking you.

Inside every thin man is a fat man trying to be big about it all.

What's Viet Nam Like?

★ ★ ★ ★ ★ ★ ★ ★ ★

Some Of Country Described Unbelievably Beautiful

SAIGON, South Viet Nam (AP)—What's it like, this land where nearly 130,000 American military men now find themselves?

Some of it is unbelievably lovely.

The mountains in the west, sweeping toward the border of Laos, rise to 7,000 feet and are as dark green and deeply forested as the Canadian Rockies in summer.

The coastal plains on the east, all the way from the 17th Parallel at the border of North Viet Nam, south almost to Saigon, run down to jewel-like bays as beautiful as any in the Caribbean. These abound in broad, empty beaches that would tempt the imagination of a master builder.

In between, almost at the dead center of Viet Nam, lies elephant country, wide expanses of flat plains tufted with tall grass. Just to the north of that is tiger country, deep jungles where in the days before there was a war hunters used to come to hang on their belts the most prized of all trophies: a tiger paw.

South is the Mekong River delta. Broad muddy rivers running down to the South China Sea in countless rivulets and irrigating a land lush enough in peacetime to feed much of Southeast Asia. The delta occupies one fourth of Viet Nam's land area and is home to two-thirds of its population.

Here indeed is the inscrutable East of the tourist posters. Flooded rice paddies mirror the merciless noonday sun. Teeming grass-hut villages sit on the banks of swift-running estuaries. Thunderheads pile up the afternoon monsoon in a vast brooding sky. Water buffaloes pull ancient plows. Sampans and junks in an endless proliferation swim the muddy canals. Dense mangrove swamps swarm with lizards and snakes. Women in coolie hats carry enormous loads at each end of a shoulder pole.

Then there is the other side to the delta never shown in the tourist brochures: sandbagged outposts silhouetted in the glare of flares slowly parachuting to earth in a night attack, schools and churches ringed with concertinas of barbed wire, the bodies of the dead wrapped up in rubber ponchos and stacked along a bridge after a Viet Cong raid.

South Viet Nam is roughly shaped like a sea serpent and almost the size of the State of Washington or Missouri in land mass. It is a country of painful contrasts and glaring contradictions.

Since the Viet Cong began blowing up the bridges and ambushing the convoys, many of the roads don't go any place. The railroad that used to go from Saigon in the south to Hue in the north ends in a tangle of ripped-up track a few miles outside each city.

Still, no matter how unfriendly the terrain as far as Viet Cong infiltrators go, rickety tourist buses traverse what's left of the dusty roads, jammed beyond belief with passengers, loaded with all sorts of bags, boxes and trunks, including bicycles strapped to the roof.

And always, as the bus rumbles along, someone is climbing out the window onto the roof to get at a piece of luggage.

The residents of Saigon, still a gay city despite the war, love to go for a drive on Sunday.

Today the road only goes to Bien Hoa, 14 miles to the east. That doesn't stop the Sunday drivers. All of Saigon, it seems, drives back and forth along the road to Bien Hoa every Sunday, creating a massive traffic jam that includes 20 police squad cars the U.S. government gave the Vietnamese police to catch speeders in the days when there was any place to speed to.

An agronomist looking at a map of Viet Nam would have quite a different view of the country than the Sunday driver or the big-game hunter — or, for that matter, the military tactician.

He could follow the rice paddies of the delta north beyond Saigon to well-ordered rubber and coffee plantations, and going steadily north continue in crop progression to the vegetable and truck farms around Dalat, the tea plantations of the middle plateau between the mountains and the coastal plains, and finally the barren, deforested hills of the north around Da Nang and Hue.

The view that most Americans get must necessarily be the military view of the countryside. Any infantryman who managed to fight in all four corps areas would find himself more often in rice paddies than in dense jungles. He would probably never get to see a tiger or an elephant, only rarely a cobra or a python, but would have a rather wide acquaintance with leeches, mosquitos, cockroaches and rats. He would probably conclude that Viet Nam is not nearly so hot as he thought it was going to be, thanks to breezes, and not nearly so wet as he thought it was going to be, even in the monsoon season.

How Can I?

ANNE ASHLEY

Q. — How can I make a good job of removing the old finish from furniture prior to refinishing it?

A. — Use paint or varnish remover, obtainable at any paint or hardware store. If a tinge of the old paint remains, mix two tablespoons of oxalic acid with a quart of water, douse this mixture on the furniture with a brush, and let stay fifteen minutes before rinsing with plain water. This will bleach the wood to its natural color. Warning: Protect your hands with rubber gloves, and avoid splashing yourself!

Q. — How can I clean copper and brass?

A. — Whip up a paste of equal parts of salt and flour, with vinegar as its combining agent, then rub on the metal, let dry, and remove with hot soapy water. If your metal is in particularly bad shape, apply the paste more generously, and allow to remain for several hours before washing it off.

Locher Wins Nomination

CLEVELAND (AP) — Mayor Ralph S. Locher, over the Democratic primary hurdle, now faces two independent Democrats and a strong Republican challenger in the Nov. 2 election.

Locher, seeking his third term, captured 53.6 per cent of the Democratic primary vote Tuesday to beat Cuyahoga County Recorder Mark McElroy, who made his third unsuccessful try for the job.

Final unofficial returns, with all 1,182 voting places reported were Locher 50,645, McElroy 43,791.

Locher's Democratic rivals in November will be state Rep. Carl B. Stokes, only Negro Democrat ever elected to the Ohio House of Representatives, and Ralph A. McAllister, a member of the Cleveland Board of Education.

The fourth candidate is County Auditor Ralph J. Perk, the only Republican who holds a county office in Cuyahoga County.

The voter turnout was light Tuesday, as predicted. Locher piled up an early 2-to-1 lead from West Side areas and East Side nationality wards, then watched it dwindle as Negro precincts went mostly for McElroy.

Some Negro sections of the East Side voted 10-to-1 against Locher.

McElroy, in a statement, said "Many voters feel people in politics are dishonest. It would be intellectually dishonest of me—after my severe criticism of the Locher administration—to say, now, that it deserves my support."

Cold, Rain Hit Sections Of U.S.

By The Associated Press

While tropical storm Debbie appeared to lose power off the Florida Panhandle today, unseasonably cold weather and rain swept through the Midwest, North and West.

Rain spread from Alabama and Florida to Maryland and Delaware.

Heavy rains struck Alabama and northern Florida and into the Carolinas.

Thundershowers fell from the central Plains to the middle Mississippi Valley.

Debbie appeared headed for Pensacola, Fla., but had remained stationary for several hours.

Squalls packing winds at 35 to 40 miles per hour blasted the coast from the mouth of the Mississippi to Apalachicola, Fla. Rising tides were expected to reach three to six feet in the area.

Social Security Manager Warns Of A Swindle Plan

Walter I. Kimbro, Social Security district manager with offices here, today cautioned tri-state area residents about a new type of confidence man who has appeared in some sections of the country since passage of the new "medicare" provisions of the social security program.

These men, he said, often represent themselves as employes of the Social Security Administration and claim they are authorized to sell and receive payment for health insurance in advance, at a discount.

—:—

PARTICULARLY for the person 65 or older, the first line of defense against these swindlers is accurate information about both kinds of health insurance protection available under the program — hospital insurance and medical insurance. The most accurate source of such information is the Social Security Office here, Kimbro stressed. The telephone number is 385-9223.

Medicare information kits now are being mailed to social security and railroad retirement beneficiaries. Each kit contains a booklet that tells the beneficiary what health services he or she gets under the basic hospital insurance plan and what additional supplementary protection is available under the voluntary medical insurance program.

An equally important line of defense against such swindlers, Kimbro continued, is the use of caution. "Should a stranger implying that he works for social security call on you, always ask for his identification. If he asks for a fee to obtain a medicare discount or an increase in your monthly cash benefits, he's not a social security representative. Bonafide social security representatives never resent your asking for identification. Nor do they charge or accept fees for trying to help you. And no fees for medical insurance will be collected before July 1966.

—:—

"PEOPLE OVER 65 who are eligible for social security benefits but who haven't applied for them because they are still working should get in touch with the nearest social security district office to apply as soon as possible. Even if they can't collect right now because their current earnings from employment are too high for them to qualify for benefits, they will be eligible for hospital insurance when it starts next July.

"People over 65 who never have worked under social security — or who have not worked long enough to qualify for social security benefits — will need to apply for both hospital insurance and the voluntary medical insurance. However, those who are receiving old-age assistance under a public welfare program will get information on how to sign up from their welfare agencies.

"People who will be 65 before the end of this year have until March 31, 1966, to apply for the voluntary medical insurance, which requires payment of a $3 monthly premium beginning July 1. This amount is matched by a monthly premium paid by the government.

"Hospital insurance and medical insurance protection under social security do not begin until the first of July 1966. Those 65 and older should not cancel, prior to this date, any hospital insurance or medical insurance they may have."

U.S. Author Claimed In Soviet Hospital

MOSCOW (AP) — American author Philip Stevenson died today at a hospital in Alma Ata, in Soviet southeast Asia.

Stevenson, 68, lived at Venice, Calif. He wrote under the name of Lauris Lawrence.

The author was taken ill while on a tour of the Soviet Union. The First City Hospital at Alma Ata, where he was treated, said death followed intestinal bleeding but the exact cause remains to be determined by an autopsy.

The U.S. Embassy in Moscow sent its doctor, Capt. James W. Bizzell, to see Stevenson after his illness was reported. An embassy spokesman said the Alma Ata hospital appeared to have provided the best possible treatment.

What's Viet Nam Like?

★ ★ ★ ★ ★ ★ ★ ★ ★

Some Of Country Described Unbelievably Beautiful

SAIGON, South Viet Nam (AP)—What's it like, this land where nearly 130,000 American military men now find themselves?

Some of it is unbelievably lovely.

The mountains in the west, sweeping toward the border of Laos, rise to 7,000 feet and are as dark green and deeply forested as the Canadian Rockies in summer.

The coastal plains on the east, all the way from the 17th Parallel at the border of North Viet Nam, south almost to Saigon, run down to jewel-like bays as beautiful as any in the Caribbean. These abound in broad, empty beaches that would tempt the imagination of a master builder.

In between, almost at the dead center of Viet Nam, lies elephant country, wide expanses of flat plains tufted with tall grass. Just to the north of that is tiger country, deep jungles where in the days before there was a war hunters used to come to hang on their belts the most prized of all trophies: a tiger paw.

South is the Mekong River delta. Broad muddy rivers running down to the South China Sea in countless rivulets and irrigating a land lush enough in peacetime to feed much of Southeast Asia. The delta occupies one fourth of Viet Nam's land area and is home to two-thirds of its population.

Here indeed is the inscrutable East of the tourist posters. Flooded rice paddies mirror the merciless noonday sun. Teeming grass-hut villages sit on the banks of swift-running estuaries. Thunderheads pile up the afternoon monsoon in a vast brooding sky. Water buffaloes pull ancient plows. Sampans and junks in an endless proliferation swim the muddy canals. Dense mangrove swamps swarm with lizards and snakes. Women in coolie hats carry enormous loads at each end of a shoulder pole.

Then there is the other side to the delta never shown in the tourist brochures: sandbagged outposts silhouetted in the glare of flares slowly parachuting to earth in a night attack, schools and churches ringed with concertinas of barbed wire, the bodies of the dead wrapped up in rubber ponchos and stacked along a bridge after a Viet Cong raid.

South Viet Nam is roughly shaped like a sea serpent and almost the size of the State of Washington or Missouri in land mass. It is a country of painful contrasts and glaring contradictions.

Since the Viet Cong began blowing up the bridges and ambushing the convoys, many of the roads don't go any place. The railroad that used to go from Saigon in the south to Hue in the north ends in a tangle of ripped-up track a few miles outside each city.

Still, no matter how unfriendly the terrain as far as Viet Cong infiltrators go, rickety tourist buses traverse what's left of the dusty roads, jammed beyond belief with passengers, loaded with all sorts of bags, boxes and trunks, including bicycles strapped to the roof.

And always, as the bus rumbles along, someone is climbing out the window onto the roof to get at a piece of luggage.

The residents of Saigon, still a gay city despite the war, love to go for a drive on Sunday.

Today the road only goes to Bien Hoa, 14 miles to the east. That doesn't stop the Sunday drivers. All of Saigon, it seems, drives back and forth along the road to Bien Hoa every Sunday, creating a massive traffic jam that includes 20 police squad cars the U.S. government gave the Vietnamese police to catch speeders in the days when there was any place to speed to.

An agronomist looking at a map of Viet Nam would have quite a different view of the country than the Sunday driver or the big-game hunter — or, for that matter, the military tactician.

He could follow the rice paddies of the delta north beyond Saigon to well-ordered rubber and coffee plantations, and going steadily north continue in crop progression to the vegetable and truck farms around Dalat, the tea plantations of the middle plateau between the mountains and the coastal plains, and finally the barren, deforested hills of the north around Da Nang and Hue.

The view that most Americans get must necessarily be the military view of the countryside. Any infantryman who managed to fight in all four corps areas would find himself more often in rice paddies than in dense jungles. He would probably never get to see a tiger or an elephant, only rarely a cobra or a python, but would have a rather wide acquaintance with leeches, mosquitos, cockroaches and rats. He would probably conclude that Viet Nam is not nearly so hot as he thought it was going to be, thanks to breezes, and not nearly so wet as he thought it was going to be, even in the monsoon season.

How Can I?

ANNE ASHLEY

Q. — How can I make a good job of removing the old finish from furniture prior to refinishing it?

A. — Use paint or varnish remover, obtainable at any paint or hardware store. If a tinge of the old paint remains, mix two tablespoons of oxalic acid with a quart of water, douse this mixture on the furniture with a brush, and let stay fifteen minutes before rinsing with plain water. This will bleach the wood to its natural color. Warning: Protect your hands with rubber gloves, and avoid splashing yourself!

Q. — How can I clean copper and brass?

A. — Whip up a paste of equal parts of salt and flour, with vinegar as its combining agent, then rub on the metal, let dry, and remove with hot soapy water. If your metal is in particularly bad shape, apply the paste more generously, and allow to remain for several hours before washing it off.

Locher Wins Nomination

CLEVELAND (AP) — Mayor Ralph S. Locher, over the Democratic primary hurdle, now faces two independent Democrats and a strong Republican challenger in the Nov. 2 election.

Locher, seeking his third term, captured 53.6 per cent of the Democratic primary vote Tuesday to beat Cuyahoga County Recorder Mark McElroy, who made his third unsuccessful try for the job.

Final unofficial returns, with all 1,182 voting places reported were Locher 50,645, McElroy 43,791.

Locher's Democratic rivals in November will be state Rep. Carl B. Stokes, only Negro Democrat ever elected to the Ohio House of Representatives, and Ralph A. McAllister, a member of the Cleveland Board of Education.

The fourth candidate is County Auditor Ralph J. Perk, the only Republican who holds a county office in Cuyahoga County.

The voter turnout was light Tuesday, as predicted. Locher piled up an early 2-to-1 lead from West Side areas and East Side nationality wards, then watched it dwindle as Negro precincts went mostly for McElroy.

Some Negro sections of the East Side voted 10-to-1 against Locher.

McElroy, in a statement, said "Many voters feel people in politics are dishonest. It would be intellectually dishonest of me—after my severe criticism of the Locher administration—to say, now, that it deserves my support."

Cold, Rain Hit Sections Of U.S.

By The Associated Press

While tropical storm Debbie appeared to lose power off the Florida Panhandle today, unseasonably cold weather and rain swept through the Midwest, North and West.

Rain spread from Alabama and Florida to Maryland and Delaware.

Heavy rains struck Alabama and northern Florida and into the Carolinas.

Thundershowers fell from the central Plains to the middle Mississippi Valley.

Debbie appeared headed for Pensacola, Fla., but had remained stationary for several hours.

Squalls packing winds at 35 to 40 miles per hour blasted the coast from the mouth of the Mississippi to Apalachicola, Fla. Rising tides were expected to reach three to six feet in the area.

U.S. Author Claimed In Soviet Hospital

MOSCOW (AP) — American author Philip Stevenson died today at a hospital in Alma Ata, in Soviet southeast Asia.

Stevenson, 68, lived at Venice, Calif. He wrote under the name of Lauris Lawrence.

The author was taken ill while on a tour of the Soviet Union. The First City Hospital at Alma Ata, where he was treated, said death followed intestinal bleeding but the exact cause remains to be determined by an autopsy.

The U.S. Embassy in Moscow sent its doctor, Capt. James W. Bizzell, to see Stevenson after his illness was reported. An embassy spokesman said the Alma Ata hospital appeared to have provided the best possible treatment.

Social Security Manager Warns Of A Swindle Plan

Walter I. Kimbro, Social Security district manager with offices here, today cautioned tri-state area residents about a new type of confidence man who has appeared in some sections of the country since passage of the new "medicare" provisions of the social security program.

These men, he said, often represent themselves as employes of the Social Security Administration and claim they are authorized to sell and receive payment for health insurance in advance, at a discount.

—:—

PARTICULARLY for the person 65 or older, the first line of defense against these swindlers is accurate information about both kinds of health insurance protection available under the program — hospital insurance and medical insurance. The most accurate source of such information is the Social Security Office here, Kimbro stressed. The telephone number is 385-9223.

Medicare information kits now are being mailed to social security and railroad retirement beneficiaries. Each kit contains a booklet that tells the beneficiary what health services he or she gets under the basic hospital insurance plan and what additional supplementary protection is available under the voluntary medical insurance program.

An equally important line of defense against such swindlers, Kimbro continued, is the use of caution. "Should a stranger implying that he works for social security call on you, always ask for his identification. If he asks for a fee to obtain a medicare discount or an increase in your monthly cash benefits, he's not a social security representative. Bonafide social security representatives never resent your asking for identification. Nor do they charge or accept fees for trying to help you. And no fees for medical insurance will be collected before July 1966.

—:—

"PEOPLE OVER 65 who are eligible for social security benefits but who haven't applied for them because they are still working should get in touch with the nearest social security district office to apply as soon as possible. Even if they can't collect right now because their current earnings from employment are too high for them to qualify for benefits, they will be eligible for hospital insurance when it starts next July.

"People over 65 who never have worked under social security — or who have not worked long enough to qualify for social security benefits — will need to apply for both hospital insurance and the voluntary medical insurance. However, those who are receiving old-age assistance under a public welfare program will get information on how to sign up from their welfare agencies.

"People who will be 65 before the end of this year have until March 31, 1966, to apply for the voluntary medical insurance, which requires payment of a $3 monthly premium beginning July 1. This amount is matched by a monthly premium paid by the government.

"Hospital insurance and medical insurance protection under social security do not begin until the first of July 1966. Those 65 and older should not cancel, prior to this date, any hospital insurance or medical insurance they may have."

Today In History

By The Associated Press

Today is Wednesday, Sept. 29, the 272nd day of 1965. There are 93 days left in the year.

Today's highlight in history:

On this date in 1918, Germany's Hindenburg line was broken by the Allies.

On this date

In 1066, William the Conqueror landed in England.

In 1789, Congress established a regular army of 886 men.

In 1902, the French novelist Emile Zola died of accidental suffocation.

In 1911, Italy declared war on Turkey.

In 1938, the Munich pact was signed by Hitler, Mussolini, Neville Chamberlain of England and Edward Daladier of France.

Ten years ago — The United Nations General Assembly decided to investigate conditions in Algeria over France's protest that this was an internal matter.

Five years ago—In campaign speeches, former President Eisenhower praised Richard Nixon as having the broadest preparation for the presidency of any man he knows — and John Kennedy attacked Nixon's experience in foreign policy.

One years ago — Secretary of State Dean Rusk said that Communist China would soon set off its first nuclear explosion.

The Yosemite Falls in California, 2,425 feet, are the highest waterfalls in the U.S.

Junior Editors Quiz on OCEAN WAVES

QUESTION: What makes the waves break so high on an ocean beach?

★ ★ ★

ANSWER: Waves are formed by the wind pushing up the water surface (upper left). Notice the round white spot. It is a free floating barrel or buoy. To the right, the crest of the wave has moved on, but the buoy, although at the lower trough of the wave, has not moved on with it. This shows that it is not the water which moves forward with the wave, it is the push or momentum. When the wave moves up to a shelving beach, however, the case is different (lower left). Instead of being waves of oscillation, where the water moves up and down, or in a small circle, these become translation waves, where the water actually moves ahead. But the friction of the shelving bottom slows the water layers nearest it (lower left). The upper layers of water, however, peak up and become so high that they topple over with a roar, creating masses of sudsy white foam, as shown by the main picture. Here a young man comes racing in, riding his surfboard. This is a thrilling sport which is becoming more and more popular. A surfer lies down on his board and paddles it out beyond the wave line, then stands up and comes riding in.

★ ★ ★

FOR YOU TO DO: You don't have to go to the ocean to see waves forming and breaking. Watch for a time when the wind is blowing and study small waves as they form on a pond or lake.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: A lovely family moved next door to us last March. Their youngest is a girl whom I will call Jody. She is 12 years old, but has the mentality of a 5-year-old.

Our 8-year-old daughter (I will call her Margaret) gets along fairly well with Jody. She understands that her friend is mentally retarded and makes allowances for her.

Yesterday Margaret came home in tears. Jody got mad because she couldn't get her doll's clothes on right. She tore the doll apart and bit Margaret on the arm. The skin was not broken but the teeth marks were there.

Jody has had temper tantrums before but she never actually has hurt our daughter. My husband is very upset. Jody's mother is sick at heart over it. She says it is important that Jody play with normal children and she has begged us not to keep our child away.

Will you please give us some advice? We cannot be objective. —PERPLEXED.

-:-

Dear Perplexed: Retarded children present a heartbreaking problem to parents. Those who have normal children should try to understand and help as best they can.

Tell Jody's mother you will cooperate if she will do her part. This means she must promise to supervise the two little girls every moment they are together and separate them at the first sign of trouble.

Brother's Loser

Dear Ann: Please, please help me think of just the right words to tell a perfectly wonderful woman that she is wearing her dresses about four inches too short.

Etta (who is my husband's sister) is 51 years old. Etta used to wear a size 14 but she has put on about 20 pounds in the last 10 years. She doesn't realize that dresses hike up when they fit snug — especially organdy.

The other evening she bent over to shake hands with someone seated on the sofa and everyone could see her garters hooked into the tops of her stockings.

This woman is really a fine person and I'm sure if she knew how unattractive she looks in short skirts she'd lower her hemlines. Please help me to help her.—DEE-GEE.

-:-

Dear Dee: Since Etta is your husband's sister he ought to give her the word. If he witnessed the sofa performance it would be a perfect point from which to launch the suggestion.

Bored Loser

Dear Ann: I'm a girl 15 who is going with a very nice boy. I will call him Alfred. When he met my best friend, Sally, he seemed to take to her right away. The next thing I knew Alfred was asking me to get Sally and her boy friend to double date with us.

Last night was the third time the four of us have gone to the movies together and it was the same old story. He makes sure I walk down the aisle first. Then he follows me and makes sure Sally is next so that he can sit between both of us. Sally's date is on the other end of the foursome.

During the tender scenes in the movies Alfred always has something to say to Sally. He talks to me during the cartoons. I don't mind telling you this makes me plenty mad. Should I pretend not to notice or have it out with him?—EDGED OUT.

Dear Edged: Since Alfred seems interested in Sally, tell him you want to knock off the going steady so he can date her. This is obviously what he wants to do so be gracious about it, Lamb Chop. He's as good as gone.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self - addressed envelope.

Zanesville Girl, 15, Killed In Auto Crash

ZANESVILLE, Ohio (AP) — Deborah Madden, 15, of Zanesville was killed Tuesday when the car in which she and four other teen-agers were riding crashed along a rural road west of here.

Deborah's sister, Diane, 17, who was driving, and the other youngsters escaped serious injury.

Trio Arrested Monday Have Been Released

XENIA, OHIO (AP) — Three men arrested by Greene County authorities Monday night after they were seen jumping from a freight train were released Tuesday.

The sheriff's department said the men were released after it was learned they were not wanted and the Pennsylvania Railroad decided against bringing trespass charges against them.

Ohio Deserter Nabbed

CHICAGO (AP)—Eugene Hennis, 19, of Van Wert, Ohio, was arrested by FBI agents Tuesday on a charge of deserting the Navy July 2 from the Great Lakes Naval Training Center. He was turned over to military police.

College Grid Crowds Ahead Of Last Season

NEW YORK (AP) — College football attendance this season continues to run ahead of the record pace set last year.

Last week's top 10 games in attendance drew 593,963 fans—an increase of 59,309 over the previuos week. It brought the two-week total to 1,128,617.

Official attendance figures released today by the National Collegiate Athletic Bureau showed that the biggest college crowd in the country last Saturday was the 81,417 for California's game at Michigan.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: A lovely family moved next door to us last March. Their youngest is a girl whom I will call Jody. She is 12 years old, but has the mentality of a 5-year-old.

Our 8-year-old daughter (I will call her Margaret) gets along fairly well with Jody. She understands that her friend is mentally retarded and makes allowances for her.

Yesterday Margaret came home in tears. Jody got mad because she couldn't get her doll's clothes on right. She tore the doll apart and bit Margaret on the arm. The skin was not broken but the teeth marks were there.

Jody has had temper tantrums before but she never actually has hurt our daughter. My husband is very upset. Jody's mother is sick at heart over it. She says it is important that Jody play with normal children and she has begged us not to keep our child away.

Will you please give us some advice? We cannot be objective. —PERPLEXED.

Dear Perplexed: Retarded children present a heartbreaking problem to parents. Those who have normal children should try to understand and help as best they can.

Tell Jody's mother you will cooperate if she will do her part. This means she must promise to supervise the two little girls every moment they are together and separate them at the first sign of trouble.

Brother's Loser

Dear Ann: Please, please help me think of just the right words to tell a perfectly wonderful woman that she is wearing her dresses about four inches too short.

Etta (who is my husband's sister) is 51 years old. Etta used to wear a size 14 but she has put on about 20 pounds in the last 10 years. She doesn't realize that dresses hike up when they fit snug — especially organdy.

The other evening she bent over to shake hands with someone seated on the sofa and everyone could see her garters hooked into the tops of her stockings.

This woman is really a fine person and I'm sure if she knew how unattractive she looks in short skirts she'd lower her hemlines. Please help me to help her.—DEE-GEE.

Dear Dee: Since Etta is your husband's sister he ought to give her the word. If he witnessed the sofa performance it would be a perfect point from which to launch the suggestion.

Bored Loser

Dear Ann: I'm a girl 15 who is going with a very nice boy. I will call him Alfred. When he met my best friend, Sally, he seemed to take to her right away. The next thing I knew Alfred was asking me to get Sally and her boy friend to double date with us.

Last night was the third time the four of us have gone to the movies together and it was the same old story. He makes sure I walk down the aisle first. Then he follows me and makes sure Sally is next so that he can sit between both of us. Sally's date is on the other end of the foursome.

During the tender scenes in the movies Alfred always has something to say to Sally. He talks to me during the cartoons. I don't mind telling you this makes me plenty mad. Should I pretend not to notice or have it out with him?—EDGED OUT.

Dear Edged: Since Alfred seems interested in Sally, tell him you want to knock off the going steady so he can date her. This is obviously what he wants to do so be gracious about it, Lamb Chop. He's as good as gone.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self - addressed envelope.

Zanesville Girl, 15, Killed In Auto Crash

ZANESVILLE, Ohio (AP) — Deborah Madden, 15, of Zanesville was killed Tuesday when the car in which she and four other teen-agers were riding crashed along a rural road west of here.

Deborah's sister, Diane, 17, who was driving, and the other youngsters escaped serious injury.

Trio Arrested Monday Have Been Released

XENIA, OHIO (AP) — Three men arrested by Greene County authorities Monday night after they were seen jumping from a freight train were released Tuesday.

The sheriff's department said the men were released after it was learned they were not wanted and the Pennsylvania Railroad decided against bringing trespass charges against them.

Ohio Deserter Nabbed

CHICAGO (AP)—Eugene Hennis, 19, of Van Wert, Ohio, was arrested by FBI agents Tuesday on a charge of deserting the Navy July 2 from the Great Lakes Naval Training Center. He was turned over to military police.

College Grid Crowds Ahead Of Last Season

NEW YORK (AP) — College football attendance this season continues to run ahead of the record pace set last year.

Last week's top 10 games in attendance drew 593,963 fans—an increase of 59,309 over the previuos week. It brought the two-week total to 1,128,617.

Official attendance figures released today by the National Collegiate Athletic Bureau showed that the biggest college crowd in the country last Saturday was the 81,417 for California's game at Michigan.
